NX TURBO
The 2017 NX Turbo features a 235-hp, 2.0-liter turbocharged direct-injection gasoline engine and iconic Lexus design, including an aggressive exterior with signature spindle grille, LED daytime running lights and optional 18-inch wheels. Front-wheel drive or available all-wheel drive.

NX TURBO F SPORT
Take turbocharged performance further with exclusive F SPORT features, including an F SPORT-tuned suspension, an exclusive mesh grille, black exterior mirrors, G-force and turbo-boost gauges, paddle shifters, 18-inch wheels and F SPORT seats with enhanced bolsters. Front-wheel drive or available all-wheel drive.

NX 300h
The 2017 NX 300h features Lexus Hybrid Drive with a 2.5-liter Atkinson-cycle engine and class-leading 35-MPG combined rating, concealed exhaust tips, active damping control for superior ride comfort and handling response, and available Premium Triple-Beam LED headlamps. All-wheel drive.
THE ART OF THE UNEXPECTED

There’s progressive design, and there’s design that’s pushed to the leading edge. From the technological innovations of the NX Turbo, to the dynamic design of the F SPORT, to the exceptional combined fuel economy rating of the NX Hybrid, the Lexus NX goes beyond everything you thought a crossover SUV could be.
MULTI-FACETED PERFORMANCE

Proving there’s more than one way to elicit a reaction, the 2017 NX offers multiple levels of performance. The 235-horsepower NX Turbo offers eye-opening acceleration, while the NX Hybrid boasts efficiency that’s as desirable as it is dynamic. And, for those who crave added adrenaline, the NX F SPORT invigorates the driver and commands the road with a sport-tuned suspension, a distinctive front fascia, and steering-wheel mounted paddle shifters that help you make the most of the turbocharged engine.
While some automakers outsource their turbochargers, Lexus engineers spent years researching, developing and refining the turbocharger in the NX Turbo. Making a name for itself with every cubic inch of its 2.0-liter engine, it relies on advanced twin-scroll technology and the ability to seamlessly move between conventional and Atkinson cycles, pairing quick acceleration with greater efficiency.

THE POWER OF TURBO
HIGH-PERFORMANCE HYBRID

Combining head-turning style with a highly efficient class-leading 31-MPG combined rating,1 the NX Hybrid pushes innovation to new heights. In addition to a more refined ride offered by its exclusive damping control system and standard AWD, it boasts LED headlamps and striking taillamps to ensure you’re noticed—coming or going.
There’s no need to sacrifice style or opportunity when you have the Lexus all-wheel drive system. With available AWD, the NX and NX F SPORT keep the door to opportunity wide open by monitoring vehicle and road conditions to predict your path. If wheelspin is detected, it can deliver up to 50% of available torque to the rear wheels. Standard on the NX Hybrid, the electronic AWD system features an additional electric motor to deliver instantaneous torque to the rear wheels, only when it’s needed.
DRIVEN BY DESIGN

Stunning from the most dramatic exterior line to the smallest interior detail, the NX makes a statement that can’t be ignored. Outside, you’ll find unique door-handle LEDS that offer a sophisticated invitation to the cabin. Inside, bolstered seating holds you tightly in place through every curve.

BREATHTAKING
Offering a more contemporary take on craftsmanship, the NX pairs distinctive stitching along the seating and sculpted dash with striking details, like brushed metallic accents. Balancing its modern style with refined luxury, amenities like a 10-way power driver’s seat and an available heated leather-trimmed steering wheel provide comfort as stirring as its design.
EVERY LINE, A STATEMENT.

Going beyond utility means looking at everything from a different angle—and being noticed from every angle. From the sweeping, multifaceted character lines to the signature spindle grille to the available outer sliding moonroof, angular yet aggressive styling dominates the NX. As captivating as it is cautious, the safety technology on the NX casts the vehicle in an elegant light. Providing a fresh perspective on the road ahead, the available Premium Triple-Beam LED headlamps are functional and evocative, and rear combination lights feature high-contrast design and ultra-crisp turn signals.
The NX offers a whole new way to experience the everyday. Passengers will enjoy the ample legroom of its stadium-like rear seats that offer available first-in-class power-folding and power-reclining functionality.

Up front, available heated and ventilated front seats have separate heaters and fans in the seat cushions for a more personalized level of comfort. Going even further beyond the expected, an available expansive moonroof with unique outer-sliding design provides an impressive feeling of spaciousness while allowing more interior headroom than conventional moonroofs.
ALL-PURPOSE. AWE-INSPIRING.

VIBRANT VERSATILITY

Whether you’re enjoying the convenience of its five-door access or strapping gear to the roof rails6 and available cross bars,6,7 the NX is the ideal companion for any urban adventure. A folding and reclining5 rear seat with 60/40 split helps you make the most of a highly versatile and spacious cargo area8 which includes a tonneau cover. And with the available power rear door, you’ll find your NX is always ready for whatever the future holds.
Available Lexus Enform® elevates connected technology into a new era of concierge-level convenience. From emergency assistance to a live destination specialist and more, our premium suite of connected technology offers peace of mind with every drive.

DESTINATIONS
Get directions and destinations delivered by a real person with 24-hour, en-route navigation assistance.9

SERVICE CONNECT
Keeping up with your vehicle’s health has never been easier. Get updates on everything from fuel level and mileage, to maintenance alerts and more via e-mail or the mobile app.4

REMOTE
The Lexus Enform Remote12 mobile app helps you lock and unlock doors, start the engine, resume climate settings, find your vehicle in a parking lot and monitor guest drivers.

APP SUITE
Search local listings, stream music, place restaurant reservations, buy movie tickets and more—all from the center console.8

Visit lexus.com/enform for more information on all Lexus Connected Technology, including Lexus Enform demos, pricing and availability, and more.
Immerse yourself in forward-thinking design. From the illuminated entry system to steering-wheel-mounted controls to Drive Mode Select, the NX boasts driver-inspired technology that’s as intuitive as it is indispensable. The available 10-speaker Lexus Premium Sound System offers exceptional sound and features HD Radio™ with iTunes® tagging. And at the heart of the cockpit is the full-color LCD multimedia display. Housed within the gauge cluster, the display allows you to quickly read performance data while offering multimedia linkage for incoming calls, current song titles, and more.
BLIND SPOT MONITOR

To help you change lanes with confidence, the available Blind Spot Monitor is designed to detect and warn you of vehicles approaching or positioned in the adjacent lanes. And for added peace of mind, Rear Cross-Traffic Alert can help you when backing out of a parking space by notifying you of vehicles approaching from either side.

PRE-COLLISION SYSTEM

The available Pre-Collision System (PCS) is engineered to detect vehicles in the path of your Lexus. Should it determine a frontal collision is imminent, it’s designed to automatically prepare Brake Assist for increased braking response, and is even able to automatically begin braking before impact.

TAME THE MORNING COMMUTE

ALL-SPEED DYNAMIC RADAR CRUISE CONTROL

Available All-Speed Dynamic Radar Cruise Control can help maintain a preset distance from the car traveling in front of you by automatically reducing the throttle and even applying the brakes. Once the road clears, the NX returns to its preset speed.

BACKUP CAMERA WITH GRIDLINES

The NX backup camera features dynamic gridlines so you can see your approximate path when turning the steering wheel. And available Intuitive Parking Assist utilizes sensors located on the bumpers to send visual and auditory warnings to indicate when and where the NX is in close proximity to other cars, making parking a breeze.
SUBSCRIPTION-FREE TRAFFIC AND WEATHER

To help you arrive sooner, Lexus provides an industry-first subscription-free Traffic and Weather service with standard HD Radio. This feature offers up-to-date information on road congestion and changing weather conditions on the main display.

REMOTE TOUCHPAD

Equal parts functionality and form, the available Remote Touchpad is more than a way to access multimedia, climate control and available navigation. Featuring ample touch surface area, pulsation feedback and intuitive operation via pinch, swipe and flick gestures just like your smartphone, the touchpad found in the NX offers innovation at your fingertips.

BLUETOOTH® AUDIO

In addition to easily transferring phone numbers to your vehicle, and placing and ending calls with the touch of a button, Bluetooth® audio technology offers the convenience of accessing and controlling your compatible device’s entire music library and even streaming audio from websites and apps—all while your device remains in your pocket or purse.

SIRI® EYES FREE

The innovative Siri Eyes Free connects with your compatible iPhone, enabling you to access e-mail, send text messages and more. The Siri feature can also search your portable music collection and use the results to create customized playlists.

Scout® GPS Link

An intelligent alternative to onboard navigation, Scout® GPS Link uses a smartphone app to offer turn-by-turn directions via the multimedia display. Separate from Lexus Enform® services and subscription-free, Scout® GPS Link provides drivers with real-time traffic info, personalized commute times, automatic traffic avoidance and more.

THE 2017 NX F SPORT

For those with a passion for more power and performance, the NX F SPORT delivers. Putting a bold stamp on the already cutting-edge design of the NX, the F SPORT adds a more responsive sport-tuned suspension, a dynamic front fascia with signature mesh grille, and a variety of performance upgrades. While you’re braced in the driver’s seat, exclusive G-force and turbo-boost gauges further intensify the thrilling driving experience.
Holding corners as easily as it holds your attention, the NX F SPORT features an exclusive suspension specially tuned for optimized performance. For added engagement, paddle shifters on the steering wheel help you make the most of its turbocharged engine. And, complementing the exhilarating performance of the vehicle itself, a throaty engine note adds even more excitement when pushing the NX F SPORT to its limit.
NX Turbo F SPORT shown with Rioja Red NuLuxe interior trim. // Options shown.

F SPORT INTERIOR

Pushing boundaries even further, the NX F SPORT offers an exclusive, race-inspired interior with deeply bolstered front sport seats, contrast stitching, and an F SPORT perforated leather–trimmed steering wheel and shift knob. It’s pure invigoration—for all the senses.
F SPORT EXTERIOR STYLING

Dynamic performance meets distinctive styling in the NX F SPORT. Distinguished from every angle, the commanding front fascia and exclusive mesh spindle grille announce every arrival as black exterior mirrors enhance the vehicle’s sleek, sporty presence. The 18-inch split-five-spoke alloy wheels accentuate a modern, aggressive stance, while F SPORT front-fender and rear door badges make the track-inspired distinction clear.
ACCESSORIES

A ALL-WEATHER FLOOR LINERS with CARGO TRAY
Tub-style perimeter design helps provide optimal protection and an ideal fit.

B ALL-WEATHER FLOOR MATS with CARGO TRAY
Durable channels help keep moisture, dirt and debris from marring the carpet.
