CIVIC COUPE

Every drive will be a sizzling treat in your Civic Coupe. Its **powerful** engine is quick, yet robust and miserly on fuel. Advanced engineering such as VTEC (variable valve timing and lift electronic control) and direct ignition assist the cause and help broaden the power. HX's **lean-burn** engine is a role model of fuel efficiency, and as for cleaner air, every Civic Coupe is certified as an Ultra-Low-Emission Vehicle (ULEV). Combine that with a **great ride** and excellent handling and it would appear that, with Civic Coupe, you certainly can have it all.
