2021 Hyundai
ELANTRA
Your life has many facets. The new Elantra does, too.

One look at the precise, sculpted shape of the all-new Hyundai Elantra tells you it’s a sedan that’s as multifaceted as you are. With its wide cascading grille, stylish lighting, cut diamond surfaces and elegant slopes like profiles, our new Elantra is a stunning expanse certain to draw the right kind of attention in your direction.

Step inside, and you’re greeted by a deck, entertain cabin typically reserved for luxury sedans. It’s a surprisingly opulent, yes, with heat in-cabin passenger volume and take “minimum viable” to the compact car segment? Battle into the driver’s seat and you instantly sense from the new Elantra was designed around you, with a focus on what’s important to you. We took great care in the design of the seats and you turn in a nice of technology that’s so advanced, it’s practically future-proof.

Segment-first features like the available Hyundai Digital Key and Dynamic Voice Recognition had a deep roster of technologies that create seamless convenience that’s both simple and the centric control it’s an available 12.3” display that uses its class-leading dimensions to create a split-screen command center for Elantra’s expeditious audio, climate and available navigation systems.

Advanced SmartSense driver assist technologies and an all new body engineered for crash-saftey complement Hyundai’s reputation for building cars that consistently earn the industry’s highest safety ratings. The result of all this innovation is a blending of software, hardware, all around engineering, and Hyundai Assurance and our Hyundai Complimentary Maintenance program.

Hyundai Digital Key
A new Hyundai Digital key resides Elantra’s front door and starts the engine using your compatible Android™ smartphone’s NFC device can be assigned a digital key that instantly unlocks the vehicle’s: windows, doors, rear hatch, engine, and more.

Dynamic Voice Recognition
It’s an easy task to understand why you analyze customer reviews, select AI soundscapes and more using conventional (often less secure) voice commands. You can now take your or smartphone voice to Hyundai’s voice climate today. How is the next few years going?"
Feel the connection.

Hyundai designers infused the new Elantra with customizable features that let you connect with your car in any way you like. The cabin’s available ambient lighting can be changed to any of 44 colors. Hyundai Blue Link® is also available for pre-heating or pre-cooling your vehicle’s interior before you get inside!

Behind the wheel, a low and wide connection from the door to the high center console wraps around the driver to convey a sporty sense – one that’s accentuated by Elantra’s unique connecting grab bar. A segment-first 10.25” digital instrument cluster and the largest navigation screen in the compact car class are available under a single cover of glass, providing all the information you need at a glance. Even the cupholders have been redesigned for a precision fit, adjusted to fit the depth of your drink’s container.

Now, grab the shifter and put the power of hyundaiSmartSense technology in your right hand. Turn the steering wheel or touch the brake, and it’s clear Elantra is a sedan that can handle itself in a corner and make you feel connected to the road. Finally, look up. Opening the available power sunroof puts you in touch with the visible world.

The Hyundai Elantra includes features of the Blue Link™ system. Blue Link™ features depend on vehicle, plan, and carrier availability. Visit BlueLink.com or request a demonstration to learn more. We recommend checking with Hyundai.com or your Hyundai dealer for complete details on the Blue Link™ features. The 10.25” digital instrument cluster and the available 10.25” navigation display provide multiple contemporary design. Each screen display is refreshed constantly to ensure you always have the most current information. The available 10.25” navigation display is updated in real-time via an internet connection. Please visit Hyundai.com to learn more about the navigation display and its content. The available Power Sunroof and optional Power Sunroof are available on an Elantra Limited model. See your owner’s manual for complete details.
You know a smart move when you see it.

If you've read the list of safety features offered on the all-new Elantra, then you already know. You don't have to be rich to drive a car loaded with state-of-the-art safety innovations. You simply have to be smart. Equipped with an array of Hyundai SmartSense technologies, Elantra helps protect you wherever you drive.

Its Forward Collision-Avoidance Assist automatic braking technology is enhanced for 2021 to detect potential collisions even when turning off the road. Forward Collision-Avoidance Assist has been enhanced to monitor vehicles as far as two lanes over to help prevent collisions when changing a lane or following a ghosting car. And with Side Traffic Warning and Rear Occupant Alert, Elantra makes seeing your car safer for you and your passengers. No wonder Elantra comes with Forward Collision-Avoidance Assist and specific headlights have earned an IIHS Top Safety Pick every year for the last 11 consecutive years.

Elantra's powertrain is smart too. For 2021, an available 1.6L turbocharged engine is paired with a new Smartstream Intelligent Variable Transmission to keep Elantra ELITE's fuel economy at an EPA-estimated 37 MPG (combined fuel economy). And how's this for a smart move? With the Drive Mode Select feature, you can choose the shifting strategy that suits your preferred mode of driving: Normal, Smart or Sport. So now that you know how smart the all-new Elantra is, your next move should be no-brainer.

Upgrade your mobile device. With Hyundai Blue Link.

The new Elantra might just be the ultimate way to upgrade your mobile device. Thanks to our award-winning Blue Link® capabilities, you're able to access the latest generation of connected car technologies. A comprehensive suite of safety, convenience and remote features let you interact with your car - and the rest of your digital life - in powerful, practical ways.

You’re like most Hyundai owners. The Blue Link features you’ll use most are to remotely capabilities! With the MyHyundai app, you can start your car’s engine and adjust the climate controls from your office or kitchen using your smartphone, Amazon Echo® or Google Home™ virtual assistant. You can also remotely activate the vehicle’s available heated/ventilated seats and turn the radio on/off by sending your personal profile to your Elantra ahead of time! Want to remotely check and see if you’ve left the windows up? The MyHyundai app lets you check or control your smartphone.

For 2023, Elantra’s standard Apple CarPlay®/Android Auto® is available with the segment’s first wireless connection! Elantra’s Bluetooth® music streaming has also been enhanced - you can now connect two phones to the audio system simultaneously. And to keep everyone connected, Elantra offers an available wireless charging pad and dual USB ports.

What’s more, the integration with Amazon Alexa allows the voice-activated Amazon Alexa to control your home environment with a simple voice command. It’s easy to see why Elantra’s advanced connectivity and convenience features make the most of today’s connected lifestyle.

Automatic Emergency Assistance
Blue Link® Connected Care sends 24/7 SOS emergency assistance to authorized dealerships when you’re in an accident where it’s safe to do so.

Sto-NGO Diagnostics
Run vehicle diagnostics from your smartphone. In a matter of minutes, you’ll get a report on your engine’s health that can be shared with a trusted technician.

Frequent Access to Car
Use your smartphone to find your vehicle, send the destination to your Elantra’s navigation system, or start your engine remotely.

Car Finder
Find your phone or find your car using their Bluetooth® connection or via signal strength. You can also locate your car using the Google Maps® or Apple Maps® application.

Remote Controls
Lock/unlock your car, check fuel level, turn your lights on/off, turn the climate controls on or off, receive vehicle status via text, and more.

Remote Home Enhancements
Remotely turn on lamps in your home, adjust your thermostat, control your shades and more.

*Available at launch with Hyundai Blue Link. Each vehicle will ship with specific features based on the model and factory settings. The above image is a conceptual representation of the available integration with Hyundai’s Blue Link. Please visit your local Hyundai dealership for more information.
