ATTACHMENT

## All-new Audi A7

The original, evolved. The iconic, refined. Even a vehicle that defied definition is destined to explore new boundaries and find new frontiers for expression. With the all-new Audi A7, design sophistication remains essential, from daring exterior surfacing to an interior of architectural significance. Intelligence drives its performance. Luxury finds your comfort zone. The clues to its power of attraction are easy to see, making it no mystery at all.

The sharp definition of the upper fender line pays homage to the original Ur-Quattro sports coupe.

The shoulder line extends towards the rear and is positioned low to give the Audi A7 a sportier presence than the previous Audi A7.

The gradual slope that defines Sportback.

The defined edge of the boat line tapers in as it moves towards the rear.

## A brief outline on the nature of desire.

Graceful arcs sweep your eyes off their feet. The lines lead you on but don't let you down. The new Audi A7 stays true to its roots as the five-door Sportback. The form is familiar, and the detailing is more complex—lower and wider for a more aggressive stance. Balanced from top to bottom and front to rear. Where the smooth and the creased, the angled and the ovoid work in unison to have you falling head over wheels.

2019 Audi A7 Prestige shown in Triton Blue metallic with available equipment.

## Take a second glance at love at first sight.

Whether you're left speechless or you feel your heart beating faster, the effects of a powerful first impression can make you think it's more than infatuation. Audi sees lighting from both functional and creative perspectives, where tech innovation can serve more than one purpose. With the Audi A7, 24 vertical beams of the available HD Matrix-design headlights with high-beam assistant<sup>1</sup> are arranged to pique your interest. They serve as daytime running lights and dynamic indicators, accenting the new direction of the A7. And by getting your attention, they've proven their effectiveness.

## Blessed with the magnetism to hold your attention.

Designed to stop others in their tracks. The undulating flow of the 26 vertical light bars draws you in, and the red sliver of the LED light bar helps accentuate the width of the Audi A7. Available LED taillights with animation greet or bid you farewell with a choreographed dance of light.

### Dynamic indicators

When the driver signals their intent to change lanes, the dynamic indicators illuminate from the inside out to help create awareness for drivers following the Audi A7.

2019 Audi A7 Prestige shown in Triton Blue metallic with available equipment.

<sup>1</sup> Driver Assistance features are not substitutes for attentive driving. Please see your Owner's Manual for further details and important limitations.

## A design revolution gone askew.

Convention has been overthrown. The digital displays of the MMI® touch response and the available Audi virtual cockpit systems usher in a new era of user interface.<sup>1</sup> Fewer buttons and knobs give the interior a minimalist aesthetic, highlighted by a gleaming, high-gloss black surface. Infotainment and climate control panels are angled in favor of the driver. Instead of upheaval, this change of systems brings an elegant sense of order.

The designers angled the center screens to create a driver-focused layout.

## The spell is woven with crafted wood and the soft touch of leather.

Modernist architectural shapes with the detailing of designer furniture. The ambiance sets the tone. The feel of the materials convinces you that luxury has progressed. When equipped with the available Individual Contour Seating package, driver and front-seat passengers can receive a relaxing massage in heated and ventilated 18-way power-adjusted seats with Valcona leather. The leather treatment extends to cover the dashboard, door armrests and center console, and Achat Gray Fine Grain Birch Natural Wood inlays add a layer of warmth. Comfort now looks and feels like it has reached new heights of sophistication.

## Win the talent contest just by showing up.

The judges don't look for just one area of strength. Winners tend to possess a broad skillset. The Audi drive select system allows the driver to choose from Auto, Comfort and Dynamic modes to change steering, transmission and throttle response or to create a custom profile with the Individual feature. Multi-talented. Adaptable. Driver-focused. The Audi A7 is engineered to score high across the board.

### A7 335 hp/369 lb-ft

The 3.0-liter TFSI® V6 engine was engineered to deliver powerful response in a smooth, refined manner. A twin-scroll turbocharger and Audi valvelift system help provide up to 369 lb-ft of torque from 1,370–4,500 rpm. With this broad powerband, the Audi A7 can accelerate from 0–60 mph in 5.2 seconds and make progress feel effortless.

#### quattro® all-wheel drive

The Audi A7 features the latest advancements in quattro®. It can proactively distribute torque between the front and rear axles according to road conditions and driving style. The system also includes torque vectoring to help improve cornering performance by applying braking pulses to the inside wheels during a turn and sending torque to the outside wheels.

#### Adaptive damping suspension and Dynamic all-wheel steering system

New levels of handling control and ride comfort are achieved with the available Adaptive damping suspension. The system adjusts shock absorber pressure to help provide a smooth ride and enhance dynamic response in the turns. And, when certain conditions are met, a rear-mounted steering system can turn the rear wheels to help improve maneuverability and stability.

# There's a beauty to intelligence that looks can't achieve.

Knowledge may be power, but its application is most important. By linking an array of sensors and cameras to a central driver assistance controller capable of up to 741 billion computations per second, the driver assistance features in the Audi A7 reached a new level of sophistication. These systems were engineered to help alert you to an impending event, acting like an extra pair of eyes, or assisting during traffic congestion. By gathering data and turning it into greater awareness, you may like the A7 more for its brains than its looks.<sup>1</sup>

## A picture forms

Data gathered from front- and rear-mounted cameras, sonar and radar sensors, an infrared camera and a LIDAR laser scanner are sent to the central driver's assistance controller. Then that controller combines the data to form a picture of the vehicle's surroundings. This is an actual image created by Audi driver assistance systems.

## Audi adaptive cruise assist

Comprising both Audi adaptive cruise control and Audi active lane assist, available Audi adaptive cruise assist helps the driver accelerate, brake and maintain speed and distance as well as stay in the lane in traffic or at highway speeds.<sup>1</sup>

## Top view camera system with Virtual 360 view

Using four cameras placed throughout the Audi A7, the available Top view camera system with Virtual 360 view displays the vehicle and its surroundings on the top MMI® touch response screen.<sup>2</sup> The driver can select an area of the car and zoom in to see objects or obstructions surrounding the vehicle.<sup>1</sup>

## Traffic sign recognition

Traffic signs indicating speed limits, no passing zones and school zones are displayed on the available Audi virtual cockpit or available head-up display to help raise awareness. The system displays the current speed limit, and the driver can program a warning threshold when speed limits are exceeded.<sup>1</sup>

## Intersection assist

The front-side mounted radars monitor the surroundings while the vehicle is at an intersection. The available system sends visual and audible warnings to alert the driver and passengers of an approaching vehicle detected, and it can apply a warning brake jolt if the driver doesn't respond while pulling slowly through an intersection.<sup>1</sup>

<sup>1</sup> Driver Assistance features are not substitutes for attentive driving. Please see your Owner's Manual for further details and important limitations.

<sup>2</sup> Always pay careful attention to the road, and do not drive while distracted. See Owner's Manual for further details and important limitations.

# The human-machine bond just got stronger.

With the myAudi app and Audi connect® working together,<sup>13</sup> you can experience an expanded level of integration and a suite of convenience features. In addition to your music, contacts and emails, myAudi can transfer points of interests into navigated route guidance, be used to lock or unlock your doors or help you find your car in a crowded parking lot with your compatible device. So even when you are away from your vehicle, it can feel nearby.<sup>15</sup>

## myAudi Navigation

myAudi Navigation is engineered to integrate with the MMI® Navigation system and to store your favorite and recent routes. Route guidance considers current and predicted traffic conditions, and it can offer alternative routes when traffic congestion is detected.<sup>5,13,14</sup>

## Amazon Music

Get unlimited access to millions of songs. Visit [amazon.com/myaudi](https://amazon.com/myaudi) to sign up and stream through your MMI® display. Simply link the myAudi app to your Amazon account and start listening.<sup>13,14</sup>

## Yelp® Review Highlights

Find out what the buzz is about. Yelp® Review Highlights gathers frequently used descriptions and phrases from customer reviews to help give you a quick picture of the business and its services.<sup>7,13,14</sup>

Just like we respond to people with visual and audible affirmation, MMI® touch response reacts with haptic and audible confirmation to your input.<sup>4</sup>

# Sounds like what you want to hear.

You may want true-to-life sound. You may want wide-ranging depth and the feeling of being encircled by music from three dimensions. Then you may want to listen to what Bang & Olufsen® has to offer. The available Bang & Olufsen® 3D Premium Sound System features 16 speakers, a 15-channel amplifier and 705 watts of power, and the available Bang & Olufsen® 3D Advanced Sound System is equipped with 19 speakers, a 19-channel BeoCore® amplifier and ICEpower® amplifiers for a total of 1,820 watts of power. The speakers are placed strategically throughout the interior to help create the feeling of a live performance. Both Bang & Olufsen® systems were engineered to help music scale new heights.

## Full 3D surround experience

By placing speakers above the listener, Bang & Olufsen® brought a sense of height to sound reproduction. A post-processor transforms the audio signals to give them a more spatial, third-dimensional quality.

The shortest distance between sport and style is an S line.<sup>®</sup>

You don't have to look far for an Audi A7 engineered for drivers who think laterally and appreciate track-inspired styling. The available S line<sup>®</sup> package features a sport-tuned suspension that lowers the vehicle's center of gravity to help improve handling. A more aggressive front fascia incorporates design elements similar to Audi Sport<sup>®</sup> models. Illuminated door sills with S line insignia and S line fender badges let others know that thrills are just around the corners.

2019 Audi A7 Prestige shown in Tango Red metallic with available S line<sup>®</sup> package and available equipment.

# These additives and preservatives have proven benefits.

Make your preferences a reflection of your sense of style. Audi Genuine Accessories are engineered to fit your Audi A7 with the same commitment to quality and functionality you expect from Audi. Choose from protective floor mats or a car cover, or add your own touch with a bold wheel selection. Audi Genuine Accessories make it easy to put your signature on your new Audi A7.

## A. A7 car cover

A lightweight, easy-to-use cover helps protect your vehicle's finish. Intended for indoor use only. Storage bag included.

## B. All-weather floor mats<sup>1</sup>

The all-weather floor mats feature a deep-ribbed, channeled design that helps protect your vehicle's floor and carpeting from the elements. Black mats are available in sets of two for front or rear. Front mats feature your vehicle's logo.

## C. Audi Beam<sup>1</sup>

Show your Audi pride with this lens that replaces the original entry light under your vehicle's door. When the door is open, the lens projects the four rings logo on the ground. Also available with the quattro® logo.

Visit [audi.us/accessories](https://www.audi.us/accessories) for more.

1. Proper installation required. Professional installation recommended. See your authorized Audi dealer for details.

The Four Rings  
don't perform just  
on the road.

Connect PLUS features and technologies are optional,

may require an additional subscription with separate terms and conditions, and should be used only when it is safe and appropriate. See materials provided by wireless carrier for terms, privacy, data security details. Returning devices connect automatically and use plan data unless hotspot is removed from device settings. 9 Always pay careful attention to the road, and do not drive while distracted. Not all features available on all operating systems. Standard text and data usage rates apply. These features require compatible device, operating system and mobile apps. See mobile device and app providers for terms and privacy. "Android," "Android Auto," "Google Play" and other marks are trademarks of Google Inc. "Apple CarPlay" is a registered trademark of Apple Inc. 10 Requires compatible smart device. This is a CONSUMER device. BEFORE USE, you MUST REGISTER THIS DEVICE with your wireless provider and have your provider's consent. Most wireless providers consent to the use of signal boosters. Some providers may not consent to the use of this device on their network. If you are unsure, contact your provider. You MUST operate this device with approved antennas and cables as specified by the FCC or a licensed wireless service provider. WARNING. E911 location information may not be provided or may be inaccurate for calls serviced by using this device. 11 Airbags are supplemental restraints only and will not deploy in all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age. 12 These tires may ride less comfortably, make more noise and wear more quickly than other choices. To avoid tire, rim or vehicle damage, it is important that inflation pressure is regularly checked and maintained at optimum levels. High-performance tires are designed for optimum performance and handling in warm climates and are not suitable for cold, snowy or icy weather conditions. When driving during cold, snowy or icy weather conditions, ensure that your vehicle is equipped with appropriate all-season or winter weather tires. Tires are supplied and warranted by their manufacturer. 13 Always pay careful attention to the road, and do not drive while distracted. Audi connect<sup>®</sup> should be used only when it is safe and appropriate. Audi connect<sup>®</sup> services and features are optional, provided with the support of authorized affiliated and third-party service providers, and may require additional subscriptions with separate terms and conditions. Available on select models. Certain services collect location information; see Terms of Service for information about how to disable and for other details. Connect services are subject to technologies remaining commercially available; such services are not guaranteed and may not be available after 2021 for equipped MY17–20 vehicles. 14 Required compatible device. 15 Required myAudi app. Message and data rates apply. Do not use feature to locate stolen vehicle. 16 SiriusXM<sup>®</sup> and SiriusXM<sup>®</sup> Traffic subscriptions are sold separately or as a package after trial period and are continuous until you call SiriusXM<sup>®</sup> to cancel. See Customer Agreement for complete terms and more information at [www.siriusxm.com](http://www.siriusxm.com). SiriusXM<sup>®</sup> Traffic service available in select markets. SiriusXM<sup>®</sup> U.S. Satellite Service available only to those in the 48 contiguous U.S.A., D.C. and Puerto Rico (with coverage limitations).

# Technical Specifications

## Engineering | Performance

	A7
Engine type	3.0-liter six-cylinder
Engine block/Cylinder head	Aluminum-alloy
Displacement (cc)/Bore and stroke (mm)	2,995/84.5 x 89.0
Horsepower (@ rpm)	335 @ 5,000–6,400
Torque (lb-ft @ rpm)	369 @ 1,370–4,500
Compression ratio	11.2:1
Valvetrain	24-valve DOHC with Audi valvelift system and variable valve timing
Induction/Fuel injection	Turbocharged/TFSI®
Start-stop engine system	■
Acceleration (0–60 mph)	5.2 sec <sup>1</sup>
Top track speed (mph)	130 <sup>2</sup>

## Transmission | Drivetrain

Seven-speed S tronic® dual-clutch automatic transmission and quattro® all-wheel drive	■
---	---

## Body | Suspension | Chassis

Lightweight technology—multi-material construction	■
Five-link front and rear suspension	■
Sport suspension (20mm drop)	□
Adaptive damping suspension	□
Steering ratio	12.2:1
Electromechanical progressive steering system	■
Dynamic all-wheel steering	□
Ventilated front disc/Ventilated rear disc brakes (in)	13.3/13.0
Turning circle, curb-to-curb (ft)	36.4

## Exterior measurements

	A7
Wheelbase (in)	115.2
Length (in)	195.6
Height (in)	56.0
Overall width with mirrors (in)	83.4
Track, front/rear (in)	65.0/64.4
Curb weight (lb)	4,332
Drag coefficient (Cw)	0.28

## Interior measurements

Head room, front (in)	37.0
Head room, rear (in)	37.1
Leg room, front (in)	41.3
Leg room, rear (in)	37.0
Shoulder room, front (in)	57.2
Shoulder room, rear (in)	55.9
Cargo volume, rear seatbacks up (cu ft)	24.9
Seating capacity	5

## EPA mileage estimates | Capacities

Fuel Economy (city/highway/combined)	NA <sup>3</sup>
Engine oil (qt)	8
Fuel (gal)	19.3 <sup>4</sup>
Minimum fuel grade required	Premium

■ Standard □ Available NA Information not available at time of printing

<sup>1</sup> Always obey all speed and traffic laws. <sup>2</sup> Top track speed is electronically limited in the U.S. Always obey all speed and traffic laws. <sup>3</sup> 2019 EPA estimates not available at time of printing. See [www.fueleconomy.gov](http://www.fueleconomy.gov) for details. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition. <sup>4</sup> Never drive until the tank is completely empty. The irregular supply of fuel that results from that can cause engine misfires. Uncombusted fuel will then enter the exhaust system. This can cause overheating and damage to the catalytic converter.

## Wheels

19" 10-Y-spoke design

Standard

20" 5-double-V-spoke design

20" Wheel package

21" 5-V-spoke-star design, Gray/polished finish

21" Wheel package<sup>1</sup>

## Exterior Colors

Brilliant Black

Ibis White

Carat Beige metallic

Firmament Blue metallic

Florett Silver metallic

Glacier White metallic

Mythos Black metallic

Soho Brown metallic<sup>1</sup>

Tango Red metallic

S line<sup>®</sup> package

Triton Blue metallic

Typhoon Gray metallic<sup>1</sup>

Vesuvius Gray metallic

Daytona Gray pearl

S line<sup>®</sup> package

<sup>1</sup> S line<sup>®</sup> package only. Wheel and tire options will vary based on model, trim level and package and may increase price. See your dealer for details.

<sup>1</sup> Without S line<sup>®</sup> package only. Exterior color options will vary based on model, trim level and package and may increase price. See your dealer for details.

## Interior Inlays

Gray/Brown Fine Grain Ash Natural Wood

Standard

Dark Brown Walnut Natural Wood

Optional

Achat Gray Fine Grain Birch Natural Wood

Individual Contour Seating package

## Interior Colors

Black leather with contrast stitching

Black Perforated leather with contrast stitching

Warm Weather package or A7 Prestige

Black Perforated Valcona leather with Gray contrast stitching and piping

Individual Contour Seating package
