2021 Hyundai
ELANTRA Hybrid
ELANTRA N Line
1 Claim based on comparison of specifications on manufacturer websites. 2 Complimentary maintenance includes ... cell electric vehicles) plus tire rotation at normal factory scheduled maintenance intervals for 3 years or 36,000 miles, whichever comes first. More frequent maintenance due to severe driving or conditions is excluded. Offer valid only for ... 1, 2020. See your Hyundai dealer for further details and limitations. 3 The Hyundai Near Field Communication Digital Key requires a compatible Android smartphone and appropriately equipped 2021 Hyundai Elantra. Not all Android devices are ... button start, wireless device charging and Audio Video Navigation System 5.0 (or newer) or Display Audio 2.0. Lock and unlock functionality works on the front doors only. See your Owner’s Manual for further details and limitations. 4 ... Hybrid Blue. 5 An active Blue Link subscription is required for the web search function to operate. Vehicle commands do not require a Blue Link subscription. Not available on Elantra Hybrid Blue or Elantra N Line.
Precision engineering. For an imprecise world.

There’s a lot in life that’s beyond our control. But with Elantra, you can get exactly the car you’ve always imagined driving. What does it take to hold precision in the palm of your hand? With Elantra N Line, it’s the powerful response of a turbocharged 201-hp engine, custom-tuned 6-speed manual or available 8-speed Dual Clutch Transmission with paddle shifters, with each gear shift, you’ll hear the crisp notes coming from a chrome tipped dual exhaust system. With each turn of the wheel, you’ll feel the direct feedback of a sport-tuned suspension and the firm grip of performance tires on 16” alloy wheels.

With the Elantra Hybrid Blue, an advanced hybrid powertrain delivers segment-leading fuel economy – 51 LF/38 city/combined MPGe is more efficient than Toyota Corolla Hybrid4 41/36 engine and 22 kWh electric motor combined for 379 lb ft and 195 bhp horsepower. Both Elantra N Line and Hybrid feature a multi-link rear suspension for confident cornering.

And both are equipped with unique brake systems that offer enhanced performance compared to standard Elantra models. So whether you press the pedal on the right, or the pedal on the left, you’re in complete control.

SmartSense Safety Features*

- Forward Collision-Avoidance Assist with Pedestrian Detection
- SA Outside View Monitor
- Smart Cruise Control
- Lane Keeping Assist with Lane Following Assist
- Bilstein Dual Flow Suspension
- High Beam Assist
- Safe Exit Warning

*Available in some models. **Available in some states. **Hybrid only.
A command center, centered around you.

We know how central your car is to your daily life. That’s why Centra’s all-new interior revolves practically everything around your needs — right down to how the cupholders fit the precise size of your favorite container. You can set the available ambient lighting in any of 16 colors and preset the cable using the thyssen Blue Link app.

Sit in the driver’s seat, and a wide, soft-cushioned driver’s seat, the door to the right, various controls wrap around you, ensuring a sense of security. Seated in the centra hybrid Limited? Your front seats are ventilated to keep you cool. Lastly, in the centra N Line? The interior has a sporty character with a unique N Line steering wheel, sport steering wheel and deeply bolstered sport seats marked by red contrast stitching.

Sitting atop centra hybrid Limited’s center console, a 10.25” display is used to dual-leading command to create a split-screen command center for sophisticated audio, climate, and navigation systems. A segment-first 10.25” digital instrument cluster and the longest list of advanced safety systems in the compact car class are available under a single cover of glass, providing all the information you need at a glance.
Upgrade your mobile device.
With Hyundai Blue Link.

The new Elantra might just be the ultimate way to upgrade your mobile device. Thanks to our award-winning Blue Link® Elantra is available with the latest generation of connected car technologies. A comprehensive suite of safety, convenience and remote features let you connect with your car - and the rest of your digital life - in smooth, practical ways...

You’re like most Hyundai owners, the Blue Link features you use most are to remotely control (With the MyHyundai app, you can start your car’s engine and adjust the climate controls from your office or kitchen using your smartphone, Amazon Echo® or Google Home™ virtual assistant)! You can also remotely activate Elantra’s heated front seats or turn the radio down by sending your personal profile to your Elantra ahead of time! Want to remotely check and see if you’ve left the windows open? The MyHyundai app lets you check by contacting your smartphone.

For 2023, Elantra comes standard with Apple CarPlay®/Android Auto®, which is available with the optional Front entertainment system. Elantra’s Blue Link® Music streaming has also been widened – you can now stream audio from the audio system simultaneously. And to keep everyone connected, Elantra offers dual USB ports and an available wireless charging pad.

*Apple CarPlay® and Android Auto® compatibility varies depending on package level and market. Some features may be limited to certain markets or may be not accessible where data connectivity is limited.

Automatically Emergency Assistance
Blue Link® Connected Care offers ELANTRA owners an extra peace of mind knowing your car can be found when you need it. Whether you’re away from your vehicle or parked in an area where emergency services may not be accessible, help is there.

Vehicle Diagnostics
Any data being generated from your vehicle is automatically transmitted to your smartphone via Blue Link®. This can be accessed on your smartphone at any time, on-the-go or even remotely near vehicles at small.

Frequent Touch to Go
Get your smartphone or tablet in hand and have the power of your vehicle’s apps in your palm. Then send the instructions to your vehicle’s navigation system.

Car Finder
For car drivers, smartphones app feature lets you know where your vehicle is located. Get directions to the destination, change or set the time to arrive, etc.

Remote Control
Elantra owners can start their vehicle remotely and lock or unlock doors, turn the lights on or off and let the air conditioner循环．

Remote Vehicle Status
Remotely turn on and off your vehicle’s features. Those features include the climate, audio and windows. Then access remote keyless entry and more.

Hope makes every Hyundai better.

Each time we sell a Hyundai, a portion goes to Hyundai Hope On Wheels® to help find a cure for childhood cancer. Over the last 22 years, Hyundai Hope On Wheels has donated more than $112 million. Hope is our greatest feature. And it comes standard on every Hyundai. For more information, please visit HyundaiHopeOnWheels.org.
