

UX

—

2020 LEXUS

Bold design.

Next-generation connectivity.

Agile performance.

Experience a crossover crafted to conquer
the modern frontier.

The 2020 Lexus UX

UXh shown in Nori Green Pearl (left), UX shown in Atomic Silver (middle), UXh F SPORT shown in Ultra White (right)

UX 250h AWD

The UX 250h combines a high-output electric motor with a 2.0-liter four-cylinder engine for added power, and delivers a 39-MPG combined EPA estimate¹—the best of all non-plug-in luxury SUVs.² It also includes all-wheel drive³ and available Lexus-first Predictive Efficient Drive⁴ that learns your driving patterns and adapts to your commute.

UX 200

Experience the responsive acceleration of a 2.0-liter four-cylinder engine paired with a Lexus-first 10-speed Direct-Shift Continuously Variable Transmission. With numerous innovations, every UX model includes Amazon Alexa⁵ compatibility and now features Android Auto.^{TM6} As well as added iPhone^{®7} functionality via Apple CarPlay^{®8} integration, and Lexus Safety System+ 2.0,⁹ which includes preceding pedestrian and bicyclist detection.¹⁰

UX F SPORT MODELS

Take both models to the next level with F SPORT style and performance upgrades, such as an exclusive F SPORT-tuned suspension, 18-inch wheels,¹¹ bolstered sport seats and digital instrumentation.

UX F SPORT shown in Ultra White

In addition to our most advanced standard safety system to date, all UX models feature an available Blind Spot Monitor¹² to help you change lanes, with a Rear Cross-Traffic Alert¹³ system that can provide added peace of mind when backing out of parking spaces.

UXh shown in Silver Lining Metallic

UXh shown in Atomic Silver (left) and Cadmium Orange¹⁴ (right)

UX shown with Apple CarPlay[®] integration and Birch/Lapis NuLuxe[®] interior trim

MODERN STYLE

Provocative details and cutting-edge craftsmanship come together in a crossover designed for the modern pioneer.

Delivering a refreshing take on crossover styling, the UX offers a striking triple-beam LED headlamp and integrated daytime running light design, and features aerodynamic taillamps that blend 120 LEDs into one continuous line that tapers to a mere three millimeters in the center. And merging traditional Japanese aesthetics with contemporary luxury, available *washi* trim is uniquely crafted to mimic the soft grain of Japanese paper, adding distinctive texture and style to the dash.

UX shown in Atomic Silver

A REFLECTION OF THE CITY FROM EVERY ANGLE

From its smart size to its sculpted character lines, every element of the Lexus compact crossover is an embodiment of the city itself. Engineered to fit in, yet designed to stand out, the UX excels even in the tightest spaces. Compact enough to maneuver around narrow streets and nimble enough to impress whether parking or driving, it also has ample cargo and cabin space¹⁶ to fit everything and everyone you'll want to take on your next weekend adventure.

UX shown in Atomic Silver

THE INTERSECTION OF FORM AND FUNCTION

While there are many ways to measure space, the most important is what you can do with it.

With an expansive cabin, ample cargo space¹⁶ and an available Power Rear Door with Kick Sensor,¹⁷ every aspect of the UX was crafted to anticipate the driver's every need. As you settle into the available heated and ventilated NuLuxe[®]-trimmed¹⁵ driver's seat, you'll notice controls that are intuitively positioned toward you—with an enhanced Remote Touchpad¹⁸ and audio switches ergonomically located in the palm rest. Even the dash and front windows are thoughtfully designed. Inspired by the Japanese architectural concept of marrying the inside with the outside, known as *engawa*, they appear to flow seamlessly into the hood. The result: among the widest fields of vision in its class¹⁹ and optimal visibility of the road ahead.

Featuring generous rear legroom and 60/40-split folding rear seats, the UX also offers additional compartments in the cargo area, as well as a 110V power outlet, wireless charger²⁰ and four USB²¹ ports throughout the cabin. This is versatility fit for the modern explorer.

UXh shown in Atomic Silver with Glazed Caramel NuLuxe interior trim

21.7 cu ft
cargo space with seats up^{16,22} (UX 200)

SEAMLESS CONNECTIVITY

Amazon Alexa compatibility. Android Auto functionality. This is more than standard technology that connects you. It's an extension of you.

Technology isn't just something you use. It's always with you. Which is why the UX offers innovation that blurs the line between driver and vehicle. You can start your engine remotely²³ with your smartwatch, or start your favorite podcast in your kitchen and finish it on your drive to work with Amazon Alexa⁵ compatibility. And with Android Auto^{TM6} you'll now enjoy access to messaging apps like WhatsApp[®] via the available 10.3-inch high-resolution split-screen multimedia display—the largest in its class.¹⁹ It also features the unique capability to anticipate and provide personalized information.

UXh F SPORT shown with Apple CarPlay[®] integration and Circuit Red NuLuxe[®] interior trim

BEYOND ADVANCED

The next level of innovation: personalization.

APPLE CARPLAY

With standard Apple CarPlay[®] integration, you can access the same familiar interface from your iPhone⁷ through the 7.0-inch or available 10.3-inch multimedia display—the largest in its class.¹⁹ Simply connect your iPhone to get directions, make calls, send and receive messages via Siri,^{®24} and get access to your favorite apps like Spotify,[®] Waze and Apple Audiobooks.^{TM25}

AMAZON ALEXA

Bring all the convenience of Amazon Alexa⁵ on the road with the Lexus+Alexa²⁶ app. Using only your voice, you can easily access thousands of the same functions you get with Alexa at home. Listen to audiobooks, stream Amazon Music,⁵ make lists, check the weather, get news briefings and much more. You can also use it to control compatible smart-home devices such as lighting, thermostat and security systems. Offering added in-vehicle convenience, Alexa can even sync to your Navigation System²⁷ or provide on-the-go directions via the integrated Waze app.

ANDROID AUTO

With Android Auto,^{TM6} you can now seamlessly cast your device's interface onto the vehicle's multimedia display. Play your music via your favorite apps such as Spotify[®] and Pandora,[®] send messages through a range of commonly used apps like WhatsApp,[®] navigate with Google Maps,^{TM28} and request information—all with just the sound of your voice—through the Google Assistant.²⁸ For added convenience, Android Auto can also deliver tailored information based on your calendar, usage activity and habits.

LEXUS ENFORM

Lexus Enform²⁹ elevates connected technology and provides concierge-level convenience. From emergency assistance and onboard Wi-FiTM to the ability to start your engine remotely²³ using your smartphone, smartwatch, the Lexus skill on Amazon Alexa⁵ built-in devices, or the Lexus Action on Google with your Assistant-enabled²⁸ devices, our premium suite of connected technology offers peace of mind with every drive.

DELIVERY AND TECHNOLOGY SPECIALISTS

To help you get the most out of these and other features in your new Lexus, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like FaceTime.^{®30} Learn more about these services at lexus.com/specialists.

TECHNOLOGY FOR EXPLORATION

With available class-exclusive predictive technology,¹⁹ you'll spend less time fueling your tank and more time fueling your curiosity.

Freeway on-ramps. Steep hills. Narrow one-way streets. Offered exclusively on the nimble UX 250h, Predictive Efficient Drive⁴ learns your driving patterns and adapts to your commute for optimal efficiency. This advanced system is the only one in its class¹⁹ to sync with available Navigation²⁷ to automatically determine when to rely on battery power alone to conserve fuel and when to recharge the battery, seamlessly switching between the two power sources.

PREDICTIVE EFFICIENT DRIVE⁴

LEARNS

The system learns that you frequently stop at this intersection. When you release the gas, it increases regenerative braking to recharge the hybrid battery.

CONSERVES

During downhill stretches, the system can use battery power to conserve fuel.

ADAPTS

For optimal efficiency when driving uphill, the system can switch to electric power to conserve fuel and utilize more of the hybrid battery, knowing it will be replenished on the way down.

ANTICIPATES

Using navigation data, the system can detect congestion ahead and proactively charge the hybrid battery in order to reduce engine starts once you're in traffic, creating a smoother drive and optimizing fuel efficiency.

UXh shown in Nebula Gray Pearl

PEACE OF MIND, STANDARD

In addition to being awarded a prestigious 5-Star Overall Safety Rating from the NHTSA,³¹ the 2020 UX also features Lexus Safety System+ 2.0, an integrated suite of class-leading standard active safety equipment.^{9,19}

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION

By enhancing the radar and camera capabilities, it's possible for the system³² to help detect not only the vehicle ahead, but also a preceding bicyclist in daytime and even a preceding pedestrian in daytime and low-light conditions. Should it detect a potential frontal collision, it can help automatically brake the vehicle to a stop.

LANE TRACING ASSIST

When All-Speed Dynamic Radar Cruise Control³³ is enabled, this hands-on system³⁴ monitors visible lane markings or the path of the preceding vehicle to help the driver keep their vehicle centered in the lane by providing steering assistance. Designed for added convenience and to help reduce driver strain, the system can even be used in traffic and on highways with gradual curves.

LANE DEPARTURE ALERT WITH STEERING ASSIST

This system³⁵ utilizes a camera to monitor visible lane markings. If an inadvertent lane departure is detected at speeds above 32 mph, the system is designed to warn you so that you can steer back into the lane, and can even take slight corrective measures to help keep you within your visibly marked lane.

ROAD SIGN ASSIST

This system³⁶ uses a built-in camera to help provide road sign information in the instrument panel. In addition to displaying speed limit information, the system can alert you of certain detected signs you otherwise might have missed.

ALL-SPEED DYNAMIC RADAR CRUISE CONTROL

This system³³ uses radar and camera technology to help you maintain a preset speed and following distance from the vehicle ahead. Whether at highway speeds or in stop-and-go traffic, the system is designed to detect if you get closer than the preset distance and automatically slow your vehicle—even to a complete stop. If driving at highway speeds and the road ahead clears, your Lexus returns to its preset speed.

INTELLIGENT HIGH BEAMS

To help provide greater visibility for you as well as other drivers, Intelligent High Beams³⁷ offer added illumination to help keep you focused on the road. When the road ahead is clear, the system defaults to high-beam mode, then temporarily switches to low beams when it detects the headlamps or taillamps of vehicles ahead.

LEXUS SAFETY SYSTEM + 2.0

UXh shown in Atomic Silver

UX shown in Nori Green Pearl

DYNAMIC PERFORMANCE

From the versatile UX 250h to the agile F SPORT models, the UX offers numerous ways to get the most out of every mile.

Every UX model makes a statement that can't be ignored. Choose the responsive 2.0-liter four-cylinder engine of the UX 200 or the electronic all-wheel drive³ capability of the UX 250h. And for even more exhilaration, experience the sport-tuned suspension and bold styling of both F SPORT models. When combined with a highly rigid platform that delivers incredible agility, this is performance that makes every drive more enjoyable than the last.

DUAL-POWERED FOR A SINGLE PURPOSE

With a 39-MPG combined estimate and on-demand torque off the line, the UX 250h is not only the most powerful UX model, it's the most efficient non-plug-in luxury SUV available.

Explore even further with the UX 250h. Pairing a strong 2.0-liter engine with a powerful battery for a 39-MPG combined EPA estimate,¹ the best of any non-EV luxury SUV,² the UX Hybrid delivers peak performance at peak efficiency. Its exclusive electronic all-wheel drive system,³ the lightest and smallest ever in a Lexus, optimizes fuel efficiency by powering the rear wheels when the system detects that additional traction is needed. The UX 250h also offers unprecedented technology like Predictive Efficient Drive⁴ that uses data from your Navigation System²⁷ and real-time traffic information to optimize battery regeneration. Combining innovative technology with impressive power and acceleration off the line—all while achieving exceptional MPG—this is the best of everything the UX has to offer.

AWD

can send up to 80% of the power to the rear wheels

UXh shown in Autumn Shimmer

GROUNDBREAKING FROM THE GROUND UP

From a highly rigid platform that delivers sharp handling to a Direct-Shift CVT for smooth acceleration, the UX offers a driving experience as unforgettable as its design.

Merging the visual appeal of a low, wide stance with the performance benefits of an extremely lightweight and rigid platform, the UX is truly a feat of engineering. It uses structural adhesives and laser screw welds, which significantly reduce the need for weighty screws and fasteners while enhancing agility and ride quality. It also utilizes high-strength aluminum throughout the vehicle. The result is not only efficiency to do more, but also a lower center of gravity for nimble handling and easier navigation of every road.

The UX 200 boasts a dynamic 2.0-liter four-cylinder engine with a 10-speed Direct-Shift Continuously Variable Transmission. This first-of-its-kind technology¹⁹ delivers more responsive acceleration, on-demand torque and the feel of a gear-driven transmission—all while maximizing fuel efficiency.

UX F SPORT shown in Ultrasonic Blue Mica 2.0¹⁴

ENGINEERING FOR EXPLORATION

With a best-in-class turning radius and specially tuned suspension, the UX performs as well in tight spaces as it does on the open road.

Purposefully crafted for city driving, everything from its ideal size to its highly responsive steering system was engineered to take on the modern frontier. By tilting the wheels inward during tight maneuvers, the UX features a best-in-class 17.1-foot turning radius¹⁹ that makes three-point turns a thing of the past. Meanwhile, its suspension was specially tuned to enhance agility and ride quality over well-worn streets. Delivering more efficiency and more responsiveness on the open road, the UX allows you to choose one of three distinct drive modes with a simple turn of a dial. And to combat the road noise of busy highways, bustling downtowns and everything in between, the UX utilizes innovative sound-absorbing materials and uniquely designed components to help channel airflow. Even its platform was specifically engineered to reduce vibrations and improve cabin comfort.

17.1 ft
best-in-class turning radius¹⁹

UXh shown in Atomic Silver

F SPORT PERFORMANCE

Turn even more heads with F SPORT performance and design upgrades.

Both UX F SPORT models offer the next level of dynamic handling, rigidity and responsiveness. From lightning-fast paddle shifters to an exclusive sport-tuned suspension, they deliver performance as aggressive as their design. For an even more visceral driving experience, they also emit a throaty engine note at higher rpm. Meanwhile, performance-inspired digital gauges move in concert with a sliding bezel, expanding and retracting digital readouts when information is accessed.

UXh F SPORT shown in Ultra White

F SPORT STYLING

Aggressively designed inside and out, the UX F SPORT delivers bold style that's a true reflection of high performance. Both F SPORT models feature a perforated leather-trimmed shift knob, aluminum pedals and a perforated leather-trimmed steering wheel that includes a varied grip profile for optimal control. They also boast exclusive F SPORT seats with embossed headrests, enhanced bolsters and a unique foam-injected construction designed to cradle the driver during high-G turns. Their low position helps place the driver's hip point as close as possible to the vehicle's center of gravity for a more dynamic driving experience. Beyond the track-inspired seating, its exclusive 18-inch F SPORT wheels¹ and expressive LED cornering and foglamps deliver unmistakable F SPORT style.

UX STYLES

UX 200

Standard on every UX:

- SmartAccess^{38,39} with push-button Start/Stop
- Drive Mode Select with Sport, Normal and ECO drive modes
- Lexus Enform Safety Connect:⁴⁰ Included for the first three years of ownership.
- Lexus Enform Service Connect:⁴⁰ Included for the first 10 years of ownership.
- Lexus Multimedia System¹⁸ with color display
- Apple CarPlay^{®8} integration
- Android Auto^{™6}
- Amazon Alexa⁵ compatibility
- Six-speaker Premium Sound System
- Lexus Enform Remote²³ with the Google Assistant²⁸ and Amazon Alexa⁵ compatibility. Included for the first three years of ownership.
- Lexus app (Lexus Enform Remote,²³ Lexus Drivers and more)
- Lexus Enform Wi-Fi.[™] 4GB/three-month trial⁴¹ is included.
- Bluetooth^{®42} connectivity and four USB²¹ ports
- Voice Command
- 7.0-in color LCD multi-information display
- Dual-zone automatic climate control with interior air filter
- NuLuxe^{®15} interior trim
- Eight-way power-adjustable front seats with two-way driver lumbar support
- 60/40-split folding rear seats
- Folding tonneau cover
- Bi-LED headlamps, LED taillamps and daytime running lights
- Leather-trimmed steering wheel and shift knob
- Heated outside mirrors
- Backup camera⁴³
- Electronic parking brake
- 10 standard airbags⁴⁴
- Lexus Safety System+ 2.0⁹

UX 200 LUXURY

Includes UX 200 features and Premium Package, plus:

- Lexus Memory System for driver's seat and outside mirrors
- Wirelessly powered LED-illuminated air-vent knobs
- Front aluminum door-sill scuff plates
- Auto-dimming power-folding outside mirrors with auto tilt-down in reverse
- Acoustic front side glass
- Power Rear Door with Kick Sensor¹⁷
- Blind Spot Monitor¹² with Rear Cross-Traffic Alert¹³

UX 250h

Includes UX 200 features, plus:

- Concealed exhaust
- Lexus Hybrid Drive
- EV drive mode⁴⁵
- Electronic all-wheel drive³

UX 250h LUXURY

Includes UX 250h features and Premium Package, plus:

- Lexus Memory System for driver's seat and outside mirrors
- Wirelessly powered LED-illuminated air-vent knobs
- Front aluminum door-sill scuff plates
- Auto-dimming power-folding outside mirrors with auto tilt-down in reverse
- Acoustic front side glass
- Power Rear Door with Kick Sensor¹⁷
- Blind Spot Monitor¹² with Rear Cross-Traffic Alert¹³

UX 200 F SPORT

Includes UX 200 features, and adds or replaces:

- F SPORT 18-in split-five-spoke alloy wheels with run-flat tires^{11,46}
- F SPORT-tuned suspension
- F SPORT exterior styling including unique front and rear bumpers, grille and badging
- LED foglamps and cornering lamps
- Active Sound Control
- F SPORT bolstered front seats
- A Perforated leather-trimmed F SPORT steering wheel and shift knob
- Paddle shifters
- Performance-inspired instrumentation with sliding bezel
- 8.0-in multi-information display
- F SPORT interior details including aluminum pedals and front aluminum door-sill scuff plates

UX 250h F SPORT

Includes UX 250h features, and adds or replaces:

- F SPORT 18-in split-five-spoke alloy wheels with run-flat tires^{11,46}
- F SPORT-tuned suspension
- B F SPORT exterior styling including unique front and rear bumpers, grille and badging
- LED foglamps and cornering lamps
- Active Sound Control
- F SPORT bolstered front seats
- Perforated leather-trimmed F SPORT steering wheel and shift knob
- Paddle shifters
- Performance-inspired instrumentation with sliding bezel
- 8.0-in multi-information display
- F SPORT interior details including aluminum pedals and front aluminum door-sill scuff plates

PACKAGES

PREMIUM PACKAGE

- A Heated and ventilated front seats
- Power tilt-and-slide moonroof
- Rain-sensing windshield wipers
- Washi interior trim
- Blind Spot Monitor¹² with Rear Cross-Traffic Alert¹³

PREMIUM PACKAGE (F SPORT)

- Heated front seats
- Power tilt-and-slide moonroof
- Rain-sensing windshield wipers
- Blind Spot Monitor¹² with Rear Cross-Traffic Alert¹³

LUXURY PACKAGE (F SPORT)

Includes Premium Package (F SPORT), and adds or replaces:

- Heated and ventilated front seats
- Lexus Memory System for driver's seat and outside mirrors
- Auto-dimming power-folding outside mirrors with auto tilt-down in reverse
- Power Rear Door with Kick Sensor¹⁷

OPTIONS

- B Premium Triple-Beam auto-leveling LED headlamps with headlamp washers, foglamps and cornering lamps
- B Blind Spot Monitor¹² with Rear Cross-Traffic Alert¹³
- Auto-dimming rearview mirror with HomeLink^{®47} garage door opener and compass
- Head-Up Display
- Wireless charger²⁰
- Intuitive Parking Assist⁴⁸ with Rear Cross-Traffic Braking⁴⁹
- Power Rear Door with Kick Sensor¹⁷
- Power tilt-and-slide moonroof
- Heated steering wheel
- Windshield wiper de-icer
- C Navigation System²⁷ (10.3-in color multimedia display; Dynamic Voice Command⁵⁰; Lexus Enform Dynamic Navigation,^{29,50} included for first three years of ownership; Lexus Enform Destination Assist⁵¹ included for first three years of ownership; Lexus eight-speaker Premium Sound System; auto-dimming rearview mirror with HomeLink^{®47} garage door opener; power tilt-and-telescopic steering column)

Subject to smartphone connectivity and capability. Data charges may apply. **31.** Government 5-Star Safety Ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.safercar.gov) with MY2019 vehicle tested. **32.** The designed Pedestrian Detection (PD) is designed to determine if impact is imminent and help reduce impact speed and damage in certain frontal collisions involving a vehicle or a pedestrian. PCS w/PD is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrian, and weather, light and road conditions. See *Owner's Manual* for additional limitations and details. **33.** Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors, including road, weather and traffic conditions. See *Owner's Manual* for additional limitations and details. **34.** Lane Tracing Assist (LTA) is designed to read visible lane markers and detect other vehicles under certain conditions when DRCC is engaged. When potential lane departure is detected, LTA provides a visual warning and either an audible alert or vibration in the steering wheel and can apply a slight steering force. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors, including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **35.** Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual and audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **36.** Do not rely exclusively on Road Sign Assist (RSA). RSA is a driver support system that utilizes the vehicle's forward-facing camera and Navigation System (when data is available) to recognize certain road signs and provide information to the driver via the multi-information display. Effectiveness is dependent on road, weather, vehicle and sign conditions. Use common sense when using RSA and do not drive distracted. See *Owner's Manual* for additional limitations and details. **37.** Intelligent High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See *Owner's Manual* for additional limitations and details. **38.** The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **39.** The engine immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a SmartAccess job into the vehicle. The engine will only start if the code in the transponder chip inside the keyfob matches the code in the vehicle's immobilizer. The transponder chip is embedded in the keyfob and can be costly to replace. If you lose a key or fob, your Lexus dealer can help or you can go to www.aa.org to find a qualified locksmith in your area who can perform high-security key service. **40.** The Safety and Service Connect trial periods are at no extra cost and both begin on the original date of purchase or lease of a new vehicle. After the trial periods expire, enrollment in paid subscription is required to access the services. Safety and Service Connect services depend on an operative telematics device, a cellular connection, navigation map data and GPS signal strength and other factors outside of Lexus' control, all of which can limit system functionality or availability, including access to response center or emergency support. Stolen vehicle police report required to use Stolen Vehicle Locator. Services subject to change at any time without notice. Terms and conditions of subscription service agreement apply. Service may vary by vehicle and region. See usage precautions and service limitations in *Owner's Manual* and [lexus.com/enform](https://www.lexus.com/enform) for details. To learn about Lexus Enform's data collection, use, sharing and retention, please visit <https://www.lexus.com/privacyvts/>. **41.** The Wi-Fi Connect trial period is at no extra cost and begins on the date of activation. After the trial period expires, enrollment in a paid subscription is required to access the service. Terms and conditions apply. **42.** The Bluetooth[®] word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. A compatible Bluetooth-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. **43.** The backup camera does not provide a comprehensive view of the rear area of the vehicle and you should also look around the vehicle, use mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details. **44.** Airbag systems are Supplemental Restraint Systems and are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See *Owner's Manual* for additional limitations and details. **45.** CAUTION! When driving a hybrid vehicle, pay special attention to the area around the vehicle. Because there is little vehicle noise in electric-only mode, pedestrians, people riding bicycles or other people and vehicles in the area may not be aware of the vehicle starting off or approaching them, so take extra care while driving. **46.** UX 200, UX 250h and F SPORT models come standard with run-flat tires—there is no spare tire. **47.** HomeLink and the HomeLink[®] house icon are registered trademarks of Genex Corporation. **48.** Intuitive Parking Assist (IPA) is designed to assist drivers in avoiding potential collisions at speeds of 9 mph or less. Certain vehicle and environmental factors, including an object's speed, shape, size and composition, may affect the system's effectiveness. Always look around outside the vehicle and use mirrors to confirm clearance. See *Owner's Manual* for additional limitations and details. **49.** Do not rely exclusively on the Rear Cross-Traffic Braking system. Always look over your shoulder and use your mirrors to confirm rear clearance. The system cannot prevent all collisions, and performance is dependent on road, weather, and vehicle conditions. See *Owner's Manual* for additional limitations and details. **50.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Dynamic Navigation and Dynamic Voice Command are dependent upon an operative telematics device, a cellular connection, navigation map data and GPS satellite signal reception, and other factors outside of Lexus' control, which can limit system functionality or availability. To learn about Lexus Enform's data collection, use, sharing and retention, please visit <https://www.lexus.com/privacyvts/>. Use common sense when relying on information provided. Services and programming subject to change at any time without notice. Services not available in every city or roadway. Subscription required upon end of trial service period. See *Navigation System Owner's Manual* for additional limitations and details. See [lexus.com/enform](https://www.lexus.com/enform) for details. The Dynamic Navigation three-year trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Terms and conditions apply. **51.** Destination Assist depends on an operative telematics device, a cellular connection, navigation map data, GPS signal strength and other factors outside of Lexus' control, which can limit system functionality or availability. Use common sense when relying on this information. Service may vary by vehicle and region. Registration required. Services subject to change at any time without notice. Terms and conditions of subscription service agreement apply. See *Owner's Manual* and [lexus.com/enform](https://www.lexus.com/enform) for additional limitations and details. To learn about Lexus Enform's data collection, use, sharing and retention, please visit <https://www.lexus.com/privacyvts/>. The Destination Assist trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in a paid subscription is required to access the service. **52.** Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. **53.** Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. **54.** 2020 EPA estimates. Actual mileage will vary. **55.** All Accessories (Genuine Lexus and F SPORT) installed at the time of retail vehicle delivery are warranted for the same time as the new-vehicle warranty (48 months/50,000 miles). Accessories purchased after retail vehicle delivery and installed by an authorized Lexus dealer are warranted for 12 months from date of purchase or installation, regardless of mileage, or the remainder of any applicable new-vehicle limited warranty, whichever is greater. Accessories purchased over the counter are covered for 12 months from the date of purchase. For all Accessories, refer to your accessory limited warranty or documentation that accompanies accessory purchase for coverage and conditions. **56.** Warranty honored at all Lexus dealerships nationwide excluding Hawaii. **57.** This floor liner was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each liner must be secured with its fasteners. Do not install a floor liner on top of an existing floor liner. **58.** This floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat must be secured with its fasteners. Do not install a floor mat on top of an existing floor mat. **59.** Lexus Genuine Accessory Warranty will only apply when the installation is performed by a trained Lexus-approved installer. See Lexus dealer for details. **60.** Lexus Universal Tablet Holder is intended for passengers only. Drivers should always be sure to obey traffic regulations and maintain awareness of the road and traffic conditions at all times. Use of aftermarket accessories may pose an increased risk of injury to occupants in the vehicle in the event of an accident. Tablet, phone, music and video player sold separately. **61.** Genuine Lexus Paint Protection Film by 3M™ is designed for specific sections of the hood and front fenders. Depending on the model, it may also be applied to select portions of the front bumper for an additional charge. Lexus Genuine Accessory Warranty will only apply when the installation is performed by a trained Lexus-approved installer. See Lexus dealer for details. **62.** Accessory roof rack cross bars with side rails not recommended for luggage. See *Owner's Manual* for details. **63.** Do not overload your vehicle. See *Owner's Manual* for weight limits and restrictions.

Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of printing, are subject to change without notice, and are for mainland U.S.A. vehicles only. Vehicles shown may be prototypes and/or shown with options. Actual models may vary. Colors depicted may vary based on multiple factors, including ambient lighting and the format in which they are being viewed (e.g., computer, mobile device, or print). See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit lexus.com. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
