15 | IS
Bold styling, highly rigid chassis with sport-tuned suspension, driver-selectable performance driving modes and six-speed automatic transmission (IS 350 AWD and IS 250 RWD/AWD) or eight-speed Sport Direct-Shift transmission (IS 350 RWD).

Exclusive F SPORT styling including mesh grille, interior trim and aggressive front fascia, front sport seats with enhanced bolsters, LFA-inspired instrument cluster, and IS 350–exclusive Sport S+ driving mode with Adaptive Variable Suspension. Available in RWD or AWD.
INTRODUCING THE 2015 LEXUS IS
The development of the IS and IS F SPORT was a departure in itself. Both were tested and tuned on the world’s most iconic tracks, including the Fuji Speedway. The result: a highly responsive steering system that creates an unprecedented visceral connection between driver and pavement.
This is invigoration on demand. The eight-speed automatic transmission in the rear-wheel drive IS 350 and IS 350 F SPORT delivers seamless, lightning-fast gear changes. And, when using paddle shifters, features downshift throttle blipping for more precise shifting and quicker response.
Sporting a long, wide stance accentuated by flared wheel arches, sculpted lines and dramatic sweeping taillamps, the IS leaves more than an impression. With arresting details like inset LED daytime running lamps and a full-face mesh grille on the IS F SPORT, it refuses to go unnoticed.
A suspension that adjusts damping with your impulses and an available steering system that helps tailor its agility to your speed: just two exhilarating ways the IS 350 F SPORT connects you to the road.
EIGHT MORE WAYS TO LEAVE AN IMPRESSION.

LEXUS ENFORM REMOTE™

With the new available Lexus Enform Remote® mobile app, you can remotely start the engine, lock and unlock doors, check the status of doors and windows as well as your fuel level, and easily find your vehicle’s location in a crowded parking lot. And, should you loan your IS to another lucky driver, you can receive instant alerts if, for example, a preset speed or mile limit is exceeded. Lexus Enform Remote® is complimentary for the first year of ownership. Learn more at lexus.com/enform.

DRIVING ENGAGEMENT

This is performance engineering for all the senses. Where a turn of the Drive Mode Select switch alters the powertrain for breathtaking gear changes and more dynamic throttle mapping. And, when pushed above 4,500 RPM, the IS 350 and IS F SPORT models are filled with a thrilling engine note that complements the exhilarating performance of the vehicles themselves.

ADAPTIVE VARIABLE SUSPENSION (AVS)

Featured exclusively on the IS 350 F SPORT, AVS monitors and adjusts the shock settings at each wheel, depending on the conditions. On rough roads, for example, damping is adjusted for a more comfortable ride. And, while cornering, the suspension is tightened for reduced body lean and even greater response.

BOLSTERED F SPORT SEATS

The product of countless hours of research and development, exclusive heated and ventilated F SPORT front seats hug you from hip to shoulder with enhanced bolsters and an innovative design that helps keep you firmly planted in high-G turns. Their low position helps place the driver’s hip point as close as possible to the center of gravity for a more-dynamic driving experience without sacrificing comfort.

ADVANCED SURROUND SOUND

It’s only fitting that a vehicle this cutting-edge has audio technology to match. From the eight-speaker Premium Audio System’s ability to pause and rewind HD Radio® to the 360-degree, three-dimensional sound of the available 835-watt, 15-speaker Mark Levinson® Premium Surround Sound Audio System, the IS raises the audio bar as easily as it raises your heart rate.

ADVANCED CONNECTIVITY

New Siri® Eyes Free® connects with your compatible iPhone® enabling you to access e-mail, send text messages and more. In addition, to help you make the most of your travel, an industry-first subscription-free traffic and weather service® offers real-time updates of changing conditions via HD Radio®. Learn more at lexus.com/enform.

EIGHT-SPEED SPORT DIRECT-SHIFT

Featuring the same quick-shifting eight-speed automatic transmission with paddle shifters found in the RC F high-performance coupe, the rear-wheel drive IS 350 and IS 350 F SPORT are the first Lexus vehicles to vary shifting with G-forces. By detecting when the IS enters a curve, a lower gear is held throughout for optimal response when accelerating out of the turn.

LFA-INSPIRED GAUGES

Nearly identical to the digital tachometer in the world-renowned LFA supercar, the instrument cluster in the IS F SPORT models features a sliding Thin Film Transistor (TFT) display. After sliding into position, digital screens expand and retract when information is accessed.

ADVANCED CONNECTIVITY IRX-124

Enform Remote™

New Siri® Eyes Free® connects with your compatible iPhone® enabling you to access e-mail, send text messages and more. SERVICES AS INNOVATIVE AS THE CAR ITSELF.

THE LEXUS DELIVERY AND TECHNOLOGY SPECIALISTS. To assist you in getting the most out of your IS, the Lexus Delivery Specialist will conduct a personalized delivery focused on every feature, setting and function you desire. To answer questions that arise after delivery, the Lexus Technology Specialist can offer expert guidance in person or without you ever leaving the driveway, via camera-enabled iPad® apps like FaceTime.929 Learn more about our Lexus Delivery and Technology Specialist services at lexus.com/specialists.

WARRANTY
Four-year/50,000-mile Lexus Limited Warranty. Six-year/70,000-mile Powertrain Warranty. Six-year/unlimited-mileage Corrosion Perforation Warranty. All warranties with zero deductible. See the IS Warranty and Services Guide at your Lexus dealer for details. DISCLOSURES
1. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability & accuracy of the information provided by the Navigation System is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway. Updates may be available at an additional cost from your dealer. See Navigation System Owner’s Manual for details. 2. Mark Levinson® is a registered trademark of Harman International Industries, Inc. Use only if aware of circumstances surrounding the vehicle. Operate only when legal & safe to do so (e.g., car uncovered in open area, no people or pets nearby). See usage precautions & Owner’s Manual. Data charges may apply. Application and app download are required. Annual subscription fee required after 1-year trial. 4. Always drive safely, obey traffic laws & focus on the road while driving. Siri® is available on iPhone® 4S, iPhone® 4, iPad® 2, with Retina® display, iPad® mini, & iPad® touch, 5th gen. & requires Internet access. Siri® is not available in all languages or all areas & features vary by area. Data charges may apply. See Apple.com & phone carrier for details. 5. iPhone® and iPad® are registered trademarks of Apple Inc. All rights reserved. 6. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. HD Radio® Technology manufactured under license from (Biquity Digital) Corporation U.S. and Foreign Patents. HD Radio™ and the HD Radio, and “Arc” logos are proprietary trademarks of iBiquity Digital Corp. 7. German Association of the Automotive Industry (VDA) unit of measurement. 8. The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you are unsure if one of these medical devices, please talk to your doctor to see if you should deactivate this system. 9. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a SmartAccess fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key or SmartAccess fob matches the code in the vehicle’s immobilizer. Because the transponder chip is embedded in the key or SmartAccess fob, it can be costly to replace. If you lose a key or SmartAccess fob, your Lexus dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.aliso.org. 10. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. A compatible Bluetooth-enabled phone must first be paired. Phone performance depends on software, coverage & carrier. 11. Bluetooth® audio devices must be enabled with A2DP and AVRCP. 12. All the airbag (AB) systems are Supplemental Restraint Systems. All ABs are designed to inflate only under certain conditions and in certain types of severe collisions. Frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rear-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. See Owner’s Manual for further information/warnings. 13. Contact with the response center may not be available in all areas. Service Agreements required. A variety of subscription terms available; charges will vary. See lexus.com for details. 14. The Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. It is not a collision-avoidance system and is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, driver input and road conditions. See Owner’s Manual for further information. 15. Dynamic Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. See Owner’s Manual for details. 16. Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection, range and clarity of the monitor. For a complete list of limitations and directions regarding use of the monitor, see Owner’s Manual. Do not rely exclusively on the Rear Cross Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. To learn more, see Owner’s Manual. 18. Do not exclusively rely on the Intuitive Parking Assist system. Always look over your shoulder and use your mirrors to confirm clearance. System effectiveness depends on many factors. See Owner’s Manual for details. 19. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather may limit effectiveness and view may become cloudy. It is safe to obey traffic regulations and maintain awareness of road and traffic conditions. 21. PANDORA®, the PANDORA® logo, and the Pandora trade dress are trademarks or registered trademarks of Pandora Media, Inc., used with permission. 22. Intelligent high-beams system operates at speeds above 21 mph. Situations such as a dirty windshield, variable weather, lighting conditions and hilly terrain will limit effectiveness, requiring the driver to manually turn off. See Owner’s Manual for details. 23. Lane Departure Alert is designed to read lane markers under certain conditions and provide visual and audible alerts when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness depends on many factors. See Owner’s Manual for more information. 24. 17-, 18-, and 19-inch tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than 20,000 miles (17-inch) or 15,000 miles (18-inch or 19-inch), depending upon driving conditions. 25. Vehicle Dynamics Integrated Management (VDIM) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VDIM will be effective in preventing a loss of control. See Owner’s Manual for further details. 26. Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. 27. Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. 28. 2015 EPA-estimated ratings. Actual mileage will vary. 29. FaceTime™ is a registered trademark of Apple Inc. All rights reserved.

Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability and the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of printing, are subject to change without notice, and are for mainland U.S.A. vehicles only. Some vehicles shown with available equipment. See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (878-5398) or visit lexus.com. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
