There are three-row SUVs that are larger, but not nearly as accommodating. Costlier SUVs that are far less thoughtful. And SUVs with bigger engines that can’t keep pace. That’s because the GLS is born from Mercedes-Benz ingenuity, not a pickup truck. Appointed so luxury takes a back seat to no one, even in its rearmost row. And thrust ahead by turbo and electric boost. How do you achieve peak SUV? Think deeper.
The GLS takes its family values from the iconically capable G-Class SUV and the indulgent, innovative S-Class sedan. That’s why it places such high value on looking after—and looking out for—your family.

**KEY FEATURES**

**LUXURY 08**

- Burmester® surround sound or 3D surround sound*
- Power, heated, ventilated and massaging* front seats w/memory; power-folding 50/50 3rd row
- Power-adjustable 40/20/40-split 2nd row (or twin captain’s chairs); Executive Rear Seat Package PLUS*
- 4-zone or 5-zone* climate control; soft-close doors*
- 64-color LED ambient lighting, illuminated door sills; up to 8 choices* in interior trim, including 5 woods

**CAPABILITY 09**

- Engines: Inline-6 turbo, V8 biturbo or AMG V8 biturbo, all w/EQ Boost Integrated Starter-Generator (ISG)
- 20”–23”* alloy wheels; DYNAMIC SELECT drive modes
- 4matic® all-wheel drive w/fully variable torque split
- AIRZATIC® adaptive, height-adjustable suspension; E-ACTIVE BODY CONTROL (GLS 580*); or AMG ACTIVE RIDE CONTROL w/roll stabilization*
- 84.7 cu ft max cargo space; 7,700 lbs max towing*

**SAFETY 10**

- Intelligent Drive* driver assistance suite, including Active Distance Assist DISTRONIC®, Active Brake Assist w/Cross-Traffic Function, Active Lane Change and Speed Limit Assist, PRE-SAFE® PLUS, Active Stop-and-Go Assist, Route-based Speed Adaptation
- Surround View System, Blind Spot Assist w/Exit Warning, and PARKTRONIC w/Active Parking Assist
- Antitheft alarm w/Parking Damage Detector

**TECHNOLOGY 10**

- 12.3” digital instrument cluster, 12.3” multimedia touchscreen, steering-wheel Touch Control Buttons
- Mercedes-Benz User Experience (MBUX) w/“Hey, Mercedes” voice assistant, MBUX gesture control*
- Apple CarPlay® and Android Auto; wireless phone charging; SiriusXM® 6-month All Access trial
- Mercedes me connect featuring smartphone app with Remote Start, 4G LTE WiFi,* and more**

---

*Optional or not available on some models. Please see endnotes at back of brochure.
It’s no surprise that the largest SUV in the Mercedes-Benz family is also the most spacious and capacious. What sets it apart from the largest SUVs from other families is nearly impossible to sum up: The flexibility of seating for six or seven, with power seating in the first two rows, and a power-folding third. The versatility of air suspension and all-wheel drive that can apportion power to the wheels with the most usable traction. The usefulness of its luxuries, like heated and ventilated front seats, 64-color ambient lighting, surround sound that also helps carry conversation from row to row, and even a one-touch mode for automatic carwashes.

And its responsiveness, whether it’s turbo torque with an electric boost, unexpectedly agile handling, or the lifelike voice assistant that turns your talk into your car’s action. If this sounds like an impressive menu of options, here are two more surprises: Some of these aren’t available on competitors’ SUVs at any cost. And none of it is extra-cost on any 2021 GLS. It’s all standard, along with the leadership in safety and style you expect in a Mercedes-Benz— Inventor of the car, pioneer of the all-wheel-drive vehicle, and holder of well over 100,000 patents. Even in the largest SUV, the measure that matters most is still its strength of character.

**MODELS**

GLS 450 4MATIC SUV
362-hp inline-6 turbo w/EQ Boost, 4MATIC® fully variable all-wheel drive, self-leveling AIRMATIC® suspension

GLS 580 4MATIC SUV
483-hp V8 biturbo w/EQ Boost, 4MATIC® fully variable all-wheel drive, self-leveling AIRMATIC suspension

AMG GLS 63 SUV
Handcrafted AMG 603-hp V8 biturbo w/EQ Boost, AMG Performance 4MATIC+ fully variable all-wheel drive, AMG ACTIVE RIDE CONTROL w/roll stabilization
Most large SUVs treat the cabin like it’s an airliner — dividing passengers into three classes of seating. In a GLS, all three rows feel like they’re in front of that little curtain. There’s room to stretch your legs, and no need to stretch for a USB-C port, wherever you sit. Amenities include four or five climate zones. The 2nd-row seats are power-adjustable, configured for three adults with dual power EASY-ENTRY 3rd-row access, or as twin seats with a walk-through plus a curbside power EASY-ENTRY. Executive seating* can add ventilation and massage to the V8 7-seaters. Options like acoustic glass, a Panorama roof, cabin aromatherapy, and 2nd- and 3rd-row heated seats offer your senses a sense of occasion in every row.

LUXURY HIGHLIGHTS
Heated, ventilated and massaging* front seats; heated, ventilated and massaging 2nd-row seats*; heated 3rd-row seats*
64-color LED ambient lighting, illuminated front door sills
4-zone or 5-zone* climate control with dust/pollen and activated-charcoal odor filters; Air Balance cabin-air ionizer and fragrance*
Heated and/or wood/leather steering wheel*; heated front and 2nd-row armrests*
Heated/cooled cupholders,*
Burmester® Surround Sound or High-End 3D Surround Sound*
Power glass sunroof, or Panorama roof*; power 2nd-row sunshades*; soft-close doors*

*Optional or not available on some models.
Please see endnotes at back of brochure.
One-trick ponies have never been a Mercedes-Benz thing—especially its flagship SUV. Towing a trailer of ponies, sure, but a GLS is equally confident taking on curvy roads or rough terrain, going out on the town or trekking cross-country. Advanced 48-volt electrical architecture—four times the usual volts—powers its EQ Boost electric torque assist, efficiently drives its powerful climate control, and makes its fast-acting active suspensions* possible. Its height-adjustable, independent AIRMATIC® suspension gives it serious off-road® chops, and a distinctly non-choppy ride in its chair-height third row. What's the trick to making a solid SUV so spirited? It takes genuine innovation and rigorous engineering. It only feels like magic.

TEAM SPIRITED

CAPABILITY HIGHLIGHTS

Inline-6 turbo, V8 biturbo, or AMG V8 biturbo, all w/electric EQ Boost

9G-TRONIC or AMG SPEEDSHIFT® TCT

9-speed automatic transmission

Self-leveling, height-adjustable suspensions: adaptive AIRMATIC®, camera-based E-ACTIVE BODY CONTROL (GLS 580*), or AMG ACTIVE RIDE CONTROL w/roll stabilization (GLS 63)

4MATIC® all-wheel drive or AMG Performance 4MATIC+ w/fully variable front/rear torque

Up to 7,700 lbs of towing capacity* standard

Motor Assist on demand*

Off-Road Package® (GLS 580*)

Up to 84.7 cu ft of cargo space*

KEYLESS-GO® and hands-free power liftgate

*Optional or not available on some models. Please see endnotes at back of brochure.
Groundbreaking innovation defines a deep tradition of passenger protection and driver convenience. Virtual eyes look out for your well-being, while a virtual cabin assistant listens and responds to your natural voice.

FORTITUDE WITH FORESIGHT
Radar- and camera-based systems offer virtual vigilance beyond human capability. They can watch ahead and to the sides to help prevent collisions, or act to pre-trigger your ears’ natural defenses if a crash seems imminent. They can offer a birds-eye view of your surroundings, help you park hands-free, and alert you if it’s not ok to open a door before you exit. A package of driver assists can adjust your cruise speed when the limit changes or you approach a tollbooth, help keep you from turning across oncoming traffic, let you change lanes with the tap of a turn signal, and even make traffic jams less stressful. All wrapped in a high-strength, highly advanced body.

SAFETY HIGHLIGHTS
Radar-based Active Brake Assist frontal collision mitigation, PRE-SAFE w/hearing protection technology, Blind Spot Assist w/Exit Warning Assist, PARKTRONIC w/Active Parking Assist, and multicamera Surround View System. Driver Assistance Package PLUS, including Active Distance Assist DISTRONIC cruise control, Active Steering Assist, Route-based Speed Adaptation, Evasive Steering Assist, Active Brake Assist w/Cross-Traffic Function, PRE-SAFE PLUS rear-impact prep, and Active Blind Spot, Emergency Stop, Lane Change, Lane Keeping, Speed Limit, and Stop-and-Go Assists.

HIGH TECH WITH A HUMAN TOUCH
Artificial intelligence lets you interact with the GLS more like a real person, for real convenience. By saying “Hey, Mercedes” you can operate cabin features with everyday language like “I’m warm” to turn down the heat, or “we’re getting hungry” for a navigation search. Augmented video can then show each turn, overlaid with guiding graphics, on the 12.3” central display. It’s also a multimedia touchscreen, set alongside a 12.3” reconfigurable instrument display. Multitouch interfaces on the steering wheel and console let you operate features without having to talk. And gesture control can respond without even touching. It’s not just easy to use from the get-go, it can also get better with time by learning your preferences as well.

TECHNOLOGY HIGHLIGHTS
Mercedes-Benz User Experience (MBUX) with natural voice assistant, touchscreen, console touchpad, and steering-wheel Touch Controls. Dual 12.3” displays: reconfigurable digital instrument cluster, multimedia touchscreen. MBUX Interior Assistant (gesture control). MB Navigation with augmented video using live imagery of surroundings. Apple CarPlay and Android Auto; SiriusXM 6-month All Access trial; Head-Up Display; Nine USB-C ports; wireless charging. LED Intelligent Light System w/Ultra Wide Highbeams and Adaptive Highbeam Assist.
Even with an abundance of standard features, a menu of enticing options and packages lets you create a GLS that’s a perfect fit for the way you drive, and the way your family lives.

**DRIVER ASSISTANCE PACKAGE PLUS**

(Standard on GLS 63)
- Active Distance Assist DISTRONIC® cruise control
- Active Steering Assist
- Evasive Steering Assist
- Active Brake Assist w/Cross-Traffic Function
- PRE-SAFE® PLUS rear impact preparation
- Route-based Speed Adaptation
- Active Blind Spot, Emergency Stop, Lane Change, Lane Keeping, Speed Limit and Stop-and-Go Assists

**EXECUTIVE REAR SEAT PACKAGES**

Executive Rear Seat Package (available on GLS 63 7-seater):
- 2nd-row wireless charging
- 2nd-row MBUX tablet (removable, docks in armrest)
- Outboard 2nd-row comfort head restraints

Executive Rear Seat Package PLUS (available on GLS 580 and GLS 63 7-seaters) adds:
- Heated, ventilated and multicontour outboard 2nd-row seats with massage
- Heated and cooled 2nd-row cupholder

**E-ACTIVE BODY CONTROL PACKAGE**

(Available on GLS 580)
- Underguard
- E-ACTIVE BODY CONTROL with road-scanning camera and curve tilting function

Please see endnotes at back of brochure.
The GLS is designed not just to be larger, but greater. So it goes to great lengths to be genuinely rewarding wherever you take your seat, and wherever you take your GLS. Each of its three seating rows offers appealing benefits: chairlike comfort in the third row, power seats in a variety of layouts in the middle row, and heated and ventilated seats up front, all standard. The powerful climate control has four or five* zones, and filters for dust, pollen and even odors. Add an ionizer* for even fresher air, and it can subtly infuse a hint of fragrance as well. Front and middle seats can offer a “hot stone” massage,* and even the third row can be heated.*

If you’re the lucky occupant of the driver seat, the benefits might surprise you even more. Thanks to its adaptive air-suspension, turbo- and electric-boosted acceleration, fully variable 4MATIC® all-wheel drive, and the driving passion of Mercedes-Benz engineers, a GLS isn’t merely capable and confident off-road. It’s uncannily agile on-road, negotiating twisty roads and tight cities with the gracefulness to make you rejoice while your passengers relax. If there’s a place and time for everything, a GLS helps make both special.

**_INLINE-6 TURBO OR V8 BITURBO WITH EQ BOOST ELECTRIC ASSIST. SEATING FOR 6 OR 7 PASSENGERS. UP TO 84.7 CU FT OF CARGO SPACE.* LED HEADLAMPS AND TAILLAMPS. 64-COLOR LED AMBIENT LIGHTING. /AMG Performance 4Matic+
/Designo Diamond White
/23" AMG® Forged Alloy Wheels
/AMG Night Package
AMG GLS 63  SPECIFICATIONS

/ENGINE  Handcrafted AMG 4.0L V8 biturbo w/electric EQ Boost

/POWER  603 hp @ 5,750 rpm

/0–60 MPH  →  4.1 sec$^{17}$

/DRIVE  AMG Performance 4MATIC+

/WHEELS$^1$  21" AMG® 10-spoke
"Faster, daddy" is not a sound argument for driving a 7-seat SUV powered by a handcrafted biturbo V8 that can output 603 hp without counting what its electric boost can fill in. However, the AMG GLS 63 does get better fuel economy than many two-seat supercars, and they can’t carry 85 cu ft of racing helmets or six of your friends in lush, law-abiding luxury. AMG Performance 4MATIC+ all-wheel drive and an electronically controlled limited-slip rear differential team up for precise footwork, whether responsibly merging from 0 to 60 in 4.1 seconds or negotiating a challenging curve.

For a more serene ride, AMG ACTIVE RIDE CONTROL can actively counteract body roll and pitch—helping to keep an even keel whether driving fully laden or enjoying a solo romp. The AMG DRIVE UNIT lets you dial in the suspension, drive mode and more, directly from the steering wheel. You can even tone down the exhaust note as you tiptoe into your cul-de-sac. Richly crafted luxury, an abundance of flexible space, and a suite of industry-advancing driver assistance and safety systems—all standard—make a GLS 63 a totally rational choice. The sports car hidden inside is a bonus.

HANDCRAFTED AMG V8 BITURBO w/ELECTRIC EQ BOOST AND DYNAMIC ENGINE MOUNTS.

OWNERSHIP / EXPERIENCE

COMMITTED TO COMMUNITY
Mercedes-Benz USA is committed to educating and empowering the next generation of diverse leaders. To help equip them with the tools for success, MBUSA partners with two national organizations that invest in the futures of young people in communities across the country. As a Mercedes-Benz driver, you become a part of this effort to give hundreds of thousands of youth a better life today, and all of us a brighter tomorrow.

Learn more about how Mercedes-Benz USA gives back at MBUSA.com/community

A nationwide network of youth sports programs, Laureus Sport for Good USA is focused on improving the health, education, employment and social cohesion of youth in underserved communities. Since 2012, Laureus USA has helped nearly half a million young people in 150 cities.

To learn more, visit laureususa.com

Johnny Mac Soldiers Fund helps honor military service and sacrifice by providing scholarships to veterans and military family members—particularly the children of our nation’s fallen and disabled. Since 2014, Johnny Mac has awarded more than $16 million in scholarships to some 2,000 students.

DAILY COMMUTE OR ROADTRIP, THOUGHTFUL TECHNOLOGY HELPS MAKE ANY JOURNEY A JOY.

Mercedes me connect puts a network of features in your car, on your smartphone, and in the digital world around you. And all of them collaborate to help keep you on track, on time, and feeling you’re on top of your real world.

• You can remote-start your car, locate where it’s parked, configure vehicle settings from your phone, and more.
• You can look up destinations on your phone and send them to the MB Navigation system in your car.
• You can offer WiFi to your passengers, and enjoy audio from all over the planet with TuneIn Radio.

Models with Car-to-X Communication can share info on traffic, road hazards and other conditions with each other, via a central reporting base. So you might find out about a tie-up on your route before you get caught up in it.

The map database for your car’s MB Navigation system can be updated in your driveway, over the air, up to twice a year—with no need to bring it to the dealership.

WHEREVER YOU DRIVE, THERE’S A TEAM OF SUPPORTIVE PEOPLE LOOKING OUT FOR YOU.

Mercedes-Benz was the first automaker to introduce its own Roadside Assistance Program in the US. For more than 35 years, customers have called on—and counted on—factory-trained experts in times of need.

• A button in your car can connect you. If an air bag or seat-belt tensioner is activated, your car can place the call on your behalf, and even transmit your location.
• They can send help—usually a trained dealer service technician—to your location, even for a jump-start.
• If you see a warning light, so can the experts, and they can often help diagnose trouble over the phone.

Your Mercedes-Benz dealer is helping make service and maintenance even more convenient, with options such as Express Service, Mobile Service, pickup and delivery, online scheduling, and contactless payment. Your dealer can tell you more about the specific benefits they offer.

YOUR MERCEDES-BENZ EXPERIENCE SHOULD ALWAYS FEEL SPECIAL.

Driving a Mercedes-Benz feels like joining a club, as well as a family. Wherever you go, you’re part of a history that started with the first car, and always keeps racing ahead.

• For decades, groundbreaking innovations have protected, entertained and indulged Mercedes-Benz drivers first. While many have gone on to become the standard for all cars, you get to drive the future, today.
• From the AMG Lounge to #MBPhotoPass on Instagram, Mercedes-Benz owners have many ways to connect and interact.
• Mercedes me lets your car communicate its service needs to your preferred dealer.
• Your dealer can reach out to you to book an appointment or offer drive-in service.
