

RC F

—
LEXUS 2019

Unwavering performance standards.

Track-proven engineering.

Class-leading engine size!

Because crafting a performance vehicle
to exceed all expectations means nothing
if it doesn't lead to the experience
of something greater.

The 2019 Lexus RC F.

—
Experience Amazing

The 2019 RC F

RC F

467-horsepower² 5.0-liter V8; eight-speed Sport Direct-Shift transmission with Manual-mode torque converter lockup in gears two through eight; an available Torque Vectoring Differential with Slalom, Track and Standard modes; F-Adaptive Variable Suspension with adjustable damping; digital instrumentation with G-force display and lap-time counter; and speed-activated rear wing.

RC F shown in Nebula Gray Pearl // Options shown

Obsessively engineered for optimal aerodynamics, a low-set front fascia channels air through the vented hood, while signature F vented and flared fenders with front ducts channel airflow and help reduce brake fade.

Options shown

RC F shown in Ultrasonic Blue Mica 2.0³ // Options shown

Meticulously engineered from the ground up, the RC F boasts specialized manufacturing techniques like high-strength adhesive bonding, laser brazing, and multi-spot and laser screw welding, which add rigidity to help optimize handling stability and response.

RC F shown in Caviar // Options shown

The RC F was honed from the most dominating Lexus vehicles ever built, at tracks like Fuji Speedway and other iconic proving grounds. Through exhaustive testing and tuning, the RC F was painstakingly developed to provide an optimum balance of visceral power and control. Infused with the DNA of the RC F GT3⁴ racing program, the 2019 RC F delivers razor-sharp handling with white-knuckle acceleration.

TRACK BORN

From compulsive engineering that demands respect on the circuit comes impulsive performance for the road.

RC F shown in Ultrasonic Blue Mica 2.0³ // Options shown

POWERHOUSE OF PERFORMANCE

The largest V8 in its class.¹ And the only one that's naturally aspirated.¹

Forged from the asphalt up, the RC F's specially tuned 467-horsepower² 5.0-liter V8 is not only the largest engine in its class,¹ it's an unprecedented feat of precision engineering. Making this powerful V8 even more stirring, it emits a throaty, specially tuned intake and exhaust sound as it screams to its impressive 7,300-rpm redline. The RC F's lightning-fast eight-speed Sport Direct-Shift transmission with downshift rev-matching features optimally positioned paddle shifters for split-second upshifts all the way to its 168-mph top track speed.^{2,5}

4.4
0-60 mph (sec)^{2,5}

Engineering a deft performance vehicle to carve through slalom courses or dominate straightaways requires an optimal balance of innovative components, like lightweight titanium valves and high-strength, forged connecting rods. A brisk 4.4-second zero to 60^{2,5} is the result.

RC F shown in Infrared³ // Options shown

UNPRECEDENTED LEVELS OF AGILITY

*Grab hold of the pavement
with superior handling
and enhanced response.*

Engineered to conquer the road, 70% of the lightweight double-wishbone-type front and multilink rear suspension components were designed specifically for the RC F. Delivering performance on demand, an advanced F-Adaptive Variable Suspension features variable levels of damping that can react to road conditions in real time, stiffening for enhanced response, based on the mode selected. Drive Mode Select offers five unique settings, including a Custom mode for the ultimate in driver personalization.

MASSIVE STOPPING POWER OF BREMBO® BRAKES

Reining back a high-performance machine requires serious stopping power. With 14.9-inch front rotors clamped by massive six-piston aluminum monoblock Brembo calipers,⁶ these high-performance brakes feature high-friction pads⁶ and a fast-cooling, slotted rotor design to help reduce brake fade. For distinctive style, the available orange calipers feature an iconic F logo.

5

performance drive modes

RC F shown in Flare Yellow³ // Options shown

For added agility, the RC F offers a Torque Vectoring Differential. Designed to improve performance with three driver-selectable modes—Standard, Slalom and Track—it can respond in one-thousandth of a second to vary torque distribution according to cornering conditions. By sending more power to the outside rear tire, it helps propel the RC F around turns for enhanced agility, while helping you to hold your line with ultimate precision.

RC F shown in Nebula Gray Pearl // Options shown

PURE EXHILARATION ON DEMAND

The RC F Performance Package delivers exclusive handling technology and carbon fiber components.

Experience even more exhilaration with the RC F Performance Package's exclusive carbon fiber components, fabricated at the same workshop used to develop those on the world-renowned LFA supercar. With distinctive style and the same structural rigidity as standard steel components, the carbon fiber roof and speed-activated rear wing both help to reduce weight for more responsive handling.

For optimal performance and control, exclusive F-badged high-back sport seats embrace you from hip to shoulder. Their unique design is constructed to disperse body pressure, increase support, and help hold you firmly through turns. The stitching pattern on the seats was inspired by specially crafted athletic sportswear and is carefully calculated to help provide greater muscular support and grip in high-G situations.

COMMAND AND CONTROL

Optimized for high-G circuit driving, exclusive precision-crafted sport seats grip you as firmly as you grip the road.

RCF shown in Infrared³ // Options shown

TRACK READY

Exhilarates with race-inspired details.

A bold digital tachometer keeps up with rapid revs in the gauge cluster, as a full-color LCD display shows drive mode, gear position, G-force, lap times and customizable displays. Large paddle shifters are positioned for faster gear changes, and a thick-grip steering wheel feels as if it were specifically molded to your hands. And, at speeds above 50 mph, the RC F deploys its speed-activated rear wing for additional downforce.

Options shown

UNCOMPROMISING TECHNOLOGY

From available Wi-Fi to available Mark Levinson® surround sound, every innovation is designed to thrill.

The RC F doesn't just connect you to the road—it connects you, period. In addition to available onboard Wi-Fi™7 capability, it offers a large 10.3-inch high-resolution multimedia display with split-screen access and full-screen map view. The Remote Touchpad® is more than just a way to access multimedia and climate controls or available Navigation.⁹ It features a large touch-surface area and intuitive operation via pinch, swipe and flick gestures⁹—just like your smartphone. Then, for sound without compromise, the available 17-speaker, 835-watt Mark Levinson® Premium Surround Sound Audio System¹⁰ envelops occupants in three-dimensional sound that rivals even the finest home audio systems.

DELIVERY AND TECHNOLOGY SPECIALISTS

To help you get the most out of these and other Lexus features, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like FaceTime.®¹¹ Learn more about these complimentary services at lexus.com/specialists.

RC F shown with Black leather interior trim // Options shown

PEACE OF MIND, STANDARD

Introducing Lexus Safety System+, an integrated suite of class-leading standard active safety equipment.^{1,12}

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION

This system¹³ is engineered to detect a vehicle or a pedestrian¹⁴ in the path of your Lexus under certain conditions. Should it determine a frontal collision is imminent, it's designed to automatically prepare Brake Assist¹⁵ for increased brake force and, in some cases, can even automatically brake the vehicle to a stop.

LANE DEPARTURE ALERT WITH STEERING ASSIST

This system¹⁶ utilizes a camera to monitor visible lane markings. If an inadvertent lane departure, or potential departure due to swaying, is detected at speeds above 32 mph, the system is designed to warn you so that you can steer back into the lane, and can even take corrective measures to help keep you within your visibly marked lane.

HIGH-SPEED DYNAMIC RADAR CRUISE CONTROL

This system¹⁷ uses radar and camera technology to help you maintain a preset speed and following distance from the vehicle ahead. If you get closer than the preset distance, the throttle is automatically reduced and the brakes may be applied. As soon as the road ahead clears, your Lexus returns to its preset speed.

INTELLIGENT HIGH BEAMS

To help provide greater visibility for you as well as other drivers, Intelligent High Beams¹⁸ offer added illumination to help keep you focused on the road. When the road ahead is clear, the system defaults to high-beam mode, then temporarily switches to low beams when it senses the headlamps or taillamps of vehicles ahead.

LEXUS SAFETY SYSTEM +

RC F shown in Caviar // Options shown

LEXUS ENFORM

From onboard Wi-Fi to concierge access, this is our most sophisticated connectivity suite yet.

WI-FI

Take entertainment to go. Lexus Enform¹⁹ includes onboard Wi-Fi.⁷ Up to five devices can connect—tablets, laptops, smartphones—dramatically extending tech capability for you and your passengers. Lexus Enform Wi-Fi includes a 4GB one-year complimentary trial.

REMOTE

With the added convenience of accessibility from your smartwatch or Amazon Alexa™-enabled²⁰ devices at home, the Lexus Enform Remote²¹ mobile app can help you remotely start the engine, lock and unlock doors, check the status of doors and windows as well as your fuel level, and can help find your vehicle's location in a parking lot. And, should you loan your Lexus to another driver, you can receive instant alerts if, for example, a preset speed or mile limit is exceeded. Lexus Enform Remote is complimentary for the first year of ownership.

APP SUITE 2.0

Lexus Enform App Suite 2.0¹⁹ offers access to your favorite mobile applications through your vehicle's center-console display. After downloading the app on your compatible smartphone, you can search local listings, stream music, listen to live radio nationwide, check fuel prices, and keep tabs on your stocks and sports scores—all from the center-console display. And, with Dynamic Voice Command,²² accessing and controlling App Suite 2.0 features is easier than ever.

RC F shown with Black leather and Black Carbon Fiber interior trim // Options shown

DYNAMIC NAVIGATION

To help you get even more out of the available Navigation System,⁹ available Lexus Enform Dynamic Navigation^{19,22} offers greater accuracy through continuous cloud-based updates. In addition to up-to-date maps, it can dynamically offer alternate routes based on conditions ahead, and can automatically sort Points of Interest results based on relevance. Lexus Enform Dynamic Navigation is complimentary for the first three years of ownership.

DESTINATION ASSIST

The available Lexus Enform Destination Assist¹⁹ offers convenient 24-hour access to a live response center agent to help you locate a specific business, address or point of interest. If you're searching for a restaurant, the agent can help you narrow your choices by distance or type of cuisine, and remotely send the destination to your vehicle's Navigation System.⁹ Destination Assist is complimentary for the first year of ownership.

SAFETY CONNECT

Lexus Enform Safety Connect²³ offers you the peace of mind of knowing that Roadside Assistance²⁴ can be there when you want it most. Whether you're involved in a collision and unable to call for help, your vehicle is stolen, or there is any other type of emergency, assistance can be sent directly to your vehicle's GPS location. Safety Connect is complimentary for the first 10 years of ownership.

SERVICE CONNECT

Lexus Enform Service Connect²⁵ offers remote access to information about your vehicle's status and maintenance needs. Easily accessed through LexusDrivers.com or the Lexus Drivers mobile app, you can get information on everything from your vehicle's fuel level and mileage to maintenance alerts and Vehicle Health Reports. Service Connect is complimentary for the first 10 years of ownership.

WARRANTY Four-year/50,000-mile Lexus Limited Warranty, Six-year/70,000-mile Powertrain Warranty, Six-year/unlimited-mileage Corrosion Perforation Warranty. All warranties with zero deductible. See the *RC F Warranty and Services Guide* at your Lexus dealer for details.

DISCLOSURES **1.** 2019 RC F vs. 2018 competitors. Information from manufacturers' websites as of 3/13/2018. **2.** Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. **3.** Ultrasonic Blue Mica 2.0, Flare Yellow and Infrared available for an additional charge. **4.** Racecars are not available to public. RC F GT3 racecar shown. **5.** Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. **6.** High-friction brakes require periodic inspection and measurement as outlined in the *Warranty and Services Guide*. The pads and rotors are expected to experience greater wear than conventional brakes. Pad life may be less than 20,000 miles, and brake rotor life may be less than 50,000 miles depending on driving conditions. It is an inherent characteristic of materials and design of brake pads used in this high-performance brake system that brake noise/squeal may result. **7.** Lexus Enform Wi-Fi is available on select 2019 Lexus vehicles. Visit lexus.com for vehicle availability. Verizon Wireless is the network provider for Lexus Enform Wi-Fi, which uses Verizon's 4G LTE network to transmit data. Data usage applies. Coverage not available everywhere; see vzw.com. See verizonwireless.com/bestnetwork for details. LTE is a trademark of ETSI. Other terms apply. Up to five devices can be supported using in-vehicle connectivity. Verizon Wireless data subscription required upon end of 12-month trial period or use of 4 GB data (whichever comes first). Use of Lexus Enform Wi-Fi is subject to Verizon Wireless' Customer Agreement (verizonwireless.com/legal/notices/customer-agreement/), Privacy Policy (verizon.com/about/privacy/privacy-policy-summary/), and data use policies (verizonwireless.com/support/vz-email-legal/). **8.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. **9.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability & accuracy of the information provided by the Navigation System is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. Updates may be available from your dealer at an additional cost. See *Owner's Manual* for details. **10.** Mark Levinson® is a registered trademark of Harman International Industries, Inc. **11.** FaceTime® is a registered trademark of Apple Inc. All rights reserved. **12.** Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **13.** The Lexus Safety System+ Pre-Collision System is designed to help avoid or reduce the crash speed and damage in certain frontal collisions only. It is not a substitute for safe and attentive driving. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **14.** The Pedestrian Detection System is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors such as speed, size and position of pedestrians, and weather, light and road conditions. See *Owner's Manual* for additional limitations and details. **15.** Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See *Owner's Manual* for additional limitations and details. **16.** Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual and audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **17.** Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors, including road, weather and traffic conditions. See *Owner's Manual* for additional limitations and details. **18.** Intelligent High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See *Owner's Manual* for additional limitations and details. **19.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps & services subject to change. See lexus.com/enform for details. **20.** Amazon Alexa™ is a trademark of Amazon Technologies, Inc. **21.** Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space). Functionality depends on many factors, such as vehicle and smartphone connectivity. Registration and app download are required. See usage precautions and service limitations in *Owner's Manual*. **22.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability & accuracy of the information provided by the Dynamic Navigation system and Dynamic Voice Command is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. Subscription required after end of 3-year complimentary service. See *Owner's Manual* for details. **23.** Contact with the response center may not be available in all areas. Service Agreements required. A variety of subscription terms available; charges will vary. See lexus.com/enform for details. **24.** Roadside Assistance coverage is for 48 months from your vehicle's in-service date, regardless of mileage. Coverage is provided 24 hours a day, 365 days a year, for vehicles operated in the continental U.S. and Canada. With an active Safety Connect subscription, all 2019 models (excluding GX) include an additional 72 months of Enhanced Roadside Assistance coverage. See Lexus dealer for details. **25.** Information provided is based on the last time data was collected from the vehicle and may not be up to date. System functionality depends on vehicle connectivity. **26.** Preliminary mileage estimates determined by Lexus. EPA mileage estimates not available at time of publishing. Actual mileage will vary. **27.** TORSEN® is a registered trademark of Zexel Torsen, Inc. **28.** The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **29.** The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a SmartAccess fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Lexus dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local *Yellow Pages* or by contacting www.alaa.org. **30.** Availability & accuracy of the information provided by Scout® GPS Link is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. See lexus.com/enform for details. Scout® is a registered trademark of Telenav, Inc. **31.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp. **32.** Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. A compatible Bluetooth-enabled phone must first be paired. Phone performance depends on software, coverage & carrier. **33.** May not be compatible with all mobile phones, MP3/WMA players and like models. **34.** Always drive safely, obey traffic laws & focus on the road while driving. Siri® is available on select iPhone/iPad models & requires Internet access. Siri® is not available in all languages or all areas & features vary by area. Some Siri® functionality & commands are not accessible in the vehicle. Data charges may apply. See apple.com & phone carrier for details. Siri® is a registered trademark of Apple Inc. **35.** The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details. **36.** All the airbag systems are Supplemental Restraint Systems. All airbags (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See *Owner's Manual* for additional limitations and details. **37.** Vehicle Dynamics Integrated Management (VDIM) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VDIM will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details. **38.** Intuitive Parking Assist (IPA) is designed to assist drivers in avoiding potential collisions at speeds of 9 mph or less. Certain vehicle and environmental factors, including an object's speed, shape, size and composition, may affect the system's effectiveness. Always look around outside the vehicle and use mirrors to confirm clearance. See *Owner's Manual* for additional limitations and details. **39.** All-weather floor liners are model-specific with model names. Floor liners are designed for use in a specific model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each liner must be secured with its fasteners. Do not install a floor liner on top of an existing floor liner. **40.** Genuine Lexus Paint Protection Film by 3M™ is designed for specific sections of the hood and front fenders. Depending on the model, it may also be applied to select portions of the front bumper for an additional charge. Lexus Genuine Accessory Warranty will only apply when the installation is performed by a trained Lexus-approved installer. See Lexus dealer for details. **41.** 2018 Kelley Blue Book Brand Image Awards are based on the Brand Watch™ study from Kelley Blue Book Strategic Insights. Award calculated among non-luxury shoppers. For more information, visit www.kbb.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc. **42.** Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See *Owner's Manual* for additional limitations and details. **43.** Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See *Owner's Manual* for additional limitations and details. **44.** Clari-Fi® is a registered trademark of Harman International Industries, Inc. **45.** 19-in performance tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than 15,000 miles, depending upon driving conditions.

Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of printing, are subject to change without notice, and are for mainland U.S.A. vehicles only. Some vehicles shown with available equipment. See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit lexus.com. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
