2022
VELOSTER N
Three doors, eight speeds and five modes: It’s a powerful formula.

Veloster N’s innovative three-door styling includes a 2-stage rear spoiler and large bare dual exhaust outlets tailored into the rear diffuser beneath all the style is substance. A high-strength steel core retrimmed to create a rigid – yet remarkably lightweight – structure.

Feel the throttle, and Veloster N transfers power to the pavement with stunning quickness through an available 8-speed Wet Dual Clutch Transmission. Next to execute a perfect maneuver? The press of a button engages the N Grin Shift program, which provides a temporary boost in peak torque and improved transmission response for 6 seconds.

Exactly your Veloster N responds to up to you. As the driver, you choose between five drive modes: 35 N Optimized mode, you can select Normal, Sport or Sport mode. In 8-Door performance components to match your driving preferences and road conditions, drive your world by pressing the dedicated N Mode button on the steering wheel. Depending on the drive mode, a twin-turbo variable exhaust system lets you select exhaust sounds ranging from normal to powerful pops, snaps and whooshes.

But don’t let Veloster’s sporty attitude fool you. When it comes to your safety, Hyundai is in business. Veloster N comes with Hyundai SmartSense, a suite of advanced safety technologies that let you enjoy the drive with a bounding measure of confidence.

Hyundai SmartSense Technologies

- Lane Departure Warning
- Lane Keeping Assist
- Forward Collision-Avoidance Assist
- Blind-Spot Collision Warning
- Rear Cross-Traffic Collision Warning

Veloster N: Totally in tune with you.

Veloster N started the N series of high-performance vehicles from Hyundai. The N name, from Namyang, the site of our global R&D facility, is also used to N-tune the latest model. While Hyundai engineers designed the performance of Veloster N, but even with all of the advantages it brings to the performance-testing party – which includes multiple championships in “Testing Car Racing and the FIA World Rally Championship – there is one aspect we seek above all else: You.

With Veloster N, you get the final say in how your car feels and sounds. You get to tune the precise response from its 275-hp turbocharged engine, Electronically Controlled Suspension, N Corner Traction Differential and rear limited slip technologies. See that blue checkered flag button on the steering wheel? It triggers the N Grin Control System, a turbocharged engine that makes the performance of Veloster N be the fifth degree of your name, of course.
Discover why they make driving gloves.

0f the perforated leather steering wheel of your Veloster N. Press the engine’s start button and watch the instrument needle sweep across the dials embedded in the driver’s corner dash. From the firm support of deep bolsters within the N Light Sport Bucket Seats as you’re held tight through the turns and bursts of your favorite tracks.

That’s when you’ll also feel the effect of an electronically controlled rear-axle limited-slip Diff Lock®. Corner Casing® with Torque Vectoring Control® intelligently varies the torque contribution to each axle wheel, powering the front wheel with the most grip. The result? An increase in mid-turn cornering speed with reduced wheel slip.

Finding your path is easy, thanks to the flashing N logo’s standard navigation system. Use it to plot a course for taking the long way to your destination using extra commute, split-screen display, junction view, lane guidance and subscription-free traffic alerts via HD Radio™. It also controls an Infinity® premium audio system that uses Clari-AMP™ Music Restoration Technology to bring back sound qualities lost in compressed digital music.

Automatic temperature control is standard to help create the perfect climate, for every passenger, Veloster N’s rear seats are roomy enough for grown adults. And with its wide-opening hatch and 60/40 split fold-flat rear seats, you'll enjoy the cargo-hauling versatility at a compact sport, utility vehicle. So stay in the white, those driving gloves can double as work gloves.
In a world run by remote control, stay connected.

*Hyundai’s BlueLink™ Connected Car System makes it easy to stay connected from wherever you are. Simply download the BlueLink app to your smartphone, and start the engine before you leave the house! With your Bluelink Smartphone App, you can use voice commands to set your car’s cabin temperature from the comfort of your couch!*

*Bluelink’s Guidance package lets you search for addresses or points of interest on your smartphone, then download the driving directions to Veloster’s navigation system before you step behind the wheel! Standard Apple CarPlay® and Android Auto® also let your smartphone apps to Veloster’s large touchscreen display for seamless access to your contact list, texts, calls, maps and navigation, music library and more.*

*Then there’s Bluelink Connected Care. Like all BlueLink packages, it’s complimentary for your first three years and offers exceptional peace of mind! Visit HyundaiUSA.com for more information on the features BlueLink puts at your fingertips.*
