OUR EARTH AND COMMUNITY

When it comes to zipping around this great big world, we have our little wants and needs along the way. Whether it's another more convenient cupholder or a more expansive truck bed, we at Ford are forever conscious of what people desire. But, of course, what we all want most is a cleaner, safer world. So that's one of the first things we think about with every decision we make - from the sites where we build to the type of paint we use. It's that "hey, we live here, too" thinking that points to a better future for all of us.

We're a pretty big company with a whole lot of amazing people. But we realize this isn't "Ford World." Or the "United States of Ford." We're just a part of a much larger community. But we want to make a difference. That's why we support a vast array of worthy causes. And we encourage our employees to be active in their own neighborhoods, as well. At the end of every day it's not about cars and trucks...it's about people.

PERSONAL SAFETY SYSTEM

It's only natural. We all like to feel safe. We base a lot of life's decisions on the safest places to live and work... and drive. And when we're responsible for someone else, safety is top of mind. That's true of everyone who works at Ford. After all, we drive too. Our families drive. And never, never do we forget the millions of Ford customers who put their trust in us. It's a commitment you can sense when you sit behind the wheel. And it's a commitment that is officially recognized, too, with some of our vehicles earning the U.S. Government's Five-Star Crash Test Rating.

Six Technologies Designed For Your Comprehensive Protection

Everywhere you look – and even where you can't – you'll find truly life-saving features on our vehicles. In a front crash, for instance, dual stage airbags 1 are properly deployed with the help of crash severity sensors 2 ,which determine how much energy is needed to deploy the airbags, depending on the severity of the impact. Safety belt pretensioners 3 act quickly to remove slack in the belts to ensure the occupant is held securely in his seated position. The driver's seat position sensor 4 relays data to the airbag's computer on how far away the driver is seated from the steering wheel. The safety belt usage sensors 5 determine if the driver and outboard front passenger are belted. This information helps select the inflation rate and timing of the airbags. If a severe accident occurs, safety belt energy management retractors 6 limit the belt forces to a predetermined maximum and then "hand-off" to the deploying airbag. In an accident, this electronic coordination is carried out in a split second. Actually quicker. All-in-all, the Personal Safety System is one of the most sophisticated vehicle safety systems available today.

PERSONAL SAFETY SYSTEM™

Please remember to always wear your safety belt and secure children in the rear seats.

CROWN VICTORIA

CROWN VICTORIA. IT'S NOT A SYMBOL. NOR, IS IT SOME KIND OF "STATEMENT."

So very often, people will gravitate toward the "latest" cars that possess a lot of one thing (speed, for instance) at the expense of another (an honest back seat, for instance). Crown Victoria manages to be a truly fulfilling balanced mix of everything a thoroughly modern automobile should be. Underway, it is remarkably smooth. Conversations often revolve around how quiet it is. Crown Victoria is more than generous to its passengers, to be sure. But, in particular, the driver is treated to the kind of handling and response normally reserved for the far more expensive of its class.

IT'S JOY.
PURE. HONEST. JOY.

Crown Victoria LX Sport shown in Black.

CROWN VICTORIA DRAMATICALLY BLURS THE DEFINITION OF “NEED” VS. “LUXURY.”

(a)

(b)

Set the position of the power adjustable pedals to your driving preference (a). Grasp the new “controls inclusive” steering wheel (b). These features are standard luxuries on both LX models. Now press the accelerator and feel what confident power can do for your well being. Some will call it luxury. We simply believe it’s the way it should be.

Crown Victoria LX shown in Deep Wedgewood Blue.

CROWN VICTORIA

INTERIOR FEATURES

WELCOME TO A PLACE WHERE GLITZ IS AN UNKNOWN COMMODITY. WHILE SPACE FOR FIVE OR SIX IS IN LUXURIOUS ABUNDANCE.

Crown Victoria is spacious. Controls are conveniently positioned. At the right is the expansive 6-passenger interior. And below is something quite new. Introducing the LX Sport with 5-passenger seating. Sporty? Yes. Luxurious? Yes. And above is the fold-down rear armrest with built-in beverage holders. Thoughtful? Naturally.

Crown Victoria LX shown in optional Light Graphite leather trim and with optional equipment.

Discover the 5-passenger LX Sport.
The Crown Victoria with a new attitude.

MENU

CROWN VICTORIA

PERFORMANCE FEATURES

Under the hood lies a 4.6L OHC SEFI V8 engine providing 220 horsepower and the oomph you'll need to navigate confidently around that semi you have been following forever.

16" cross-spoke locking wheel covers standard on Crown Victoria.

16" 12-spoke aluminum wheels standard on LX.

16" lacy-spoke aluminum wheels optional on LX.

17" 5-spoke aluminum wheels standard on LX Sport.

CROWN VICTORIA

SAFETY/SECURITY FEATURES

Standard on Crown Victoria is our Personal Safety System. This system, along with pre-designated crush zones and one piece body construction has helped Crown Victoria earn the government's coveted Best-In-Class ☆ ☆ ☆ ☆ ☆ frontal crash test rating.

Crown Victoria LX and LX Sport have a standard Anti-Lock Braking System (ABS) that allows you to aggressively apply the brakes in order to avoid an accident while still retaining steering control.

Comfort is knowing that when you need to, you can get into Crown Victoria quickly with its remote keyless entry. Standard on both LX models.

It's also comforting to know that if an accident should occur, front-seat safety belt pretensioners are there to keep you firmly in place.

Snow or ice needn't obscure your view. Wait a few seconds and the heated mirror will melt either away.

CROWN VICTORIA

Ford Credit's Red Carpet Lease

Many lease managers have completed many hours of training
in a Red Carpet Lease program designed to make us the best in the business. We think
you'll find a Red Carpet Lease is the best way to lease.

To get details on various financing options available on your new Ford vehicle,
please visit our web site at **www.fordcredit.com.**
Doing so can give you a head start before talking to your Ford Dealer about financing your new Ford vehicle.

Under the New Vehicle Limited Warranty, you'll receive bumper-to-bumper no-deductible coverage
on your new Ford vehicle for 3 years/36,000 miles. You'll also receive unlimited-mileage,
no-deductible corrosion perforation coverage for 5 years. Ask your Ford Dealer for a copy of this warranty.

During its 3-year/36,000-mile limited warranty period, every new Ford vehicle includes the assurance and
support of a 24-hour emergency Roadside Assistance program. Roadside Assistance includes such services as
fuel delivery, tire changes, jump starts, and help when you are locked out of your vehicle.
Ask your Ford Dealer for complete details about this program.
