

CLARITY

ELECTRIC

HONDA

Elegance, electrified.

The Clarity Electric looks sharp while looking ahead towards a greener future. You'll enjoy a fast recharge time,¹ advanced safety features and a premium interior—all with zero tailpipe emissions.

Always thinking ahead.

The Honda Clarity Electric received an impressive 126-MPGe city rating*, with aerodynamic styling that minimizes wind resistance and an electric motor that produces an instant 221 lb-ft of torque.² Few electric vehicles provide the comfort or space you've come to expect from mid-size sedans, but the Clarity Electric is the exception that advances the latest technology from Honda.

- **Room for Five**
There's more than enough room for five adults and cargo inside our latest all-electric vehicle.
- **Leather-Trimmed Interior**
The Clarity has a sophisticated, quiet cabin made from premium materials.
- **Honda Sensing[®]**
This suite of safety and driver-assistive technologies includes Collision Mitigation Braking System^{™3} and Lane Keeping Assist System.⁴
- **Apple CarPlay^{™5} Integration**
Apple CarPlay provides access to Apple Music,⁶ Maps, Messages and phone calls through Siri[®] and the Display Audio touch-screen.
- **Android Auto^{™6} Integration**
Android[™] smartphone users can access Google Maps,⁷ Google Now[™] messages, music and other popular apps with the Android Auto feature.

126 MPG_e

City Rated*

*126 city/103 highway/114 combined miles per gallon of gasoline-equivalent (MPGe) rating. Ratings determined by the EPA. Your MPGe will vary depending on driving conditions, how you drive and maintain your vehicle, battery-pack age/condition, and other factors. For additional information about EPA ratings, visit <http://www.fueleconomy.gov/feg/label/learn-more-electric-label.shtml>

How it works.

Modern battery-electric vehicles like the Clarity Electric use lithium-ion batteries, which can be charged when plugged into a standard 120-volt-or-higher outlet.⁷ The vehicle can be fully charged in just over three hours using a 240-volt charger.⁸

Why electric?

Battery-electric vehicles don't use gasoline and produce zero tailpipe emissions. And in many cases, driving on electricity is more cost-effective compared to gasoline.⁹

- **DC Fast Charging**
Used with the SAE Combined Charging System, the Clarity Electric can achieve an 80-percent charge in less than 30 minutes.¹
- **Government Incentives**
Clarity Electric lessees are eligible for various incentives. Visit afdc.energy.gov for more details.
- **HOV Lane Access**
The Clarity Electric is a clean alternative fuel vehicle, making California drivers eligible to apply for single-occupant HOV lane access.¹⁰
- **Zero Emissions**
The Clarity Electric runs entirely on electricity and is certified as a Zero Emission Vehicle¹¹ (ZEV), meeting the strictest emissions standards in the U.S.

**80% Charge in
Less than 30 Minutes¹**

Key Standard Features

- 161 hp² and 221 lb-ft torque²
- LED headlights, turn indicators, taillights and Daytime Running Lights
- Honda Sensing[®] suite of safety and driver-assistive features
- Multi-angle rearview camera¹² with dynamic guidelines
- Smart Entry and push button start
- Remote climate pre-conditioning
- Honda LaneWatch^{TM13}
- Dual-zone automatic climate control system
- HomeLink^{®14} remote system
- Automatic-dimming rearview mirror
- Driver's seat with 8-way power adjustment and two-position memory
- Front passenger's seat with 4-way power adjustment
- Heated front seats
- 60/40 split fold-down rear seatback with center armrest
- Bluetooth^{®15} HandsFreeLink[®] and streaming audio
- 8-inch Display Audio touch-screen
- Honda Satellite-Linked Navigation System^{TM16} with voice recognition, Honda HD digital traffic and electric charging station locator
- Apple CarPlay^{TM5} and Android Auto^{TM6} integration
- SiriusXM[®] Radio,¹⁷ HD Radio^{TM18}
- Pandora^{®19} compatibility

The future is clear.

Honda is committed to developing more environmentally responsible vehicles like the Clarity Electric, and working towards a zero-carbon-emissions future.

clarityelectric.honda.com

The Honda Clarity Electric is available only at select dealers in California and Oregon to residents in those states. ¹ Compatible DC fast charging stations may not be immediately accessible in all areas. ² 161 hp @ 4000-9500 rpm, 221 lb-ft @ 0-3500 rpm. ³ CMBS cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by extreme interior heat. System designed to mitigate crash forces. Driver remains responsible for safely operating vehicle and avoiding collisions. ⁴ LKAS only assists driver in maintaining proper lane position when lane markings are identified without a turn signal in use and can only apply mild steering torque to assist. LKAS may not detect all lane markings; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions. ⁵ Apple CarPlay is a trademark of Apple Inc. ⁶ Android, Android Auto, Google Maps and Google Now are trademarks of Google Inc. ⁷ Honda recommends the use of a dedicated 120-volt GFCI outlet tested for use by an electrician. ⁸ 240-volt charging time is measured from initial illumination of the low state-of-charge indicator, not from full depletion. ⁹ For more information on alternative-fuel cost savings, visit fuelconomy.gov. ¹⁰ The High Occupancy Vehicle (HOV) sticker can be applied for through the California Department of Motor Vehicles. Once installed, you may use designated HOV lanes, even if you're driving alone. Stickers valid through January 1, 2019. ¹¹ ZEV (Zero-Emission Vehicle) model as certified by the California Air Resources Board (CARB). ¹² Always visually confirm that it is safe to drive before backing up; the rearview camera display does not provide complete information about all conditions and objects at the rear of your vehicle. ¹³ Display accuracy will vary based on weather, size of object and speed, and the display may not show all relevant traffic. The display is not a substitute for your own direct visual assessment of traffic conditions before changing lanes. ¹⁴ HomeLink[®] is a registered trademark of Genex Corporation. ¹⁵ The Bluetooth[®] word mark and logos are owned by the Bluetooth SIG, Inc., and any use of such marks by Honda Motor Co., Ltd., is under license. ¹⁶ The Honda Satellite-Linked Navigation SystemTM is standard in the United States, Canada and Puerto Rico. (Honda HD Digital Traffic service only available in the United States, except Alaska). Please see your Honda dealer for details. ¹⁷ SiriusXM services require a subscription after any trial period. If you decide to continue your SiriusXM service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call SiriusXM at 1-866-635-2349 to cancel. See our Customer Agreement for complete terms at www.siriusxm.com. Fees and programming subject to change. XM satellite service is available only to those at least 18 years and older in the 48 contiguous United States and D.C. ©2017 SiriusXM Radio Inc.
