Cutlass Supreme doesn’t ask you to give up an EXHILARATING driving experience for the PRACTICALITY of a family car.
It's time you got something more than basic transportation from a family car.

It's a given that you'd like your family's next car to be functional, safe and affordable. But would it be too much to expect a comfortable interior and great styling? Would it be unreasonable to demand a car that's fun to drive? Not if your next car is Cutlass Supreme by Oldsmobile. Cutlass Supreme offers you three very interesting possibilities: a personal coupe, a family sport sedan and an exciting convertible. Inside each, you'll discover a spacious interior filled with comfort and convenience features. Take any Cutlass Supreme out on the road and you'll feel the refined performance of a true driver's car. For 1995, Oldsmobile offers you a better way to buy a Cutlass Supreme.

You won't have to go through the hassle of comparing a lot of confusing models and option packages, because both the Coupe and Sedan give you the simple choice of two well-equipped versions. Series I includes our most popular features, while Series II adds even more luxurious amenities.

The Convertible also comes with its own long list of standard features. Whichever you choose, you'll get more than the basics — you'll get an exceptional car at an exceptional value.

Cutlass Supreme doesn't ask you to give up an exhilarating driving experience for the practicality of a family car.
The Safety Factor

An exhilarating driving experience starts with a feeling of confidence behind the wheel. That’s why Cutlass Supreme is engineered to help you prevent an accident. A 3100 V6 engine provides responsive power when you need to maneuver quickly. Four-wheel anti-lock disc brakes and power rack-and-pinion steering help you maintain control, while front-wheel drive and 4-wheel independent suspension give you sure-footed traction and stability. Of course, Cutlass Supreme is also engineered to help protect you and your family if a collision occurs. Dual air bags are standard. The unibody structure has front and rear crush zones, as well as side door beams, to help absorb and guide crash energy away from the passenger cabin. And the interior is designed with flame-retardant fabrics and impact-absorbing padded surfaces, since security is also part of safety. Cutlass Supreme comes with a pass-key vehicle security system and an illuminated entry feature that lights up the interior when you lift the door handle.

Cutlass Supreme is designed to help you prevent an accident and to help protect you when a collision is unavoidable.

Automatic programmable power door locks add to your personal security by locking automatically after you shift out of Park.

Cutlass Supreme’s standard anti-lock braking system (ABS) helps the driver maintain steering control by minimizing the chance of wheel lockup and skidding during hard braking.

Side door beams are one reason every 1995 Cutlass Supreme Sedan meets 1997 federal side-impact safety standards.

For 1995, every Cutlass Supreme is equipped with dual air bags. Remember, you should always wear your safety belts, even with air bags.
Cutlass Supreme's standard engine is a 3100 V6 that delivers 169 horsepower and 185 lb-ft of torque. It uses sequential port fuel injection to optimize performance and features composite rocker arm covers for quieter engine operation.

The 3.4-liter DOHC V6 engine breathes through four valves per cylinder, producing 210 horsepower and 215 lb-ft of torque. It's part of an optional performance package that includes a sport suspension with performance tires, variable-assist steering, dual exhaust, and on the Coupe and Convertible, a rear Aero wing.

**Performance**

As soon as you shift into Drive and press the accelerator, you'll know Cutlass Supreme is built to answer the call of the Open Road. Its standard 3100 V6 engine delivers the torque and horsepower you need for a satisfying driving experience. Cutlass Supreme also offers you an available 3.4-liter DOHC V6, with additional power for quick acceleration and confident passing. Both engines are matched to a 4-speed automatic transmission that shifts almost imperceptibly to provide a seamless flow of power on demand. And like any serious performance car, Cutlass Supreme combines power with agile handling. Take it through a curve and you'll feel the accuracy of power rack-and-pinion steering and the road-hugging grip of 4-wheel independent suspension, performance tires and 16-inch aluminum wheels.

Cutlass Supreme delivers the POWER and POISE you expect from a true DRIVER'S CAR.
FOR 1995, CUTLASS SUPREME'S ROOMY, 5-PASSENGER INTERIOR HAS BEEN REDESIGNED TO PROVIDE IMPROVED ERGONOMICS AND OCCUPANT PROTECTION. A CONTOURED INSTRUMENT PANEL HOUSES NEW, EASY-TO-READ ANALOG GAUGES AND LOGICALLY PLACED CONTROLS. A CENTER CONSOLE INTEGRATES A FRONT SEAT ARMREST WITH A STORAGE AREA AND DUAL CUPHOLDERS. AND BEHIND IT ALL, YOU'LL FIND THE REASSURANCE OF CUTLASS SUPREME'S DUAL AIRBAGS.

For 1995, Cutlass Supreme offers a redesigned interior. That means you're going to feel more comfortable than ever.
You should feel as good about buying your new car as you do driving it.

Buying a new car SHOULD be fun. But we knew that sorting through options and haggling over prices can make it a frustrating experience. So not long ago, we began to explore a new, simpler way to buy an Oldsmobile. – First, we simplified the selection process by making our most popular options standard equipment on most models. To simplify our pricing, we removed the confusing discounts and rebates. But we left in the savings. – The response was so encouraging, we've gone a step further for 1995. This year, every Oldsmobile model is available in just one or two versions that are so well-equipped, there is only a handful of options to consider. And we've simplified pricing across the board, enabling your Oldsmobile retailer to skip the haggling and quote you the best possible price right up front. – Simply put, our new way of doing business means Oldsmobile now offers you even more car for your money...

and a more enjoyable way to buy it. And that's certainly something you can feel good about.

Oldsmobile introduces a simpler, BETTER way for you to buy a car.
After all, it's your MONEY.

The spacious interior of the Cutlass Supreme Series II is trimmed in durable cloth. Series II and the Convertible add a touch of luxury with seating areas trimmed in leather. No matter which model you choose, you'll enjoy the comfort of firm, contoured seats.

Dual power outside mirrors are easily adjusted from the driver's seat.

A 6-way power driver's seat is one of the added convenience features on Series II and Convertible models.

Incomparable Value

Every Cutlass Supreme model is equipped with standard features that are high-cost options on many competitive cars. Series I gives you a 3100 V6 engine, 4-speed automatic transmission, dual air bags, 4-wheel anti-lock disc brakes, air conditioning, power windows and door locks, 16-inch aluminum wheels with performance tires. AM/FM stereo with cassette, console with floor shifter, cruise control, dual power outside mirrors, foglamps and a pass-key vehicle security system. Series II adds leather-trimmed seating areas, 6-way power driver's seat, variable-assist steering, remote-control keyless entry, split-folding rear seat, lighted visor vanity mirrors, 6-speaker dimensional sound system and a power antenna. The Convertible has most of the Series II features, plus a choice of two option packages. For a complete list, please see the equipment page.

CUTLASS SUPREME ISN'T AN ORDINARY SEDAN. IT'S A FAMILY SPORTS SEDAN. IN ADDITION TO A ROOMY 5-PASSENGER INTERIOR THAT'S LOADED WITH COMFORT FEATURES, CUTLASS SUPREME OFFERS SPIRITED PERFORMANCE AND THE SPORTY LOOKS TO MATCH. A STREAMLINED BODY, AERO MOLDINGS, 16-INCH ALUMINUM WHEELS AND INTEGRATED FOG LAMPS GIVE IT THE PERSONALITY OF A DRIVER'S CAR. BUT CUTLASS SUPREME IS DESIGNED FOR FAMILIES, SO IT'S EQUIPPED WITH THOUGHTFUL FEATURES THAT ADD TO YOUR SECURITY. STANDARD SAFETY EQUIPMENT INCLUDES DUAL AIR BAGS, 4-WHEEL ANTI-LOCK DISC BRAKES, POWER WINDOW LOCKOUT, FRONT SAFETY BELT HEIGHT ADJUSTERS, AUTOMATIC POWER DOOR LOCKS AND SIDE-ImpACT PROTECTION THAT MEETS THE 1997 FEDERAL SAFETY STANDARDS.
WRAP AROUND REAR GLASS, PILLAR-MOUNTED DOOR HANDLES AND CRISP BODY LINES MAKE THE CUTLASS SUPREME COUPE STAND OUT IN A CROWD. BUT THE COUPE'S UNIQUE STYLING IS NOT JUST FOR SHOW; IT ALSO ACHIEVES IMPRESSIVE AERODYNAMIC EFFICIENCY. ADD THE QUICK RESPONSE OF THE 3130 V6 ENGINE, 4-WHEEL INDEPENDENT SUSPENSION AND POWER BACK-AND-FORWARD STEERING, AND YOU'VE GOT A SERIOUS SPORTS COUPE THAT CAN REALLY HANDLE THE ROAD.

Cutlass Supreme Coupe's PERFORMANCE backs up the promise made by its SPORTY styling.
Cutlass Supreme Convertible is the only mid-sized convertible sold in America, which means you'll enjoy room and comfort uncommon in an open car. The leather-trimmed seating offers plenty of space for five adults, and the trunk is large enough for their luggage. The power convertible top is fitted with a full headliner and includes a tinted glass rear window with defogger. The standard power windows' auto-down feature lets you lower all four windows quickly and easily. Cutlass Supreme Convertible also offers the performance of a 3100 V6 engine, 4-speed electronic automatic transmission, power rack-and-pinion steering, 4-wheel independent touring suspension and 16-inch aluminum wheels.

You won't have to give up much space to enjoy this convertible. Cutlass Supreme has over 12 cubic feet of room — that's more than most convertibles on the market today.

Top up or top down. Cutlass Supreme Convertible combines expression, style and engineering substance.
