IN BRIGHT SILVER METALLIC

NEW 4WD SYSTEM RULES THE ROAD

Introducing Selec-Trac® II, the most advanced four-wheel-drive (4WD) system in its class,⁽¹⁾ now exclusively available on the all new 2008 Jeep® Liberty. When in 4WD AUTO mode, the always-active 4WD transfer case provides continuous, optimum traction that effortlessly conquers rocks, snow, ice, mud and anything in-between. When traction loss tries to rear its nasty head, Selec-Trac II identifies the situation and immediately sends torque to the wheels with the most grip. It's Jeep brand Trail Rated® capability through and through. Selec-Trac II offers a unique two-wheel-drive mode, an efficiently strong feature that perfectly pairs with dry pavement.

Hill Start Assist (HSA) is new and standard, too. Working to help Liberty reach the highest heights, HSA will momentarily hold brake pressure as you climb, fighting vehicle roll back and eliminating the need for two-footed driving in many off-road situations. The available Hill Descent Control (HDC) assists when Liberty comes down the mountain. Active in 4LO when the HDC button is depressed, it mimics the mighty Wrangler Rubicon's 4LO crawl ratio using automatic braking, allowing the driver to smoothly descend hills in a slow and controlled manner.

THE 2008 JEEP® LIBERTY INCLUDES A LIFETIME POWERTRAIN LIMITED WARRANTY. No deductible. See dealer for a copy of limited warranty and details. Non-Transferable. Not available on certain fleet vehicles.

The standard 3.7L V6 engine produces a robust 210 hp and 235 lb-ft of torque at 4,000 rpm, with a generous dose of power at the engine's low-end that provides more pull when the going gets tough.

The new and optional Selec-Trac® II offers BEST-IN-CLASS 4WD performance⁽¹⁾ with its real-time traction response. This exclusive system is constantly active and adjusting to road conditions and your individual driving style, delivering the optimum capability called for at every moment. No wonder it puts all other 4WD systems in its class to shame.

⁽¹⁾Based on *Automotive News* 2007 Entry-Level Sport-Utility segment.

JEEP TRAIL RATED[®] vehicles are designed to perform in a variety of off-road conditions identified by five performance categories:

ARTICULATION

The ability to keep tires in contact with the road, providing traction to climb over large obstacles.

TRACTION

The ability to transfer power to the road or trail along with the ability of the suspension to keep the wheels in contact with the terrain.

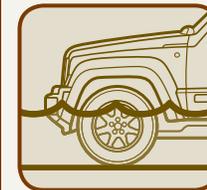

MANEUVERABILITY

The ability to navigate around obstacles that are tightly situated.

GROUND CLEARANCE

The ability to drive over large obstacles or logs in combination with approach/departure/breakover angles.

WATER FORDING

The ability to cross a specific depth of water at a specific speed.

Do not attempt water fording unless depth is known to be less than 20 inches. Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas.

THE BIG, OPEN SKYWAY

Look up and out. The view is wide open and free. The day's bold sun, the stars of the night, clouds, trees, buildings and birds — everything seems closer. Your world feels more alive. It's "Wow" times 10 every time you get behind the wheel.

Introducing the all new Sky Slider™ roof, Jeep® Liberty's industry-exclusive full-length, fully retractable roof. With one simple touch of a button, the optional Sky Slider roof automatically retracts to give you that special one-of-a-kind Jeep brand open-air experience. Sky Slider is Wrangleresque in its appeal, ultra-fresh in its distinctive design.

Take one look at the Sky Slider roof and you won't be surprised to learn that this exclusive feature has the largest opening in its class,⁽¹⁾ offering a massive 33- x 60-inch window to let you see, unencumbered, straight into the upper atmosphere. An anti-trap safety system⁽¹⁾ immediately sends the Sky Slider roof into auto-reverse if an obstacle is detected during operation.

The Sky Slider roof opens front to back exposing both rows of seating, and back to front revealing only the second row, or any position in between. There's no better highway to take you on an exhilarating scenic tour of your world and the sky beyond.

⁽¹⁾ Detects most obstacles. As with all electronically controlled systems, care is advised.

The Sky Slider roof can be gathered fully forward, or fully rearward, or partially opened to any position in-between. The roof is integrated into the vehicle's body via a reinforced safety cage-like frame consisting of 10 lightweight aluminum crossbars that help maintain structural integrity and add an element of protection. The reinforced nylon fabric nests into a specially designed weather-strip seal that's purposefully created to virtually eliminate wind noise when closed. Factory installation ensures optimum fit, finish and function.

TESTED AND RE-TESTED

Our professional Jeep[®] brand mud-splashers were charged to take the new Sky Slider™ roof through the muddiest, snowiest, iciest gauntlet imaginable. What fun they had, spraying dirt in Sky Slider's track, dousing it with salt water, whipping it with extreme wind and rain, piling it with snow and ice. And at the end of the day, after taking Sky Slider beyond two lifetimes of use that included 19,000 opening and closing repetitions, our testers gave it kudos all around. So go ahead. Jump in your Liberty with its Sky Slider roof and feel free to have fun out there.

SOUND IMPROVEMENTS. The standard auxiliary jack comes along for the ride when you option the AM/FM six-disc CD/MP3 changer, allowing you to plug in and play portable music devices.

Raise your audio experience up a notch with the available ∞Infinity® Premium Sound System that sends out 368 watts of amplified power to nine speakers, including a booming eight-inch sub-woofer positioned in Liberty's rear cargo hold. Add MyGIG® Multimedia Infotainment System to this state-of-the-art audio experience and you'll enhance your adventure by a few decibels or more.

SLATE GRAY INTERIOR

GO EVERYWHERE, HEAR EVERYTHING

The all new 2008 Jeep® Liberty takes first-rate sound systems to a first-class level. Opt for one of the most innovative multimedia systems out there with the MyGIG® Multimedia Infotainment System with touch-screen capability, your Liberty's centralized command center for music, photos, communication, traffic navigation and more, using a USB 2.0 interface to upload media to a 20GB hard drive. The optional Premium Sound Group upgrades Liberty's sound system with an AM/FM stereo, six-disc CD/MP3 changer. On Sport it adds a one-year subscription to SIRIUS Satellite Radio with over 130 channels of commercial-free music, entertainment, talk radio and more. It also includes a six-speaker sound system that boosts the beat for a near-reality experience due to its expanded digital processing power. It includes four 6.5-inch speakers positioned in each door and two tweeters mounted in the instrument panel. And on Limited it adds the UConnect® Hands-Free Communication System.

MYGIG® MULTIMEDIA INFOTAINMENT SYSTEM.⁽¹⁾ Rip and store up to 1,600 songs (MP3 and WAVE formats) along with a personalized photo slide show and screen saver (in JPG format). An AM/FM stereo, six-disc CD/MP3/WMA player and SIRIUS Satellite Radio, all with Gracenote® Music File Management, round out your entertainment experience. SIRIUS Satellite Radio delivers over 130 channels, including 100% commercial-free music, sports, news, talk, entertainment, traffic and weather. Factory-installed SIRIUS Satellite Radio includes a one-year subscription. For more information, go to sirius.com. A GPS Navigation system with voice-activation helps you reach your destination with real-time traffic updates. An integrated Voice Dialogue System allows command and control of audio, navigation and phone functions. Bluetooth® connectivity adds to your safety and security.

⁽¹⁾MyGIG in-dash DVD capability is not available in all states. See your local dealer for details.

WELCOME TO A WORLD-CLASS RIDE

The benchmark was raised: create a new road to adventure that's comfortably accessible. And so, the all new 2008 Jeep® Liberty climbs to these lofty heights with design and engineering developments that never compromise its renowned strength, agility and capability. The result: a bigger, stronger, sure-footed Liberty destined to lead its class.

The details: A wheelbase that's 2 inches longer and a track that's 1 inch wider help to create a smoother, more stable ride. New independent front suspension and five-link rear suspension provide a smart blend of riding comfort and nimble handling. Front and rear stabilizer bars help balance tire loads, adding to Liberty's outstanding on- and off-road performance. New power-assisted rack-and-pinion steering impart confidence with precise, advanced vehicle control.

LET'S FACE IT. Delivering a world-class ride sometimes takes a bit of doing. We're talking about "anti-dive geometry" — that's what helps keep the all new 2008 Liberty more level during braking. There's also "anti-squat geometry." This valiant feat of engineering helps get rid of that funny unattractive "bounce" that low-brow vehicles sometimes have during heavy acceleration and quick stops. No matter how you say it, the improvements to this Liberty are pretty darn good.

JEEP LIBERTY LIMITED SHOWN IN MODERN BLUE PEARL

PEACE OF MIND

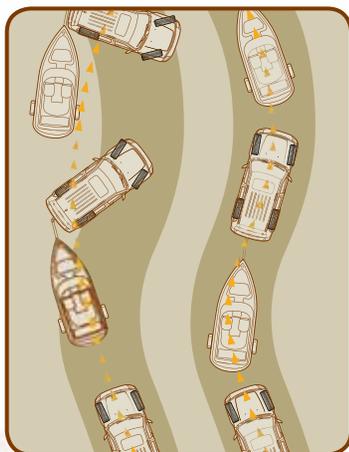

The all new 2008 Jeep® Liberty arrives at your doorstep loaded with a solid set of safety and security features. A standard air bag⁽¹⁾ system includes side-curtain and advanced multistage driver and front passenger air bags. Active features like Liberty's Electronic Stability Program (ESP)⁽²⁾ keep watch as you drive, taking immediate action should the unexpected occur. A host of integrated systems, including Electronic Roll Mitigation (ERM), antilock brake system (ABS), Brake Assist and Traction Control, work together to give you a sense of mastery on the road.

⁽¹⁾Always sit properly in the seat with the seat belt fastened. Always observe the passenger air bag indicator lamp to determine if the Occupant Classification System (OCS) is appropriate. Children 12 and under should always be in the backseat correctly using an infant or child restraint system or the seat belt positioned correctly for the child's age and weight.

⁽²⁾No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESP warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Please always wear your seat belt.

⁽³⁾Late availability.

CLASS EXCLUSIVE. Liberty's available Trailer Sway Control (TSC) works in tandem with ESP and ABS. By alternating brake pressure, it helps reduce trailer sway and improves handling in adverse towing conditions caused by crosswinds and traffic. Choose the newly available Rain-Sensing Automatic Wipers⁽³⁾ to quickly swipe away falling cloud residue during inclement weather or those friendly dots of mud that spray from excitable off-road mud puppies.

JEEP LIBERTY LIMITED LEATHER-TRIMMED INTERIOR SHOWN IN TWO-TONED PEBBLE BEIGE

URBAN SOPHISTICATION

The all new 2008 Jeep® Liberty earns straight “A’s” when it comes to cabin comfort and convenience. Available Automatic Temperature Control lets you preset the desired cabin temperature once, so you can keep your attention on the road ahead. The system takes over to automatically adjust airflow as needed, dehumidify and maintain a constant level of cabin comfort. It also includes an Air Filtration System that can filter out particles down to 10 microns in size, like pollen, mold spores and dust.

Liberty’s all new interior plays nice with a sweet list of available features. The class-exclusive memory driver’s seat, mirror and radio hold presets for two drivers; UConnect® Hands-Free Communication System connects your compatible cell phone to Bluetooth® technology for convenient hands-free calling. Remote Start System, ParkSense® Rear Park Assist and auto on/off headlamps are convenient safety and security options.

Available YES Essentials® stain resistant, odor resistant, antistatic premium seat fabric⁽¹⁾ maintains its fresh and new appearance no matter how much abuse it takes. Or, choose the available leather-trimmed heated front seats that provide quick comfort in cold temps. Select a high or low setting depending on what the weather brings.

BEST-IN-CLASS. The 2008 Jeep® Liberty offers the most combined comfort and convenience features in its class.⁽²⁾

⁽¹⁾Not compatible with aftermarket fabric-protecting coatings.

⁽²⁾Based on *Automotive News* 2007 Entry-Level Sport-Utility segment. Comparison includes standard and available features; feature availability varies per model.

BRING IT ON

Matching its out-sized capability is the all new 2008 Jeep® Liberty's up-sized utilitarian interior. Up front, Liberty's center console offers a full 10 liters of storage space to keep small items safely out of sight. Plus, you can choose to option a handy 115-volt AC outlet, conveniently placed at the rear of the center console, for 150-watt output of power that's useful for laptops, gameboxes and other small electronic devices. Liberty's cargo area is longer by 3 inches, adding lots more room for the family pooch or other treasured belongings. The reversible rear cargo tray is a welcome feature for folks who like to play dirty. One side is carpeted and the other reveals a 2.5-inch-deep, washable cargo tray designed to transport items like happy, wet dogs or your muddiest sporting goods.

Liberty's second row of fold-flat seats are more comfortable for passengers than ever, with an additional 1.5 inches of legroom and now with a unique reclining feature that lets rear passengers adjust their seatbacks for extra comfort. Power window controls are now situated on the door armrests.

Liberty's front-passenger seat now folds flat so it can perform extra duties as a tabletop. The additional open cargo space is very utilitarian as well. Available.

115-volt AC inverter outlet located at the rear of the center console provides 150-watt output for powering up laptops, gameboxes and other small electronic devices. Available.

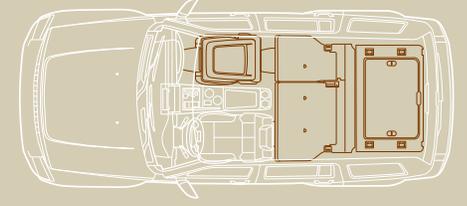

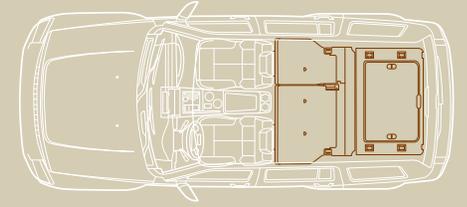

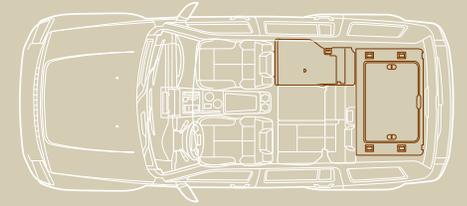

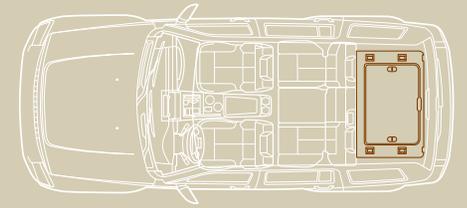

Liberty Limited comes with YES Essentials® stain resistant, odor resistant, antistatic premium seat fabric.⁽¹⁾ Standard.

⁽¹⁾Not compatible with aftermarket fabric-protecting coatings.

BEST-IN-CLASS.

The 2008 Jeep® Liberty offers the most flexible seating and cargo options in its class.⁽¹⁾ Cargo capacity is 31.5 cu ft with rear seat up and expands to 64.2 cu ft with Liberty's 60/40 split-folding rear seats moved to the "down" position.

⁽¹⁾Based on total available passenger and cargo configurations of vehicles in the *Automotive News* 2007 Entry-Level Sport-Utility segment.

JEEP LIBERTY LIMITED SHOWN IN BRILLIANT BLACK CRYSTAL PEARL

CIVILIZED FREEDOM

The all new 2008 Jeep® Liberty Limited delivers some exceptionally big news: Liberty brings a delightful set of exceptional road manners and civilized amenities along for the ride. City-dwellers, here's the mid-sized SUV you've been hoping for — one that's imbued with substance, style and superb handling. It's all due to a longer, wider stance and new Short-Long-Arm (SLA) independent front suspension and a solid axle five-link rear suspension. The upgraded power rack-and-pinion steering helps Liberty maintain its nimble handling. Powered by a standard 210-horsepower 3.7L V6 that's enhanced with Electronic Throttle Control (ETC), the engine's efficient behavior is perfectly matched with Liberty's newest, most advanced four-wheel-drive system,⁽¹⁾ the available Selec-Trac® II.

Integrated fog lamps and available 18-inch chrome-clad aluminum wheels help complete the picture of a whole new world of freedom that is civilized, fashionable and, above all, filled with fun.

⁽¹⁾Based on *Automotive News* 2007 Entry-Level Sport Utility segment.

Now the liftgate features self-rising flipper glass for easy access into the interior. A concealed latch in the lightbar releases the glass and also opens the gate. A release button on the key fob raises the glass remotely, making it convenient to get inside when your hands are full.

A Tire Pressure Monitor Display is standard on Limited. It automatically sends data from transmitters in each valve stem to a monitoring display.

FEARLESS FRIEND

Designed to live the Trail Rated® life of a modern off-road superhero, the all new 2008 Jeep® Liberty Sport is primed to rescue you from dull driving anywhere you go. Equip your Sport with the optional Selec-Trac® II active 4WD system for full-time four-wheel-drive capability. It's automatically paired with Liberty's standard 210-horsepower 3.7L V6 engine with Electronic Throttle Control.

Bring along your high-powered toys when you equip Sport with the optional Class III Trailer Tow Group with Trailer Sway Control (TSC), a new, class-exclusive feature.⁽¹⁾ TSC works with the standard Electronic Stability Control (ESP) to automatically help maintain vehicle and trailer stability. Add some sun inside the cabin with the optional tilt-and-slide power sunroof. Or, increase your view of the world around you by 255 percent with the Sky Slider™ industry-exclusive full-length, fully retractable roof.

BEST-IN-CLASS The 2008 Jeep Liberty offers unsurpassed towing capacity and class-exclusive Trailer Sway Control.⁽¹⁾ Properly equip your Sport and you can tow up to 2.5 tons of fun.

⁽¹⁾When properly equipped. Based on the *Automotive News* 2007 Entry-Level Sport-Utility segment.

JEEP LIBERTY SPORT SHOWN IN LIGHT GRAYSTONE PEARL WITH ROOF TOP CARGO BASKET[®] AND ROOF BASKET CARGO NET,[®] FRONT END GRILLE GUARD[®] SPORT UTILITY BARS AND FRONT AIR DEFLECTOR, AUTHENTIC JEEP ACCESSORIES BY MOPAR. (FOR MORE INFO, SEE PAGES 30 AND 31.)

PLAY ROOM. The all new 2008 Jeep® Liberty Sport gives you plenty of interior room to roam and lots of places to store maps, flashlights and other fun stuff. The center console gives you 8 liters of storage in the lower bin, accommodating up to 13 DVD cases; 2 liters in the console's removable upper tray holds phones, PDAs and the like. And with the optional 115-volt AC outlet at the console's rear, there's power available for small appliances or toys.

Low-back reclining front buckets (with a fold-flat front-passenger option) and 60/40 split-folding rear seats with four reclining positions (that lean back to a restful 33-degree angle and also fold flat forward) offer comfort combined with flat-out utility. In fact, the 2008 Jeep Liberty offers the most flexible seating and cargo capability in its class.⁽¹⁾

⁽¹⁾Based on total available passenger and cargo configurations of vehicles in the *Automotive News* 2007 Entry-Level Sport-Utility segment.

When you're packing people, dogs and cargo, it can be a challenge to keep things under control. Grab the stuff that doesn't pay attention when you say "Sit!" and use Liberty's six tie-down loops to hold 'em in place. (If you can train cargo to sit on command, you've got a bright future.)

Don't worry about getting dirty. After the fun, stow your gear in Liberty's standard reversible cargo tray. Play with the washable side; be serious with the other— it's carpeted to look like you mean business. You'll fool 'em every time.

¹⁰Always check entire surroundings before backing up.

²¹Late availability.

²³Always sit properly in the seat with the seat belt fastened. Always observe the passenger air bag indicator lamp to determine if the OCS classification is appropriate. Children 12 and under should always be in the backseat correctly using an infant or child restraint system or the seat belt positioned correctly for the child's age and weight.

²⁴MyGIG in-dash DVD capability is not available in all states. See your local dealer for details.

AUTHENTIC JEEP ACCESSORIES

When you enhance your Liberty with Authentic Jeep® Accessories by Mopar, you gain far more than substantial style, premium protection or extreme entertainment. You also benefit from the authentic difference found only in an original equipment accessory. It's a difference that demands tighter tolerances and envelope-pushing testing methods. And one backed by a superior warranty* serviced by Jeep dealerships nationwide. Choose the full line of accessories that feature a fit, finish and functionality designed specifically for your Liberty. Explore the possibilities at mopar.com.

[A] Chrome Grille. This Jeep exclusive meets the toughest corrosion requirements, with a heads-up design that won't adversely affect engine airflow. **Chrome Fuel Filler Door.** This sculpted one-piece design brightly complements any body color. **Chrome Bodyside Moldings.** Add a bit of bold brightwork to your Liberty's trim. **Chrome Tubular Side Steps.** These premium steps feature extra-wide, textured stepping surfaces for easy entry and exit. **Chrome Front Air Deflector.** Say "yes" to style and "no" to gravel, dirt and other debris scratching and damaging the hood of your new Liberty. **Roof Box Cargo Carrier.** This tough, locking thermoplastic carrier keeps your cargo dry and secure and features a gas-cylinder opening system. Mounts to **Sport Utility Bars** (sold separately). **18-inch Black Pocketed Cast-Aluminum Wheel.** Our premium wheels are machined to match your Liberty's hubs for a smooth ride. They also undergo stringent testing to ensure a long-lasting sparkle.

*See your dealer for full details and a copy of the limited warranty.

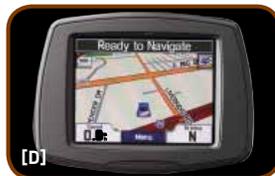

WORTH A SECOND LOOK. Liberty Sport shown with Authentic Jeep Accessories by Mopar, including Black Tubular Side Steps, Front End Grille Guard, Front Air Deflector, Sport Utility Bars, Roof Top Cargo Basket^(*) and Roof Basket Cargo Net.^(*)
