Unwavering performance standards.
Track-proven engineering.
Class-leading engine size.

Because crafting a performance vehicle to exceed all expectations means nothing if it doesn’t lead to the experience of something greater.

The 2019 Lexus RC F.

*Experience Amazing*
The 2019 RC F

Obsessively engineered for optimal aerodynamics, a low-set front fascia channels air through the vented hood, while signature flared and flared fenders with front ducts channel airflow and help reduce brake fade.
Meticulously engineered from the ground up, the RC F boasts specialized manufacturing techniques like high-strength adhesive bonding, laser brazing, and multi-spot and laser screw welding, which add rigidity to help optimize handling stability and response.
The RC F was honed from the most dominating Lexus vehicles ever built, at tracks like Fuji Speedway and other iconic proving grounds. Through exhaustive testing and tuning, the RC F was painstakingly developed to provide an optimum balance of visceral power and control. Infused with the DNA of the RC F GT3 racing program, the 2019 RC F delivers razor-sharp handling with white-knuckle acceleration.

TRACK BORN

From compulsive engineering that demands respect on the circuit comes impulsive performance for the road.
Forged from the asphalt up, the RC F’s specially tuned 467-horsepower\(^2\) 5.0-liter V8\(^2\) is not only the largest engine in its class, it’s an unprecedented feat of precision engineering. Making this powerful V8 even more stirring, it emits a throaty, specially tuned intake and exhaust sound as it screams to its impressive 7,300-rpm redline. The RC F’s lightning-fast eight-speed Sport Direct-Shift transmission with downshift rev-matching features optimally positioned paddle shifters for split-second upshifts all the way to its 168-mph top track speed.\(^2\)\(^7\)

4.4
0–60 mph (sec)\(^2\)\(^7\)

Engineering a deft performance vehicle to carve through slalom courses or dominate straightaways requires an optimal balance of innovative components, like lightweight titanium valves and high-strength, forged connecting rods. A brisk 4.4-second zero to 60 is the result.
PERFORMANCE

UNPRECEDENTED LEVELS OF AGILITY

Grab hold of the pavement with superior handling and enhanced response.

Engineered to conquer the road, 70% of the lightweight double-wishbone-type front and multilink rear suspension components were designed specifically for the RC F. Delivering performance on demand, an advanced F-Adaptive Variable Suspension features variable levels of damping that can react to road conditions in real time, stiffening for enhanced response, based on the mode selected. Drive Mode Select offers five unique settings, including a Custom mode for the ultimate in driver personalization.

MASSIVE STOPPING POWER OF BREMBO® BRAKES

Reining back a high-performance machine requires serious stopping power. With 14.9-inch front rotors clamped by massive six-piston aluminum monoblock Brembo calipers, these high-performance brakes feature high-friction pads and a fast-cooling, slotted rotor design to help reduce brake fade. For distinctive style, the available orange calipers feature an iconic F logo.

5 performance drive modes
PERFORMANCE

Experience even more exhilaration with the RC F Performance Package’s exclusive carbon fiber components, fabricated at the same workshop used to develop those on the world-renowned LFA supercar. With distinctive style and the same structural rigidity as standard steel components, the carbon fiber roof and speed-activated rear wing both help to reduce weight for more responsive handling.

PURE EXHILARATION ON DEMAND

The RC F Performance Package delivers exclusive handling technology and carbon fiber components.

For added agility, the RC F offers a Torque Vectoring Differential. Designed to improve performance with three driver-selectable modes—Standard, Slalom and Track—it can respond in one-thousandth of a second to vary torque distribution according to cornering conditions. By sending more power to the outside rear tire, it helps propel the RC F around turns for enhanced agility, while helping you to hold your line with ultimate precision.

RC F shown in Nebula Gray Pearl // Options shown
For optimal performance and control, exclusive F-badged high-back sport seats embrace you from hip to shoulder. Their unique design is constructed to disperse body pressure, increase support, and help hold you firmly through turns. The stitching pattern on the seats was inspired by specially crafted athletic sportswear and is carefully calculated to help provide greater muscular support and grip in high-G situations.

COMMAND AND CONTROL

Optimized for high-G circuit driving, exclusive precision-crafted sport seats grip you as firmly as you grip the road.
A bold digital tachometer keeps up with rapid revs in the gauge cluster, as a full-color LCD display shows drive mode, gear position, G-force, lap times and customizable displays. Large paddle shifters are positioned for faster gear changes, and a thick-grip steering wheel feels as if it were specifically molded to your hands. And, at speeds above 50 mph, the RC F deploys its speed-activated rear wing for additional downforce.
From added iPhone® functionality via Apple CarPlay® integration to available Mark Levinson® surround sound, every innovation is designed to thrill.

The RC F doesn’t just connect you to the road—it connects you, period. In addition to Amazon Alexa® compatibility and available onboard Wi-Fi™ capability, it offers a large 10.3-inch high-resolution multimedia display with split-screen access and full-screen map view. The Remote Touchpad® is more than just a way to access multimedia and climate controls or available Navigation. It features a large touch-surface area and intuitive operation via pinch, swipe and flick gestures—just like your smartphone. Then, for sound without compromise, the available 17-speaker, 835-watt Mark Levinson® Premium Surround Sound Audio System® envelops occupants in three-dimensional sound that rivals even the finest home audio systems.
INNOVATION AT YOUR FINGERTIPS. AND BEYOND.

LEXUS ENFORM

Lexus Enform® elevates connected technology and provides concierge-level convenience. From emergency assistance and a live response center agent, to the ability to start your engine remotely¹⁴ through your smartphone, smartwatch or using the Lexus skill on Amazon Alexa-enabled¹³ devices, our premium suite of connected technology offers peace of mind with every drive.

APPLE CARPLAY®

With Apple CarPlay® compatibility, you can access the same familiar interface from your iPhone¹⁵ through the vehicle’s multimedia display. Simply connect your iPhone to get directions, make calls, send and receive messages via Siri,¹⁶ and get access to your favorite apps like Spotify,® Audible® and Apple Podcasts.™

DELIVERY AND TECHNOLOGY SPECIALISTS

To help you get the most out of these and other Lexus features, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like Facetime.¹⁶ Learn more about these complimentary services at lexus.com/specialists.

AMAZON ALEXA

Bring all the convenience of Amazon Alexa² on the road. Using only your voice, you can easily access thousands of the same skills you get with Alexa at home. Listen to audiobooks, stream Amazon Music,² make lists, check the weather, get news briefings and much more. You can also use it to control compatible smart home devices such as lighting, thermostat and security systems. Offering added in-vehicle convenience, Alexa even syncs to your Navigation System¹¹ to provide on-the-go recommendations.

INNOVATION AT YOUR FINGERTIPS. AND BEYOND.
Presenting Lexus Safety System+, an integrated suite of class-leading standard active safety equipment.19

**PEACE OF MIND, STANDARD**

**PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION**
This system20 is engineered to help detect a vehicle or a pedestrian in the path of your Lexus under certain conditions. Should it detect a potential frontal collision, it’s designed to automatically prepare Brake Assist for increased brake force and, in some cases, can even automatically brake the vehicle to a stop.

**LANE DEPARTURE ALERT WITH STEERING ASSIST**
This system23 utilizes a camera to monitor visible lane markings. If an inadvertent lane departure, or potential departure due to swaying, is detected at speeds above 32 mph, the system is designed to warn you so that you can steer back into the lane, and can even take slight corrective measures to help keep you within your visibly marked lane.

**HIGH-SPEED DYNAMIC RADAR CRUISE CONTROL**
This system24 uses radar and camera technology to help you maintain a preset speed and following distance from the vehicle ahead. If you get closer than the preset distance, the throttle is automatically reduced and the brakes may be applied. As soon as the road ahead clears, your Lexus returns to its preset speed.

**INTELLIGENT HIGH BEAMS**
To help provide greater visibility for you as well as other drivers, Intelligent High Beams offer added illumination to help keep you focused on the road. When the road ahead is clear, the system defaults to high-beam mode, then temporarily switches to low beams when it detects the headlamps or taillamps of vehicles ahead.
STANDARD ON EVERY RC F

LED headlamps and daytime running lights
TORSEN® limited-slip rear differential
F-Adaptive Variable Suspension
Speed-activated rear wing
10-way power-adjustable driver’s seat and eight-way front passenger’s sport seat
Rear-seat armrest with trunk pass-through
NuLuxe® interior trim
Dual-zone climate control with interior air filter, smog sensor and automatic recirculation mode
Electrochromic (auto-dimming) rearview mirror
SmartAccess® with push-button Start/Stop
LFA-inspired instrumentation including G-force display and lap timer
Drive Mode Select with Sport S/S+ and Custom modes
Paddle shifters
Remote Touchpad
Amazon Alexa compatibility
Lexus Enform App Suite 2.0
Lexus Multimedia System® with 7-in color display and compatible Scout® GPS Link® with MapStream™ and TurnStream™ modes. Complementary for the first three years of ownership.
Subscription-free Traffic and Weather updates via HD Radio®
Bluetooth® and USB smartphone connectivity
Dynamic Voice Command® and Siri Eyes Free®
Lexus 10-speaker Premium Sound System
Lexus Enform Wi-Fi. Complimentary 4GB/one-year trial is included.
Lexus Enform Remote® app and Amazon Alexa® compatibility. Complementary for the first year of ownership.
Apple CarPlay® integration
Lexus Enform Safety Connect® and Service Connect® Complementary for the first 10 years of ownership.
Lexus Safety System+®
Backup camera®
Eight standard airbags
Vehicle Dynamics Integrated Management®
Complementary maintenance services (please refer to the Warranty and Services Guide for details)

INDIVIDUAL OPTIONS

C
Premium Triple-Beam LED headlamps
Leather interior trim
Intuitive Parking Assist®
Power moonroof
Orange Brembo brake calipers

D
ILLUMINATED DOOR SILLS
Illuminated door sills include a protective stainless-steel overlay.

CARPET TRUNK MAT
Keeps your trunk looking like new.

ALL-WEATHER FLOOR LINERS
Tub-style perimeter design helps provide optimal protection and an ideal fit.

PAINT PROTECTION FILM BY 3M™
Protects your car with a durable, nearly invisible urethane film.

DOOR EDGE GUARDS
Help protect your vertical door edges from dings and chips.

ACCESSORIES

For a complete list of Genuine Lexus Accessories, visit lexus.com/RCF/accessories. Options shown.
PREMIUM PACKAGE

- Black Carbon Fiber interior trim
- Heated and ventilated front seats
- Lexus Memory System for power driver’s seat, outside mirrors and steering wheel
- Blind Spot Monitor\(^{16}\) with Rear Cross-Traffic Alert\(^{17}\)
- Electrochromic (auto-dimming) outside mirrors with auto lift-down in reverse
- Intuitive Parking Assist\(^{18}\)
- Rain-sensing windshield wipers and water-repellent front-door glass

PERFORMANCE PACKAGE

- Carbon fiber roof
- Carbon fiber speed-activated rear wing
- Torque Vectoring Differential

NAVIGATION PACKAGE

- Navigation System\(^{14}\) with DVD/CD player and 10.3-in color multimedia display
- Lexus Enform Dynamic Navigation\(^{15,16}\), Complimentary for up to the first three years of ownership.
- Lexus Enform Destination Assist\(^{17}\), Complimentary for the first year of ownership.

NAVIGATION/MARK LEVINSON AUDIO PACKAGE

- Includes Navigation Package, plus:
  - Mark Levinson\(^{\text{®}}\) Premium Surround Sound Audio System\(^{12}\)
  - 17 speakers
  - 835-watt Class-D amplifier
  - Clari-Fi\(^{49}\) audio processing
  - Auto-volume technology
  - Machined-aluminum control knobs

ALL-WEATHER PACKAGE

- Windshield wiper de-icer
- Headlamp washers
- Heated steering wheel

WHEELS

Forged alloy wheels by BBS add an edge.

The largest standard forged wheels\(^{11}\) in the class make a statement while enhancing performance through increased strength and decreased weight.

19-in

- Split-seven-spoke forged alloy wheels\(^{10}\) by BBS STANDARD

19-in

- Hand-polished 20-spoke forged alloy wheels\(^{10}\) by BBS AVAILABLE
