We extended our range. So now you can, too.

The 2020 Santa Fe was named “Best 2-row SUV for the Money” by U.S. News & World Report! They did we make the best even better for 2020! By offering the first-ever Santa Fe Hybrid, powered by our innovative hybrid technology, the Santa Fe Hybrid pairs a 176-hp turbocharged 1.6-liter 4-cylinder with a 6-speed automatic and 39 hp electric motor. Its electric power comes from a high-voltage lithium-ion battery pack that yields Santa Fe Hybrid Blue Drive a combined 56 MPGe and a total driving range that exceeds 600 miles. No matter how far you travel, you’ll look good getting there. Santa Fe Hybrid’s ingenious design is stunning, with a wider and more aggressive front grille framed by distinctive T-shaped LED lighting. The all-new interior features modern, trendy touches like an extended center console, digital instrument cluster and premium soft-touch materials. It’s a sophisticated environment for two, and your backseat passengers will enjoy every minute.

Be smart: Think safety first.

Santa Fe’s advanced safety features alone put it above the rest. Its most advanced suite of safety tech in the industry, now offers even more confidence-building driver assist functionality for 2020. On the new Santa Fe Hybrid, advanced highway driving assistant maintains a safe distance from the vehicle ahead while helping you stay centered in your lane! The available premium-based Smart Cruise Control also reduces your braking speeds automatically whenever you enter a speed-controlled zone or cut out section of road.

Even our forward collision avoidance assist technology is smarter for 2020— it now helps prevent collisions with pedestrians, cyclists and even your rear-end. Our Santa Fe Hybrid now comes standard with confidence-inspiring HTRAC AWD Drive. All of which makes the new Santa Fe Hybrid the perfect hybrid to be your go-to and your family on the move in safety and style.
A highly refined hybrid SUV. With just the right amount of rugged.

Our designers live to fit Hyundai vehicles with refined features that make the going smooth and easy. In the new Santa Fe Hybrid Limited, comfort features include heated and ventilated front seats, heated rear seats and dual automatic temperature control, with a Climate Letter. You can fill the cabin air with your favorite songs, paired with select note for note, thanks to a 12-speaker Harman/Kardon™ premium audio system with QuantumLogic Surround™.

With new Dynamic Voice Recognition, you can scroll through your Santa Fe’s entertainment features on the available 10.25” full-screen navigation display just by using the sound of your voice. Looking for a parking space along the way? Santa Fe Hybrid is available with Rearview Smart Parking Assist, which makes it easier to negotiate tight spots - even without you being in your vehicle. Just press a button on your Smart key, and Santa Fe can useful find the right space for you to park.

But Santa Fe Hybrid never forgets rugged SUV capabilities are still just as important on your list. Its 4WD and rear seats fold flat to create a huge cargo space, that’s easy to load with gear, thanks to a hands-free smart liftgate. Get a recreational top to your Santa Fe Hybrid, for impressive trailering capabilities, including Trailer Sway Control and up to a 2,000-pound tow rating.
Remote access. Seamless connectivity.

What Hyundai offers is not about going beyond out standards. It includes Blue Link® - a range of innovative technologies that enable remarkable connectivity between you and your vehicle.

With the Hyundai Blue Link® app, you can start your Santa Fe by locking/unlocking it, remotely monitoring its fuel status, and more. So whenever you’re away, you can be on the go too.

Blue Link® includes the following services:

1. Remote Lock/Unlock
2. Remote Start
3. Remote Window/Door Sensors

Download the Hyundai Blue Link® app to your compatible Android™ smartphone, and you can use it to unlock the front doors and start the engine. You can assign digital keys to multiple drivers, who can then securely lock/unlock their respective radio volume, navigation screen display preferences and side window/crank set points.

Every Santa Fe hybrid comes standard with Apple CarPlay® and Android Auto™ and you can now connect two phones in the audio system simultaneously via Bluetooth streaming. Ocean view to know you can easily keep your digital device powered up, too, thanks to wireless charging available in the front and rear USB charge ports.
