2022
NEXO
NEXO’s a natural at innovation.

In NEXO’s eco-friendly matrix, the headliner is woven from bamboo. The carpet fibers are spun from sugarcane. The interior trim and dash are made from apples and cashew oil, and the leatherette seating surfaces are vegan-based. In all, innovative bio-based materials were applied in 40 different parts.

Below the surface, an ultra-light body structure forged with advanced high-strength steel helps preserve the integrity of the passenger cabin in the event of a collision. To help avoid that from happening in the first place, a suite of Hyundai SmartSense technologies work to assist the driver.

Lane Following Assist helps keep your NEXO centered in its lane of travel and lets the driver a hand with steering corrections. Need to change lanes? NEXO’s Blind Spot View Monitor displays wide-angle views of your blind spots on the instrument cluster, allowing you to see more than you would in the rearview mirror alone.

Rear Cross Traffic Collision Avoidance Assist

NEXO Limited in Copper Metallic

Clean up your act.

With NEXO, Hyundai introduced the world’s first dedicated hydrogen fuel cell SUV. The electricity powering its Warranty-exact motor is powered by combining hydrogen fuel with oxygen from the air itself. The only emission? A few drops of water.

Returning takes about five minutes or less, as NEXO is as practical as it is easy on the planet. No need to plan your outings around lengthy electric vehicle plug-ins. NEXO offers two alternatives for how you get around: The Blu-emotion features an EPA-estimated 65 MPGe rating in the city and an estimated driving range of 384 miles! NEXO Limited combines it all in an additional luxury features and safety technologies with an EPA-estimated 59 MPGe in the city.

\*EPA figures, test results and warranty estimates are based on laboratory testing. Actual performance vary based on driving habits, weather conditions, altitude, vehicle maintenance, and other factors. Some Pictures show optional extra-cost equipment. Prices reflect the manufacturer’s suggested retail price for the 2021 NEXO. If you have any questions regarding the warranty, please contact us or your nearest Hyundai dealer for further details.

\*Safety features are designed to be an aid to the driver in the operation of the vehicle. The driver is responsible for obeying all traffic laws and should not rely solely on the safety features while driving. Some features are not substitutes for proper parking. Always park properly and check all areas of the vehicle for safety before driving. For complete details of the warranty coverage, please refer to the warranty manual. Drive carefully and responsibly. Always wear your seatbelt. Safety features are not substitutes for seatbelts. Some Pictures show optional extra-cost equipment. Prices reflect the manufacturer’s suggested retail price for the 2021 NEXO. If you have any questions regarding the warranty, please contact us or your nearest Hyundai dealer for further details.
No bulky batteries. More room for you.

In a traditional electric vehicle, bulky battery packs take away from your interior room. Since NEXO’s fuel cell-powered, the passenger area has more space for what matters most—like extra room and 2nd row supervisor. The 8-way power driver seat with power lumbar support and rear seat heating is sure to keep you comfortable. They’re both heated and NEXO Limited’s auto ventilated front seats to help keep you cool.

Behind the 60/40 split folding 2nd row seats, there’s plenty of space to load your belongings and stow them out of sight, thanks to a cargo space and privacy rear glass. Accessible all of that space is easy as well, thanks to NEXO’s available hands-free smart trunk.

The spacious NEXO even leaves room for a huge 12.3” touchscreen audio and navigation display. In NEXO Limited, the touchscreen controls a Krell branded Krell® audio system with an 8-channel amplifier, an 8” subwoofer and Live Dynamic sound algorithm technology that renders the finest tool in compressed digital music.

NEXO Limited’s innovation continues even after you sell your vehicle, thanks to Remote Smart Parking Assist. Push a button on your Smart Key, and NEXO parks itself in a parallel or perpendicular space with the driver inside — or outside — the vehicle. You can also use Smart Key control to remotely move your vehicle backward and forward.

Before asking your vehicle, BlueLink Guidance lets you use your smartphone to quickly visualize and receive audible or visual alerts at points of interest (including the location of nearby hydrogen fueling stations), directly to your NEXO’s navigation system. 2\(^{nd}\) above, BlueLink is just one of the ways NEXO makes life easier. With Apple CarPlay\textsuperscript{®} and Android Auto\textsuperscript{™}, NEXO connects to your smartphone and displays familiar icons, apps, photos and content on its 10.2” touchscreen display. At a wheels charging port, you can use your compatible smartphone, stays charged as you travel through the day.

Hope makes every Hyundai better.
Each time we sell a Hyundai, a portion goes to Hyundai Hope On Wheels® to help find a cure for childhood cancer. Over the last 23 years, Hyundai Hope On Wheels has donated more than $185 million. Hope is our greatest feature. And it comes standard on every Hyundai. For more information, please visit HyundaiHopeOnWheels.org.

Complimentary maintenance includes Hyundai-approved oil and oil filter change (except for electric vehicles and fuel cell electric vehicles) plus tire rotation at normal factory-scheduled maintenance intervals for 3 years or 36,000 miles, whichever comes first. More frequent maintenance due to severe driving or conditions is excluded. Offer valid only for new 2020-2022 Hyundai models purchased or leased on or after February 1, 2020. See your Hyundai dealer for further details and limitations.

Our commitment to Hyundai owners does not end with the transfer of keys. Wherever the road takes you, we've got your back with Owner Assurance, an umbrella of services and benefits that includes America's Best Warranty, 24/7 Roadside Assistance, innovative safety and car care features…and more.
