*When you know the value of a wise decision,  
you win.*

**THIS COULD BE ONE OF THE SMARTEST CHOICES YOU'LL EVER MAKE:  
AMERICA'S BEST WARRANTY.™\***

**S**ome decisions are easier to make than others. Just consider what the Hyundai Sonata has to offer. This elegant sedan comes with a wealth of standard features, including the most thoughtful feature of all: America's Best Warranty. This is the Hyundai Advantage,™ proof that Hyundai stands behind the quality of its products to save you money on the overall cost and maintenance of your car. And for added peace of mind, we even include 24-hour Roadside Assistance. The smart money is on Sonata.

Sonata | comfort

STEERING WHEEL-MOUNTED CRUISE CONTROL KEEPS YOUR EYES ON THE ROAD, WHERE THEY SHOULD BE.

THE DRIVER'S 8-WAY POWER SEAT, STANDARD ON THE SONATA LX, PROVIDES THE ADDED COMFORT AND CONVENIENCE THAT YOU DESERVE.

*You're sitting pretty, even if you're sitting in traffic.*

**W**ant to make your commute seem shorter? Drive a Sonata. This comfortable sedan seats up to five adults, and comes with air conditioning and an AM/FM/CD stereo system with six speakers. Sonata's other standard features — too numerous to list here — include cruise control, a multi-adjustable driver's seat and a remote keyless entry system with alarm. You'll also find plenty of touches that make the Sonata one of the most accommodating cars on the road. The driver and front passenger enjoy a center console with padded armrest and storage compartment, and in the GLS and LX models, those in the rear get equal treatment. Electric remote releases for the fuel-filler door and trunk, and 12-volt accessory outlets in the cabin and trunk are more handy standard features. Why would you sit still for anything less?

Sonata | comfort

Sonata | safety

*Four airbags. Proof that there is safety in numbers.*

**Y**our family's safety is our first concern. That's why some of our most advanced technology has been applied to occupant protection. For example, the cabin is filled with features such as dual front airbags<sup>1</sup> and front side-impact airbags — standard on every Hyundai model — as well as front seatbelt pretensioners with force limiters. There are rear child-seat tether anchors and child-proof rear door locks. The Sonata's structure also plays a vital part in your safety by enclosing the passenger cabin with steel roof rails and side-impact door beams. For added protection, the body contains energy-absorbing front and rear crumple zones. And since it's best to avoid impacts in the first place, Sonata is designed to help you out of difficult situations with speed-sensitive rack-and-pinion power steering, front and rear disc brakes and front double wishbone suspension with front and rear stabilizer bars that provide responsive handling, maneuverability and confidence. Have a safe trip.

THE STANDARD DUAL FRONT AIRBAGS AND FRONT SIDE-IMPACT AIRBAGS SELF-CHECK AT START-UP TO HELP ENSURE READINESS.

ALL MODELS INCLUDE FOUR-WHEEL POWER DISC BRAKES. ABS<sup>2</sup> AND TRACTION CONTROL<sup>3</sup> ARE ALSO AVAILABLE SAFETY FEATURES.

OUR STYLISH AND AERODYNAMIC PROJECTOR-TYPE HALOGEN HEADLIGHTS ILLUMINATE YOUR NIGHTTIME DRIVE.

<sup>1</sup>The Supplemental Restraint (airbag) System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain frontal and/or side-impact conditions where significant injury is likely. The SRS is not a substitute for seatbelts which should be worn at all times. Children under the age of 13 should be restrained securely in the rear seat. NEVER place a rear-facing child seat in the front seat of a vehicle with a passenger-side airbag.

<sup>2</sup>Available as part of a specific option package. See dealer regarding availability.

<sup>3</sup>The Traction Control System (TCS) is meant to enhance conscientious driving habits, and is not a substitute for proper driving procedures. Available as part of a specific option package. See dealer regarding availability.

Sonata | style

*In this case, looks are not deceiving.*

LET THE OUTSIDE IN REGARDLESS OF THE WEATHER. CHOOSE A POWER TILT-AND-SLIDE MOONROOF WITH SUNSHADE.

There are times when things are not what they seem. In this case, however, what you see is what you get, and then some. The Sonata has an air of sophistication but, the sleek lines of this elegant sedan were not created purely for the sake of design. In fact, the Sonata's good looks are as functional as they are fashionable; every aspect of it is dedicated to offering a rewarding ownership experience. The handsome grille and aerodynamic, projector-type halogen headlights direct airflow around the interior. Stylish 16" aluminum alloy wheels and substantial 205/60HR16 Michelin® tires provide a smooth ride. While some cars are all about appearances, the Sonata is one sedan that drives as well as it looks.

## Sonata | features

### *And now our feature presentation.*

THE SONATA GLS AND LX ARE EQUIPPED WITH A PREMIUM AM/FM/CD/CASSETTE STEREO SYSTEM WITH SIX SPEAKERS.

A 60/40 SPLIT FOLD-DOWN REAR SEATBACK HELPS YOU STOW BULKY PLUS-SIZED CARGO, FROM GROCERIES TO SPORTS GEAR.

**V**alue takes center stage in the Sonata, where you are surrounded with features as well as ergonomics. The gauges are set in the driver's natural line of sight. Vital controls and switches are conveniently designed and placed. The Sonata's functionality is matched by an impressive array of creature comforts, including power windows, power door locks and mirrors, and a 60/40 split fold-down rear seatback that helps you handle oversized cargo. The Sonata GLS and LX also feature a premium AM/FM/CD/Cassette stereo system with six speakers, 16" aluminum alloy wheels, heated outside mirrors and woodgrain-trimmed interior. To this, the luxurious Sonata LX adds leather seating surfaces, an automatic climate control system and an 8-way power driver's seat, all standard.

Sonata | technology

*Rack-and-pinion steering. Gas-filled shocks. SHIFTRONIC transmission.  
Technically speaking: Fun to drive.*

**W**hile the names of the Sonata's high-performance mechanical systems may sound complicated, what they do is actually quite simple. They make driving fun. The fun starts with an independent suspension system, gas-filled shocks and Michelin® touring tires that work together to give the Sonata superb ride and handling characteristics. In fact, the speed-sensitive, rack-and-pinion power steering has an on-center feel that can give some costly European sedans a run for their money. The available dual-mode automatic transmission with SHIFTRONIC™ offers you either fully automatic or manual sport shifting. Finally, the 4-cylinder and V6 engines provide responsive performance with minimal scheduled maintenance. It's this kind of technology that just about any driving enthusiast can easily understand.

A SPIRITED 2.7-LITER V6 ENGINE POWERS BOTH THE GLS AND LX MODELS WITH FOUR VALVES PER CYLINDER.

THE AUTOMATIC TRANSMISSION WITH SHIFTRONIC OFFERS A CHOICE OF FULLY AUTOMATIC OR MANUAL SPORT SHIFTING.
