With a driver-inspired design, intuitive technology and an innovative approach to performance, the RX not only created the category, it’s redefined it with each subsequent generation.
From the onset, the current-generation RX was designed to make driving more effortless and enjoyable. Which is why, among its many courteous amenities, you’ll find a spacious cargo area, technology that puts you in total control of your interior surroundings and available heated and ventilated front seating.

Optional equipment shown. See disclaimers on page 76.
TECHNOLOGY FOCUSED ON KEEPING YOU FOCUSED.

Optional equipment shown. See disclaimers on page 76.
Because every driver is different, the finishing touches to every vehicle come courtesy of the person who will be sitting inside of it. Available adjustments like seating temperature—easily addressed by internal heating and ventilation—and seat cushions that can be extended for additional leg support. Both are simple ways to make the available semi-aniline leather-trimmed seating more comfortable than it already is.
A unique take on the conventional double-wishbone design means you’ll have an abundance of usable room in the cargo area. Need additional space? The rear seats fold effortlessly with remote levers on either side of the rear-door opening.

Talk about accommodating: The cargo area offers enough floor space to lay four large suitcases flat, and an available dual-screen Rear-Seat Entertainment System enables two separate video sources to be watched simultaneously. This system includes seven-inch LCD monitors conveniently located behind the front headrests, wireless headphones and a single remote to control both screens.

PERFECTLY SUITEd FOR EVERY NEED AND CINEMATIC PREFERENCE.
The current-generation RX is so engineered around the driver’s needs, it allows you to operate many of its features without ever removing your hands from the steering wheel. A multifunction toggle button, for instance, can be used to personalize up to 20 different functions—from interior illumination settings to door-locking preferences. And, with Bluetooth® technology, you can control your compatible cell phone and portable audio player wirelessly through the RX.

Optional equipment shown. See disclaimers on page 76.
For added visibility when the RX is placed in reverse, an available backup camera displays a wide-angle color view on the available Navigation System screen or in the rearview mirror. And, to help take the guesswork out of parking and assist you when negotiating narrow passages, an available Wide-view Side Monitor system built into the passenger-side mirror displays an overhead view to the right of the RX at very slow speeds or when in reverse. Move your mouse over the areas to the right to see what you otherwise might have missed.

Optional equipment shown. See disclaimers on page 76.
The available Navigation System on the RX was designed to help keep your focus where it belongs: on the road ahead. An available Heads-up Display projects simple turn-by-turn directions, speed and audio system information onto the windshield in front of you. And, with available SiriusXM Satellite Radio services, you can receive real-time traffic updates along your route and continually updated weather conditions.
LEXUS ENFORM®

DESIGNED TO HELP
SIMPLIFY YOUR LIFE.

With the available Lexus Enform® system, you can speak to a live service agent, 24 hours a day, seven days a week. You don’t have to memorize any numbers, navigate through seemingly endless screens—or even have your cell phone with you.

Need an address? Simply call Destination Assist via the RX’s available Navigation System® for live assistance. Once you’ve decided on a location, your agent can send the turn-by-turn directions straight to your vehicle's Navigation System. Planning a trip? You also have the option of preselecting up to 200 destinations online and sending them to your vehicle with Lexus’ exclusive service, eDestination.

SAFETY CONNECT®

DESIGNED TO HELP
SAFEGUARD YOUR LIFE.

With Safety Connect® you can request emergency help, whether that means assisting the police with locating your stolen vehicle or requesting Enhanced Roadside Assistance® for a flat tire. The Safety Connect® service (one-year subscription included) also features Automatic Collision Notification, which automatically sends a call to help when the system senses the vehicle has been in a severe rear-end collision or the airbags have been deployed.

See disclaimers on page 76.
The RX was thoughtfully designed to enable you to access and control your portable audio player through the vehicle’s interface using an available USB port. Or, should you have a compatible Bluetooth® player, it can be accessed while remaining in your pocket or purse. And to ensure it’s as flawless as it is functional, the available 15-speaker Mark Levinson® Premium Surround Sound Audio System uses 7.1-channel architecture to create a virtual sweet spot of sound that encompasses the entire interior. Want to hear more? Click on the speakers.
The current-generation RX offers exceptional agility and acceleration response. All the while providing low emissions and remarkable fuel economy. Proof that when it comes to performance technology, there’s really only one way to handle curves: by staying ahead of them.
You don’t design a vehicle around a driver and then ignore their right foot. Which is why you’ll find the RX was designed with some of the most innovative—albeit unconventional—performance technology available. A uniquely designed double-wishbone rear suspension was created to improve rear road-handling grip. The undercarriage was crafted with wind channels for optimal aerodynamics. And an intelligent six-speed automatic transmission was paired with an engine that delivers 90% of its torque at lower RPM for smoother acceleration and response.
Weather can change in an instant. So we designed an all-wheel drive system to respond even faster.

All-wheel drive or no all-wheel drive? Since Mother Nature can never seem to make up her mind, how’s a driver to decide? With available Active Torque Control all-wheel drive, you don’t. By monitoring a series of sensors, it powers the rear wheels only when needed and by the amount required. During normal on-road driving, for instance, the vehicle sends 100% of the power to the front wheels for optimal efficiency. Should you encounter a rogue patch of ice, the system will automatically allocate the necessary amount of power to the front and rear wheels to help maintain traction.
THE MOST TELLING PERFORMANCE TIMES ARE MEASURED IN MILLISECONDS.

Utilizing a network of sensors that monitor everything from speed to steering to braking, the Vehicle Dynamics Integrated Management system available on the RX is designed to anticipate a loss of traction and take steps to help correct it before it occurs. All within a fraction of a second.

Optional equipment shown. See disclaimers on page 76.
When the first RX Hybrid was introduced, it made a statement:
Of all the ways to begin shaping the future of the automobile,
none was more important than simply beginning. Multiple
generations of hybrid technology later, the original luxury hybrid
is even further ahead of its time.
THE RX 450h: PROGRESS, PROGRESSED.

- MORE FUEL-EFFICIENT ENGINE
- EXHAUST HEAT-RECOVERY SYSTEM
- ECO MODE

Optional equipment shown.
The current-generation hybrid system on the RX 450h began with a challenge: Develop the most efficient RX Hybrid system to date without sacrificing an ounce of performance. Just a few of the systems that answered this challenge:

- A gasoline engine that works differently from conventional engines to convert more of the energy generated during combustion into mechanical energy;
- An Exhaust Gas Recirculation system that captures, cools and reuses a portion of the exhaust gasses, reducing emissions and improving fuel efficiency; and
- An Eco Driving Indicator that provides real-time feedback of economical driving practices.
The RX 450h is the first hybrid vehicle to feature Intelligent Shift Control, a shifting system that can estimate whether you are traveling uphill or downhill and automatically select the appropriate gear ratio for better engine response. Enhancing performance even further, a Sequential Shift mode enables you to upshift or downshift on the fly, providing greater responsiveness and maneuverability coming out of corners.

Optional equipment shown.
The safest accident is the one that never happens. Which is why the current-generation RX offers a variety of innovative measures to help prevent one from occurring. Should an accident be unavoidable, we’ve helped plan for that, too. Two hundred and thirty-three crash tests were performed on the RX during development—leading to such passive safety measures as an overlapping pillar design that helps provide increased buckling strength and enhanced load sustainability when buckled.
WE APPROACHED VISIBILITY FROM A DIFFERENT ANGLE.

The RX places such a premium on visibility, we even figured out a way to improve the vision of other drivers on the road. In addition to the available Adaptive Front Lighting System (AFS), the RX offers available intelligent high-beam headlamps. If their sensors detect oncoming traffic or vehicles traveling closely ahead of you, they automatically switch from high beams to low beams. And, once traffic clears, they return to high-beam mode for greater visibility.

To help illuminate more of the road ahead, the available Adaptive Front Lighting System (AFS) can rotate the left headlamp up to 15 degrees in a left turn and the right headlamp up to 10 degrees in a right turn.

Optional equipment shown. See disclaimers on page 76.
Call it a state-of-the-art inkling, if you will. Utilizing highly advanced radar technology, the available Pre-Collision System\textsuperscript{20} can sense an unavoidable frontal collision and automatically retract the front seatbelts while preparing Brake Assist\textsuperscript{21} for increased braking pressure when the driver steps on the brake pedal. It’s just one of the 20 Actively Safe features offered on the RX. Of course, if impact does occur, you can also take comfort in knowing that the RX features a host of passive safety measures as well. Like a 10-airbag system\textsuperscript{15} and active front headrests\textsuperscript{22} that can move diagonally upward and forward in the event of certain types of rear collisions to assist in supporting the head, thereby helping to reduce the possibility of whiplash.
With so much innovative thinking at Lexus, it's hard to stay up-to-date. That's why we created the Lexus Pursuit newsletter. Each month, e-mail subscribers receive exclusive information about upcoming model launches and events, as well as the latest innovations and offers. Sign up today and stay informed of all things Lexus.

RX 350 STANDARD LUXURY FEATURES

LUXURY AND CONVENIENCE

SmartAccess28,29 with push-button Start/Stop and touch sensors on exterior front-door handles
Dual-zone automatic climate control with interior air filter
Power tilt-and-telescopic steering column
Power windows with one-touch open/close feature
Remote-linked opening for windows and available moonroof
Power door locks
Multifunction, in-key remote entry system with rolling-code technology29
Electrochromic (auto-dimming) inside rearview mirror
Cruise control
Sliding front center console with storage bin, dual power outlets and pass-through storage
Front and rear cupholders
HomeLink® universal transceiver to operate compatible garage, gate, home lighting and home security systems
Lexus Personalized Settings (LPS)30 to customize select electronic functions
Illuminated entry system
Accessory power outlet in front center stack, front console box and rear cargo area
Dual illuminated visor vanity mirrors
Extendable sun visors
Roof rails31,32
Rear bumper protector

COMMUNICATION, AUDIO AND NAVIGATION

Lexus nine-speaker Premium Sound System with Automatic Sound Levelizer (ASL) and in-dash, single-feed, six-disc CD auto-changer
Auxiliary iPod®/MP3/Windows Media® Audio (WMA) port
SiriusXM Satellite Radio2,10 Subscription required. 90-day trial subscription included
Bluetooth® technology
Bluetooth® audio profile for wireless integration of compatible music players
FM-diversity antenna system
Shark-fin antenna

INSTRUMENTATION AND CONTROLS

Steering-wheel-mounted audio, phone and display controls
Electroluminescent instrumentation
Liquid Crystal Display (LCD) multi-information console display on upper console
Organic Light-Emitting Diode (OLED) multi-information display in gauge cluster
Outside temperature gauge
Automatic on/off headlamps with auto-off delay
Interior electronic fuel-filler door release

See disclaimers on page 76.
RX 350 STANDARD SAFETY AND SECURITY FEATURES

**ACTIVE SAFETY**

Vehicle Stability Control (VSC)\(^{17}\)
Traction Control (TRAC)
Four-wheel power-assisted disc brakes
Four-sensor, four-channel Anti-lock Braking System (ABS)
Smart Stop Technology\(^{24}\)
Brake Assist\(^{21}\)
Electronic Brakeforce Distribution (EBD)
Full-time all-wheel drive (RX 350 AWD)
Tire Pressure Monitor System\(^{35}\)
Water-repellent front-door glass
Daytime running lights
Integrated foglamps
LED taillamps
Variable intermittent front windshield wipers
Intermittent rear-window wiper with washer
Rear-window defogger with auto-off timer
Power-adjustable outside mirrors with integrated turn indicators and defoggers

**PASSIVE SAFETY**

Driver’s and front passenger’s advanced airbag system (SRS) with front passenger’s twin-chamber airbag (SRS)\(^{15}\)
Front and rear seat-mounted side airbags (SRS)\(^{15}\)
Driver’s and front passenger’s knee airbags (SRS)\(^{15}\)
Front and rear Roll-Sensing Curtain Airbags (RSCA) (SRS)\(^{15}\)
Active front headrests\(^{22}\)
Three-point seatbelts for all seating positions, pre-tensioners with force limiters for all seating positions
Automatic Locking Retractor/Emergency Locking Retractor (ALR/ELR) seatbelts for all outboard seating positions. Emergency Locking Retractor (ELR) only for driver’s seat
Height-adjustable front shoulder belt anchors
Child Restraint Seat (CRS) tether anchor brackets for rear outboard seating positions
Highly rigid body structure with front and rear crumple zones
Reinforcements in pillars and door sills
Side-impact door beams
Impact-dissipating upper interior trim
Collapsible steering column
Collapsible brake pedal

**SECURITY**

Safety Connect\(^{8,11,13}\) offers Automatic Collision Notification, Stolen Vehicle Location, an Emergency Assistance Button (SOS) and Enhanced Roadside Assistance\(^{16}\) connectivity. Subscription required. One-year trial subscription included
Vehicle theft-deterrent and engine-immobilizer system,\(^{29}\) with in-key transponder
Tonneau cover
First aid kit
Tool kit

See disclaimers on page 76.
RX 350 OPTION PACKAGES

NAVIGATION SYSTEM PACKAGE

HDD Navigation System\(^2\) including Remote Touch\(^3\) device, voice command, high-resolution color LCD display with integrated wide-view backup camera\(^8\) and Enhanced Bluetooth\(^6\) technology\(^9\)

NavTraffic\(^{2,10}\), NavWeather\(^{2,10}\) and Sports and Stocks\(^{2,10}\). Subscription required. 90-day trial subscription included.

Lexus Enform\(^{11,12}\) offers Destination Assist and eDestination. Subscription required. One-year trial subscription included.

REAR-SEAT ENTERTAINMENT SYSTEM (RSES) AND NAVIGATION SYSTEM PACKAGE

High-resolution LCD dual-screen DVD Rear-Seat Entertainment System (RSES)\(^4\)

HDD Navigation System\(^2\) including Remote Touch\(^3\) device, voice command, high-resolution color LCD display with integrated wide-view backup camera\(^8\) and Enhanced Bluetooth technology\(^9\)

NavTraffic\(^{2,10}\), NavWeather\(^{2,10}\) and Sports and Stocks\(^{2,10}\). Subscription required. 90-day trial subscription included.

Lexus Enform\(^{11,12}\) offers Destination Assist and eDestination. Subscription required. One-year trial subscription included.

Lexus 12-speaker Premium Sound System

Lexus 12-speaker Bluetooth\(^6\) technology

NavTraffic\(^{2,10}\), NavWeather\(^{2,10}\) and Sports and Stocks\(^{2,10}\). Subscription required. 90-day trial subscription included.

Lexus Enform\(^{11,12}\) offers Destination Assist and eDestination. Subscription required. One-year trial subscription included.

Wireless headphones\(^5\)

Audio and video inputs

Two-prong 120V AC power outlet

PREMIUM PACKAGE

Leather-trimmed interior

Lexus Memory System to control power driver’s seat (except lumbar), outside mirrors and steering wheel

Power tilt-and-slide moonroof with one-touch open/close and sliding sunshade

USB audio input for iPod\(^33\)/compatible music player integration with audio system

Rear-armrest storage compartment with cover

Power rear door

Electrochromic (auto-dimming) outside mirrors

*Please see page 76 for more information regarding options/accessories/packages. See disclaimers on page 76.

COMFORT PACKAGE

Heated and ventilated front seats

Bi-Xenon\(^{TM}\) High-Intensity Discharge (HID) headlamps with dynamic auto-leveling

Adaptive Front Lighting System (AFS)\(^{18}\) and intelligent high-beam headlamps\(^{19}\)

Rain-sensing intermittent windshield wipers with mist cycle

Lexus 12-speaker Premium Sound System

LUXURY PACKAGE

Semi-aniline leather-trimmed interior

Lexus Memory System to control power driver’s seat (except lumbar), outside mirrors and steering wheel

Wood- and leather-trimmed steering wheel and shift knob

Front-seat power cushion extenders

Power tilt-and-slide moonroof with one-touch open/close and sliding sunshade

USB audio input for iPod\(^33\)/compatible music player integration with audio system

Rear-armrest storage compartment with cover

LED-illuminated front door sills

Power rear door

Headlamp washers

Wide-view Side Monitor system\(^9\)

Power-folding electrochromic (auto-dimming) outside mirrors

19 x 7.5-in seven-spoke alloy wheels with 235/55VR19 all-season tires\(^{23}\)

Smog-sensing automatic recirculation mode for climate-control system

APPEARANCE PACKAGE

19 x 7.5-in seven-spoke alloy wheels with Superchrome finish and 235/55VR19 all-season tires\(^{23}\)

Halogen headlamps with black trim
SPORT PACKAGE

Vehicle Dynamics Integrated Management (VDIM) with cutoff switch
Sport-tuned suspension
19 x 7.5-in seven-spoke alloy wheels with Superchrome finish and 235/55VR19 all-season tires

TOWING PREP PACKAGE

Transmission cooler
Heavy-duty alternator
Heavy-duty radiator

OPTIONS*

19 x 7.5-in seven-spoke alloy wheels with 235/55VR19 all-season tires

Intuitive Parking Assist
Backup camera integrated into inside rearview mirror
Wood- and leather-trimmed steering wheel and shift knob
Heated and ventilated front seats
Mark Levinson® 15-speaker 330-watt @ 0.1% THD, 20–20,000 Hz Premium Surround Sound Audio System with Automatic Sound Levelizer (ASL), 7.1 architecture and in-dash, single-feed, six-disc DVD/CD auto-changer
Lexus 12-speaker Premium Sound System with Automatic Sound Levelizer (ASL) and in-dash, single-feed, six-disc CD auto-changer
Two-prong 120V AC power outlet
Pre-Collision System (PCS) and Dynamic Radar Cruise Control
Heads-up Display
Bi-Xenon™ High-Intensity Discharge (HID) headlamps with Adaptive Front Lighting System (AFS)

*Please see page 76 for more information regarding options/accessories/packages. See disclaimers on page 76.

WARRANTY

Four-year/100,000-mile Lexus Limited Warranty. Five-year/60,000-mile Powertrain Warranty. Eight-year/100,000-mile Hybrid System Warranty. Six-year/unlimited-mile Corrosion Perforation Warranty. All warranties with zero deductible. See the RX or RX Hybrid Warranty and Services Guide at your Lexus dealer for details.

1. Cargo and seat capacity increase with the base model and varies depending upon seating configuration, interior options, vehicle equipment, and other factors.

2. Availability and accuracy of the information provided by the Navigation System or any SiriusXM services mentioned, if installed, is dependent upon many factors. Use common sense when relying on information provided. Services are not available in every city or roadway. Periodic Navigation updates available at additional cost. Please see your Navigation System Owner’s Manual for contact SiriusXM details. 3. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions. 4. A single feed, bi-daylight running light is standard on vehicles equipped with the dual-screen Rear Seat Entertainment System. A separate DVD player or game system utilizing the center console video/audio inputs is required in order to use the split-screen function. 5. Headlamps are for passenger use only. Do not use while operating vehicle. 6. Bluetooth® technology phones listed on lexus.com have been tested for compatibility with Lexus vehicles. Performance will vary based on phone software version, coverage and your vehicle carrier. Phones are warranted by their respective manufacturers, not Lexus. The Bluetooth word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. Other trademarks and trade names are those of respective owners. 7. Bluetooth audio device interface equipped with A2DP and AVRCP. 8. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. 9. SmartKey system will limit effectiveness and view may become obstructed. The Wide-view Side Monitor system does not provide a comprehensive view of the front passenger-side area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm clearance. 10. SiriusXM will limit effectiveness and view may become obstructed. Subscriptions require a subscription plan after trial period. Subscriptions have a Perforation Warranty. All warranties with zero deductible. See the RX or RX Hybrid Warranty and Services Guide at your Lexus dealer for details.

41. To avoid interference with pedal operation, do not install a floor mat on top of an existing floor mat, and each mat must be secured with rubber-tipped non-slip fasteners. 

42. The Lexus RX is not designed to be driven off-road.

12. Available equipment shown. See your Lexus dealer or call Lexus Financial Services at 1-800-874-7055 for more information.
