MITSUBISHI MOTORS
Drive your Ambition

10 YEARS OF CONFIDENCE

We stand behind what we build. Period.

Our vehicles are backed with a 10-year/100,000-mile Powertrain Limited Warranty,[1] a 5-year/60,000-mile fully transferable New Vehicle Limited Warranty, a 7-year/100,000-mile Anti-Corrosion/Perforation Limited Warranty and 5-year/ Unlimited Miles Roadside Assistance.

Like our cars, we intend to serve you well for many years to come with one of the most comprehensive warranties in the industry.

MITSUBISHI MOTORS
Drive your Ambition

(1) All coverage terms are from the original in-service dates and are applicable only to the original owner of new, retailed models purchased from an authorized Mitsubishi dealer. Subsequent owners receive the balance of the New Vehicle Limited Warranty of 5 years/60,000 miles. See retailer for limited warranty and roadside assistance terms and conditions.

2020 MITSUBISHI FULL LINEUP

TECHNOLOGY

FAST-KEY ENTRY WITH PUSH START BUTTON

Available FAST-Key (Free-hand Advanced Security Transmitter) makes vehicle entry easy. To unlock the doors, simply press the button on either front door or the tailgate. Starting the engine is also push-button easy with the keys tucked safely away in a pocket or purse.

SMARTPHONE-LINK DISPLAY AUDIO

The available Smartphone-link Display Audio system is compatible with Apple CarPlay® and Android Auto™. CarPlay® is the smarter, safer way to use your iPhone® to access Apple Music® and Maps, send messages and make calls with Siri® or the car's touchscreen. Utilize Android Auto™ by pressing the Push To Talk button, allowing you to talk to Google and access all the most commonly used features on the Android™ platform, such as Google Play Music, Google Maps and Hangouts.[12,13]

CHARGE AND SAVE

Control battery usage on the Outlander PHEV with the Charge or Save modes, and monitor your energy usage with the Energy Usage Indicator in the instrument cluster or in the audio system display. Best of all, use the ECO SCORE feature to measure just how eco-friendly your driving is.

(9) EPA highway mileage estimate for ES 2WD model with CVT transmission. Actual mileage may vary. (10) The Blind Spot Warning (BSW) system, Lane Change Assist (LCA) system, and Rear Cross Traffic Alert (RCTA) system are driver aids only and are not substitutes for safe and careful driving. Under certain circumstances, the systems may not detect other vehicles correctly. Available on the Outlander, Outlander Sport, Outlander PHEV and Eclipse Cross. (11) Available on the Eclipse Cross, Outlander and Outlander PHEV. (12) Apple CarPlay® and Siri® are trademarks of Apple Inc., registered in the U.S. and other countries. iPhone is a registered trademark of Apple Inc. (13) Requires the Android Auto app on Google Play and an Android compatible smartphone running Android™ 5.0 Lollipop or higher. Google, Android, Android Auto, and other marks are trademarks of Google LLC. (14) Not available on all models.

CAREFULLY CURATED.

LED LIGHTING

Available sleek daytime running LED headlights and available LED fog lights offer better visibility when inclement weather descends. In fog, rain or snow, navigate safely with a clear view of the road ahead.[14]

MULTI-VIEW CAMERA SYSTEM

This available feature displays what's seen by cameras mounted on the front, rear and sides of the vehicle. These views – including a bird's-eye view – can be shown on the vehicle's touchscreen to help you park or back up more safely.[14]

RISE BODY CONSTRUCTION

Mitsubishi's Reinforced Impact Safety Evolution (RISE) body construction is engineered for maximum protection in the event of a collision. Our RISE body construction utilizes crumple zones that help route and absorb energy during high-impact collisions, a super-rigid rear occupant cell, reinforced side-impact doors and energy-absorbing materials in the side pillars.[14]

(2) 2020 Mitsubishi Eclipse Cross is a 2019 IIHS Top Safety Pick. Award applies only to vehicles with optional front crash prevention and specific headlights. (3) Based on Model Year 2019 Fuel Economy Guide: https://www.fueleconomy.gov/feg/pdfs/guides/FEG2019.pdf (4) EPA mileage estimate. Actual mileage may vary. Mirage ES, LE, SE and GT 1.2 2WD CVT are 36 city / 43 highway / 39 combined, and EPA mileage estimate for Mirage ES 1.2 MT is 33 city / 41 highway / 36 combined. Mirage G4 ES, LE and SE 1.2 2WD CVT are 35 city / 41 highway / 37 combined, and EPA mileage estimate for Mirage G4 ES 1.2 MT is 33 city / 40 highway / 35 combined. (5) EPA highway mileage estimate for CVT-equipped model. Actual mileage may vary. (6) Available on the Eclipse Cross only. (7) The Lane Departure Warning (LDW) system is designed to read the lane marks under certain conditions. It is not a collision avoidance system and is not a substitute for safe and careful driving. Available on the Outlander, Outlander Sport, Outlander PHEV and Eclipse Cross. (8) The Forward Collision Mitigation (FCM)/Pedestrian Detection (PD) system and the Forward Collision Mitigation with High-Speed Braking Capability (FCM-HSB) system are driver aids only and are not substitutes for safe and careful driving. Under certain circumstances, the systems may not detect other vehicles and/or pedestrians correctly. Available on the Outlander, Outlander Sport, Outlander PHEV and Eclipse Cross.

MITSUBISHI CONNECT

MITSUBISHI CONNECT[6] is a group of innovative services for your driving safety and convenience. Available Safeguard Services and Remote Services can be accessed through on-board buttons, the MITSUBISHI CONNECT app, Google Home and Amazon Alexa.

Safeguard Services include emergency assistance through the SOS button in the overhead console and an immediate call from a customer care advisor in the event of a detected collision. Remote Services allow you to monitor and control your car easily with the smartphone app. Pre-warm or cool the vehicle, turn headlights on/off, unlock/lock doors and more – from wherever you are.[6, 14]

PERFORMANCE

SUPER ALL-WHEEL CONTROL

Count on a stimulating drive on city streets and off the beaten path with available Super All-Wheel Control (S-AWC)[11]. Mitsubishi's advanced four-wheel control system helps to ensure stable and responsive handling for all types of roads and driving conditions. Through rain, snow and gravel, S-AWC[11] has improved traction for wherever your travels lead you.[11, 14]

OUTLANDER

The Outlander offers 6 trim levels with standard features that include a Touchscreen with Bluetooth®, USB charging port(s) and integrated overhead console.

The 2020 Outlander's standard third-row seating has room for family, friends and everything in between. Need more room? Fold down the second- and third-row seats for space that fits your needs.

OUTLANDER SPORT

The Outlander Sport offers 5 trim levels with standard features that include a Touchscreen with Bluetooth®, USB charging port(s), rearview camera and LED low/high beam headlights.

From urban adventures to weekend getaways, the Outlander Sport's cargo space offers customizable configurations perfect for any adventure.

OUTLANDER PHEV

The Outlander PHEV offers 2 trim levels, each fusing hybrid technology with exceptional SUV capability and performance. Standard features include a Touchscreen with Bluetooth®, USB charging port(s), rearview camera and power remote liftgate.

We built the 2020 Outlander PHEV with both sustainability and adventure in mind. Explore with confidence.

SAFETY

FORWARD COLLISION MITIGATION WITH PEDESTRIAN DETECTION

The Forward Collision Mitigation with Pedestrian Detection (FCM) system utilizes radar and camera technology to determine if a frontal collision with a vehicle or pedestrian is imminent. If so, it warns the driver with audible and visual signals, and automatically applies moderate to emergency braking to reduce the severity of the collision.[8,14]

LANE DEPARTURE WARNING

The Lane Departure Warning (LDW) system uses an onboard camera to monitor lane position in front of the vehicle and alert the driver audibly and visually if it detects the vehicle leaving its lane unintentionally.[7,14]

BLIND SPOT WARNING AND LANE CHANGE ASSIST

Together, the Blind Spot Warning (BSW) and Lane Change Assist (LCA) systems alert you when a vehicle is in or approaching your blind spot. When a vehicle is traveling in the detection areas, a warning light will illuminate in the corresponding side mirror. If your turn signal is on, the warning light on the corresponding mirror will blink and the system will beep three times to alert you that it is unsafe to change lanes.[10,14]

REAR CROSS TRAFFIC ALERT

The Rear Cross Traffic Alert (RCTA) system detects a vehicle approaching from either side while you're backing up. The warning lights on both side mirrors will blink, a buzzer will sound to alert you, and a warning message will appear on the information screen.[10,14]

SMALL BATCH. BIG DEAL.

Redefined and reimagined. Introducing the 2020 Mitsubishi full lineup.

Attention to detail. Precision engineering. Advanced safety and bold styling. Each vehicle within the 2020 Mitsubishi full lineup shares these qualities. It's also immediately clear how truly unique each vehicle is.

There's the comfort and versatility of the Outlander, the fun and adventure of the Outlander Sport, and the style and efficiency of the Mirage and Mirage G4 sedans. And with the revolutionary eco-conscious Outlander PHEV and the up-for-anything Eclipse Cross, there's a vehicle ready and willing to take you on your ideal adventure.

We've been committed to continually improving our design and technology to offer our customers a unique selection of style, technology and performance. And it's all backed by one of the most comprehensive warranties in the industry[1].

Our vehicles are more than a means of transportation. They're a rolling tribute to the driver within. They're an outward expression of your inner love for the road. And they're the keys to allowing you to drive your ambition, whatever that may be and wherever that may take you.

We don't build Mitsubishis for everyone. We build them just for you.

CHOOSE YOUR ADVENTURE

ECLIPSE CROSS

The Eclipse Cross offers 5 trim levels with standard features including a 7" Touchscreen with Bluetooth® and a 1.5L direct-injection turbo engine.

We combined a bold styling with outstanding performance and award-winning[2] safety features to bring you a crossover vehicle that is a pleasure to drive.

MIRAGE

The Mirage offers 4 trim levels, each combining a stylish appearance with ample cargo space. Standard features on the Mirage include Remote Keyless Entry, 12V Power Outlet, a USB charging port and rearview camera.

The Mirage is the most fuel-efficient non-hybrid compact car in America[3]. The Mirage's 1.2-liter MIVEC engine helps deliver a budget-savvy and fuel-efficient combined MPG rating of 39[4].

MIRAGE G4

The Mirage G4 offers 3 trim levels, offering a balance of practicality, technology and size. While it may be a subcompact car, it's packed with many standard features, including a USB charging port, rearview camera and automatic climate control.

The Mirage G4 allows you to get more out of every mile. The Mirage G4's 1.2-liter MIVEC engine delivers a combined MPG rating of 37[4] when equipped with its available Continuously Variable Transmission (CVT).
