Unwavering performance standards.
Track-proven components.
Class-leading engine size.

Because a performance vehicle that exceeds all expectations means nothing if it doesn’t lead to the experience of something greater.

The 2018 Lexus RC F.

Experience Amazing
The 2018 RC F

467-horsepower 5.0-liter V8; eight-speed Sport Direct-Shift transmission with Manual-mode torque converter lockup in gears two through eight; an available Torque Vectoring Differential with Station, Track, and Standard modes; F-Adaptive Variable Suspension with adjustable damping; digital instrumentation with G-force display and lap-time counter; and speed-activated rear wing.
For optimal aerodynamics, a low-set front fascia channels air through the vented hood, while signature F vented and flared fenders with front ducts channel airflow and help reduce brake fade.
Specialized manufacturing techniques like high-strength adhesive bonding, laser brazing, and multi-spot and laser screw welding add rigidity to help optimize handling stability and response.
The RC F was honed from the most dominating Lexus vehicles ever built, at tracks like Fuji Speedway and other iconic proving grounds. Through exhaustive testing and tuning, the RC F was painstakingly developed to provide an optimum balance of visceral power and control. Infused with the DNA of the RC F GT3 racing program, the 2018 RC F delivers razor-sharp handling with white-knuckle acceleration.

TRACK BORN

Demands respect on the circuit. Inspires off of it.
Forged from the asphalt up, the RC F’s specially tuned 467-horsepower\(^2\) 5.0-liter V8 is not only the largest engine in its class; it’s an unprecedented feat of engineering. Making this powerful V8 even more stirring, it emits a throaty, specially tuned intake and exhaust sound as it screams to its impressive 7,300-rpm redline. The RC F’s lightning-fast eight-speed Sport Direct-Shift transmission with downshift rev-matching features precisely positioned paddle shifters for split-second upshifts all the way to its 168-mph top speed.\(^2\)\(^4\)

Engineering a deft performance vehicle to carve through slalom courses or dominate straightaways requires an optimal balance of innovative components, like lightweight titanium valves and high-strength, forged connecting rods. A brisk 4.4-second zero to 60 \(^1\)\(^1\) is the result.
UNPRECEDENTED LEVELS OF AGILITY

Grab hold of the pavement with superior handling and enhanced response.

Engineered to conquer the road, 70% of the lightweight double-wishbone front and multi-link rear suspension components were designed specifically for the RC F. Delivering performance on demand, an advanced F-Adaptive Variable Suspension features 30 levels of clamping that can react to road conditions in real time, stiffening for enhanced response, based on the mode selected. Drive Mode Select offers five unique settings, including a new Custom mode for the ultimate in driver personalization.

MASSIVE STOPPING POWER OF BREMBO® BRAKES

Reining back a high-performance machine requires serious stopping power. With 14.9-inch front rotors clamped by massive six-piston aluminum monoblock Brembo calipers, these high-performance brakes feature high-friction pads and a fast-cooling, slotted rotor design to help reduce brake fade. For distinctive style, the available orange calipers feature an iconic F logo.

5 performance drive modes
For added agility, the RC F offers a Torque Vectoring Differential. Designed to improve performance with three driver-selectable modes—Standard, Slalom and Track—it can respond in one-thousandth of a second to vary torque distribution according to cornering conditions. By sending more power to the outside rear tire, it helps propel the RC F around turns for enhanced agility, while helping you to hold your line with ultimate precision.

Experience added exhilaration with the RC F Performance Package’s exclusive carbon fiber components, fabricated at the same workshop used to develop those on the world-renowned LFA supercar. With distinctive style and the same structural rigidity as standard steel components, the carbon fiber roof and speed-activated rear wing both help to reduce weight for more responsive handling.

The RC F Performance Package delivers exclusive handling technology and carbon fiber components.
For control and confidence, exclusive F-badged high-back sport seats embrace you from hip to shoulder. Their unique design is constructed to disperse body pressure, increase support, and help hold you firmly through turns. The stitching pattern on the seats was inspired by specially crafted athletic sportswear and is carefully calculated to provide greater muscular support and grip in high-G situations.

COMMAND AND CONTROL

Conquer the curves in exclusive high-back sport seats.
A bold digital tachometer keeps up with rapid revs in the gauge cluster, as a full-color LCD display shows drive mode, gear position, G-force, lap times and customizable displays. Large paddle shifters are positioned for faster gear changes, and a thick-grip steering wheel feels as if it were molded to your hands. And, at speeds above 50 mph, the RC F deploys its speed-activated rear wing for additional downforce.

**TRACK READY**

Exhilarates with race-inspired details.
UNCOMPROMISING TECHNOLOGY

More advanced than ever, each innovation is designed to thrill.

The RC F doesn’t just connect you to the road—it connects you, period. In addition to newly available onboard Wi-Fi™ capability, it offers a larger, 10.3-inch high-resolution multimedia display with split-screen access and full-screen map view. The available Remote Touchpad® is more than just a way to access multimedia and climate controls or available Navigation®. It features a larger touch-surface area and intuitive operation via pinch, swipe and flick gestures—just like your smartphone. Then, for sound without compromise, the available 17-speaker, 835-watt Mark Levinson® Premium Surround Sound Audio System® envelops occupants in three-dimensional sound that rivals even the finest home audio systems.

DELIVERY AND TECHNOLOGY SPECIALISTS

To help you get the most out of these and other Lexus features, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like Facetime®. Learn more about these complimentary services at lexus.com/specialists.
Introducing Lexus Safety System+, an integrated suite of class-leading standard active safety equipment.\(^2\)

**PEACE OF MIND, STANDARD**

- **PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION**
  This system\(^a\) is engineered to detect a vehicle or a pedestrian\(^n\) in the path of your Lexus under certain conditions. Should it determine a frontal collision is imminent, it’s designed to automatically prepare Brake Assist\(^{14}\) for increased brake force and, in some cases, can even automatically brake the vehicle to a stop.

- **LANE DEPARTURE ALERT WITH STEERING ASSIST**
  This system\(^b\) utilizes a camera to monitor visible lane markings. If an inadvertent lane departure, or potential departure due to swaying, is detected at speeds above 32 mph, the system is designed to warn you so that you can steer back into the lane, and can even take corrective measures to help keep you within your visibly marked lane.

- **HIGH-SPEED DYNAMIC RADAR CRUISE CONTROL**
  This system\(^c\) uses radar and camera technology to help you maintain a preset speed and following distance from the vehicle ahead. If you get closer than the preset distance, the throttle is automatically reduced and the brakes may be applied. As soon as the road ahead clears, your Lexus returns to its preset speed.

- **INTELLIGENT HIGH-BEAM HEADLAMPS**
  To help provide greater visibility for you as well as other drivers, intelligent high-beam headlamps\(^d\) offer added illumination to help keep you focused on the road. When the road ahead is clear, the system defaults to high-beam mode; then temporarily switches to low beams when it senses the headlamps or taillamps of vehicles ahead.
LEXUS ENFORM

From onboard Wi-Fi to concierge access, this is our most sophisticated connectivity suite yet.

**WI-FI**
Take entertainment to go. Lexus Enform now includes onboard Wi-Fi. Up to five devices can connect—tablets, smartphones—dramatically extending tech capability for you and your passengers. Lexus Enform Wi-Fi includes a 4GB one-year complimentary trial.

**APP SUITE 2.0**
The new and improved Lexus Enform App Suite 2.0 offers access to your favorite mobile applications through your vehicle’s center-console display. After downloading the app on your compatible smartphone, you can search local listings, stream music, listen to live radio nationwide, check fuel prices, and keep tabs on your stocks and sports scores—all from the center-console display. And, with advanced voice recognition, accessing and controlling App Suite 2.0 features is easier than ever.

**SERVICE CONNECT**
Lexus Enform Service Connect offers remote access to information about your vehicle’s status and maintenance needs. Easily accessed through LexusDrivers.com or the Lexus Drivers mobile app, you can get information on everything from your vehicle’s fuel level and mileage to maintenance alerts and Vehicle Health Reports. Service Connect is complimentary for the first 10 years of ownership.

**DYNAMIC NAVIGATION**
To help you get even more out of the available Navigation System, new available Lexus Enform Dynamic Navigation offers greater accuracy through continuous cloud-based updates. In addition to up-to-date maps, it can dynamically offer alternate routes based on conditions ahead, and can automatically sort Points of Interest results based on reference. Lexus Enform Dynamic Navigation is complimentary for the first three years of ownership.

**DESTINATION ASSIST**
The available Lexus Enform Destination Assist offers convenient 24-hour access to a live response center agent to help you locate a specific business, address or point of interest. If you’re searching for a restaurant, the agent can help you narrow your choices by distance or type of cuisine, and remotely send the destination to your vehicle’s Navigation System. Destination Assist is complimentary for the first year of ownership.

**SAFETY CONNECT**
Lexus Enform Safety Connect offers you the peace of mind knowing that Roadside Assistance can be there when you want it most. Whether you’re involved in a collision and unable to call for help, your vehicle is stolen, or there is any other type of emergency, assistance can be sent directly to your vehicle’s GPS location. Safety Connect is complimentary for the first 10 years of ownership.

**REMOTE**
The Lexus Enform Remote mobile app can help you remotely start the engine, lock and unlock doors, check the status of doors and windows as well as your fuel level, and can help find your vehicle’s location in a parking lot. And, should you loan your Lexus to another driver, you can receive instant alerts if, for example, a preset speed or mile limit is exceeded. Lexus Enform Remote is complimentary for the first year of ownership.
**STANDARD ON EVERY RC F**

- Lexus Safety System+
- SmartAccess20,21 with push-button Start/Stop
- Speed-activated rear wing
- TORSEN® limited-slip rear differential22
- F-Adaptive Variable Suspension
- Paddle shifters
- Drive Mode Select with Sport S/S+ and new Custom mode
- LFA-inspired instrumentation including G-force display and lap timer
- Dual-zone climate control with interior air filter, smog sensor and automatic recirculation mode

PREMIUM PACKAGE
- Black Carbon Fiber interior trim
- Heated and ventilated front seats
- Lexus Memory System for power driver’s seat, outside mirrors and steering wheel
- Blind Spot Monitor with Rear Cross-Traffic Alert
- Electrochromic (auto-dimming) outside mirrors with auto tilt-down in reverse
- Intuitive Parking Assist
- Rain-sensing windshield wipers and water-repellent front-door glass

PERFORMANCE PACKAGE
- Carbon fiber roof
- Carbon fiber speed-activated rear wing
- Torque Vectoring Differential

NAVIGATION PACKAGE
- Navigation System with DVD/CD player, 10.3-in color multimedia display and Lexus Enform App Suite 2.0
- Lexus Enform Dynamic Navigation: Complimentary for the first three years of ownership.
- Dynamic Voice Command
- Remote Touchpad
- Lexus Enform Destination Assist: Complimentary for the first year of ownership.

NAVIGATION/MARK LEVINSON AUDIO PACKAGE
- Includes Navigation Package, plus:
  - Mark Levinson Premium Surround Sound Audio System
  - 835-watt Class-D amplifier
  - Clari-Fi audio processing
  - Auto-volume technology
  - Machined-aluminum control knobs

ALL-WEATHER PACKAGE
- Windshield wiper de-icer
- Headlamp washers
- Heated steering wheel

WHEELS
- Forged alloy adds an edge.
- The largest standard tires in the class wrapped around these bold 19-inch forged alloy wheels make a statement, while they enhance performance through increased strength and decreased weight.

19-in Split-seven-spoke forged alloy wheels
STANDARD

19-in Split-10-spoke forged alloy wheels

**WARRANTY**

Four-year/50,000-mile Lexus Limited Warranty. Six-year/70,000-mile Powertrain Warranty. Six-year/unlimited-mileage corrosion perforation warranty. All warranties with zero deductible. See the RC F Warranty and Services Guide at your Lexus dealer for details.

---

**DISCLAIMERS**

2. Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. 3. Ultrasonic Blue Mica 2.0, Flare Yellow, and Infrared available for additional charge.
4. Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt.
5. High-friction brakes require periodic inspection and measurement as outlined in the Warranty and Services Guide. The pads and rotors are expected to experience greater wear than standard brake pads. Life may be less than 20,000 miles, and brake rotor life may be less than 50,000 miles depending on driving conditions.
6. LB-FT Torque for 2018 RC F vehicle. Visit lexus.com/warranty for detailed information on the Lexus Enform Wi-Fi service, which uses Verizon’s 4G LTE network to transmit data. Data usage applies. Coverage not available everywhere; see vzw.com. See verizonwireless.com/bestnetwork for details. LTE is a trademark of ETSI. Other terms apply. Up to five devices can be supported using in-vehicle connectivity. Verizon Wireless data subscription required upon end of 12-month trial period or for any data (whichever comes first).
7. RESTRICTED TO USE IN THE UNITED STATES (verizonwireless.com/legal/notices/customer-agreement/).
9. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times.
10. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability & accuracy of the information provided by the Navigation System is dependent upon many factors.
11. Be sure to keep vehicle speeds in safe range when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. Updates may be available from your dealer at an additional cost. See Owner’s Manual for details. 12. Mark Levinson® is a registered trademark of Harman International Industries, Inc. 13. FaceTime® is a registered trademark of Apple Inc. All rights reserved. 14. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely.
15. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner’s Manual for additional limitations and details. 16. The Lexus Safety System+ Pre-Collision System is designed to help avoid or reduce the crash speed and damage in certain frontal collisions only. It is not a substitute for safe and attentive driving. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner’s Manual for additional limitations and details. 13. The Pedestrian Detection System is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians and weather, light and road conditions. See Owner’s Manual for additional limitations and details. 14. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See Owner’s Manual for additional limitations and details. 15. Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual and audible alert and slight steering force when lane departure becomes imminent if proper lane markers are detected. It is an alert and avoidance system or a supplement to the driver’s alert and avoidance system in certain road and traffic conditions during certain conditions. It is not a substitute for safe driving practices. System effectiveness is dependent on road, weather and traffic conditions. See Owner’s Manual for additional limitations and details. 16. Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on road, weather and traffic conditions. See Owner’s Manual for additional limitations and details. 17. Intellisense Radar Sensors, which are the high beams, operate at speeds above 25 mph, and oncoming and trailing vehicles, requiring driver to manually operate the high beams. See Owner’s Manual for additional limitations and details. 18. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times.
19. Information provided is based on the last time data was collected from the vehicle and may not reflect current conditions. System effectiveness depends on vehicle connectivity to the Dynamic Navigation System and Dynamic Voice Command is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. Subscription required after end of 3-year complimentary service. See Owner’s Manual for details. 20. Coverage is provided 24 hours a day, 365 days a year, for vehicles operated in the continental U.S. and Canada. Assistance is administered through the American Automobile Association. See Lexus dealer for details. 21. Coverage includes 3-year complimentary service. See lexus.com/enform for details. 22. Roadside Assistance coverage is for 48 months from your vehicle’s in-service date, regardless of mileage. Coverage is provided 24 hours a day, 365 days a year, for vehicles operated in the continental U.S. and Canada. Assistance is administered through the American Automobile Association. See Lexus dealer for details. 23. Use only if aware of circumstances surrounding vehicle and it is safe to do so e.g., do not remotely start engine if vehicle is in an enclosed space. Functionality depends on many factors, such as vehicle and smartphone connectivity. Registration and app download are required. Subscription purchase required after trial. See usage precautions and service limitations in Owner’s Manual. 24. Preliminary mileage estimates determined by EPA. EPA mileage estimates not available at time of publishing. Actual mileage will vary. 25. The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system.
26. The vehicle is not equipped with a tire pressure monitoring system (TPMS). You should periodically check tire pressure and make sure to maintain adequate tire pressure. 27. Environmental conditions may limit effectiveness and view may become obscured. See lexus.com/enform for details. 28. Availability & accuracy of the information provided by Scout® GPS Link is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Change not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. 29. HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and “ Arc” logos are proprietary trademarks of iBiquity Digital Corp. 30. Parking Assist is designed to help the driver park in reverse. It is not a substitute for safe and attentive driving. 31. Information provided is based on the last time data was collected from the vehicle and may not reflect current conditions. System effectiveness depends on vehicle connectivity to the Dynamic Navigation System and Dynamic Voice Command is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. Subscription required after end of 3-year complimentary service. See Owner’s Manual for details. 32. Coverage includes 3-year complimentary service. See lexus.com/enform for details. 33. Coverage includes 3-year complimentary service. See lexus.com/enform for details. 34. Coverage includes 3-year complimentary service. See lexus.com/enform for details. 35. Coverage includes 3-year complimentary service. See lexus.com/enform for details. 36. Coverage includes 3-year complimentary service. See lexus.com/enform for details. 37. Information provided is based on the last time data was collected from the vehicle and may not reflect current conditions. System effectiveness depends on vehicle connectivity to the Dynamic Navigation System and Dynamic Voice Command is dependent upon many factors. Use common sense when relying on information provided.
