Captain of the off-road.

Grab your gear — it’s going to be a wild ride. 4Runner has been championing the off-road for over 35 years and counting. And with the introduction of TRD Sport, this all-new rig shows up ready to play. With the dependability of a veteran and the hustle of a rookie — the 2022 Toyota 4Runner is equipped to take your adventures up a notch.
Conquer the off-road.

4Runner delivers a ride that’s smooth in the city — but its true home is on the trail. Featuring available off-road technologies like a Multi-Terrain Monitor (MTM), Hill Start Assist Control (HAC) and Multi-Terrain Select (MTS), this body-on-frame icon is built to take on the toughest terrain.

TRD Sport’s advanced capability

Featuring an X-REAS suspension, TRD Sport helps you confidently corner and carve through roads without breaking a sweat. And it’s equipped with 20-in. alloy wheels and premium tires for enhanced traction.

Locking Rear Differential

To help you negotiate uncertain terrain, 4Runner’s available electronically controlled locking rear differential distributes engine power evenly to both rear wheels, so they move at the same speed, even if one is off the ground.

Crawl Control (CRAWL)

Available Crawl Control (CRAWL) automatically modulates the throttle and brakes on five low-speed settings so you can keep your focus on navigating across difficult terrain.

Kinetic Dynamic Suspension System (KDSS)

When taking on extreme off-road terrain, 4Runner’s available Kinetic Dynamic Suspension System (KDSS) automatically decouples the sway bars as needed, helping improve wheel articulation.
UTILITY

Designed for the long haul.

4Runner’s rugged capability gives you the confidence to take on the world’s wildest terrain. And it’s loaded with versatile features that come in handy when it’s just you and the trail.

LED headlights and fog lights

Driving home from the trail after dusk, 4Runner’s standard LED headlights shine bright. And when driving with reduced visibility, 4Runner’s standard LED fog lights help give you a clearer view of what’s ahead.

Power rear glass

A signature element found across all generations of 4Runner, this power rear glass raises and lowers with the push of a button, making it easier to grab your gear from the cargo area. And best of all, it’s standard.

Towing capability

With 4Runner’s ability to tow up to 5000 lbs., venturing into some of nature’s toughest ranges doesn’t mean you have to leave everything behind.

Trail Special Edition

With black badging and dark gray wheels, Trail Special Edition is ready to gear up and get out. Its custom-branded and removable 40-qt. cooler with tie-down straps keeps things cool while you’re burning up the trails. And with features such as a sliding cargo deck and Yakima® LoadWarrior cargo basket, you can bring your tent, sleeping bags and other gear with you out on the trails.

Off-roading is inherently dangerous. Abusive use may result in bodily harm or vehicle damage. Wear seatbelts at all times and do not allow passengers in cargo area.

See numbered footnotes in Disclosures section.
**TRD PRO**

*Tame wilder terrain.*

4Runner TRD Pro is ready to take your adventures to the next level. Boasting a heritage-inspired grille, TRD Pro badging, and a ¼-in.-thick aluminum skid plate, this rugged body-on-frame SUV fears no trail.†

*Flow-form wheels and all-terrain tires*

Crawl through rocks, dirt and mud in style.† TRD Pro’s flow-form 17-in. wheels come wrapped in Nitto™ Terra Grappler® all-terrain tires for more on-road comfort and enhanced off-road traction.

*TRD-tuned FOX® shocks and TRD-tuned suspension*

4Runner TRD Pro’s suspension features oversize FOX® high-performance shocks — with remote reservoirs on the rear shocks — and TRD-tuned front springs to help carry you over unforgiving terrain.

*Wider style*

The bark to match the powerful V6 bite. This black-chrome cat-back exhaust is constructed from stainless steel, and its precise CNC mandrel bends help maximize efficiency.

See numbered footnotes in Disclosures section.
EXTERIOR

Turn heads on the trail.

At first glance, there’s no doubt what this rig is capable of. From its aggressive front grille to its iconic badging, 4Runner’s adventurous spirit is seen in every detail.

TRD Sport

4Runner TRD Sport scores style points with its commanding front grille, sporty hood scoop and color-keyed body details. One look at the TRD Sport badge and everyone knows this 4Runner is ready to get after it.

Iconic style

Looking its best with a fresh coat of mud, 4Runner’s trail-ready toughness and cutting-edge style have made it an off-road icon.²

Limited grade

20-in. wheels, chrome body accents and a striking front fascia give 4Runner Limited a refined presence. Inside, it’s all decked out with creature comforts, like leather-trimmed seats and a 15-speaker JBL® audio system. And staying true to its name, Limited is loaded with the proven capability features 4Runner is known for, like its standard X-REAS Sport Enhancement Suspension and available full-time 4WD.

TRD Off-Road Premium shown in Barcelona Red Metallic. Off-roading is inherently dangerous. Abusive use may result in bodily harm or vehicle damage. Wear seatbelts at all times and do not allow passengers in cargo area. Do not overload your vehicle. See Owner’s Manual for weight limits and restrictions.

Do not overload your vehicle. See Owner’s Manual for weight limits and restrictions.

See numbered footnotes in Disclosures section.
Rugged, yet refined.

Inside, it’s the perfect balance of resourceful and refined. And behind the wheel, 4Runner’s 8-in. high-resolution touchscreen makes your playlist, navigation settings and more all look stunning.

4Runner’s signature touches

Take a seat inside TRD Sport, and the SofTex®-trimmed seats with gray contrast stitching fit you like a glove. Custom-made details like its gray TRD lettering stitched on the front headrests and shift knob hint that this rig is ready to go all in.

Full-fold seats

With 4Runner’s 40/20/40 fold-flat second-row seats, you can make room for everything you need by folding one or all three seats down to accommodate up to 88.8 cubic feet of cargo.

Sliding rear cargo deck

4Runner’s available sliding rear cargo deck can support up to 440 lbs. and makes loading and unloading a breeze.

Power moonroof

4Runner’s available power tilt/slide moonroof brings you closer to the great outdoors, without even leaving your seat.
SAFETY

Feel safe anywhere.

Wherever your adventures take you, you can feel at home knowing 4Runner’s advanced safety features have your back.

Integrated backup camera
When backing up, the area visible to the camera is displayed on the 8-in. touchscreen. 4Runner’s available front and rear parking assist sonar beeps to tell you how close the bumpers are from a detected object. And 4Runner’s available Panoramic View Monitor (PVM) uses cameras on the front, sides, and rear to give you a 360-degree view of what’s going on outside.

Tire Pressure Monitor System
When riding over sand or powering through mud, there’s one thing you can’t live without: tire pressure. 4Runner’s advanced Tire Pressure Monitor System (TPMS) sends you a notification when it detects the PSI level is low. That way, you can take care of your tires and get back to taking on the trails.

Eight standard airbags
A driver and front passenger Advanced Airbag System, driver and front passenger TAP (Thorax, Abdomen, Pelvis) front seat-mounted side airbags, driver and front passenger knee airbags and all-row (third-row airbags on models so equipped) Roll-sensing Side Curtain Airbags (RSCA) are all part of a system designed to help keep you safe.

Side-impact door beams
4Runner’s side-impact door beams are designed to help keep everyone inside safe by absorbing the energy created during a collision from the side.

TRD Off-Road Premium shown in Barcelona Red Metallic.
Amplify your drive.

Take advantage of smarter and convenient technologies designed to simplify your everyday life. From a suite of services that are there for you 24/7 to an immersive audio multimedia system, you can stay connected to your world.

Connected Services

Our available suite of Connected Services provides added convenience and peace of mind.

- **Safety Connect®**
  Emergency SOS assistance and 24/7 Toyota Roadside Assistance.

- **Service Connect**
  Get personalized maintenance updates and vehicle health reports.

- **Remote Connect**
  Start, lock/unlock your doors and more, using your compatible smart device.

- **Wi-Fi Connect**
  Turn your Toyota into a hotspot with 4G connectivity.

- **Destination Assist**
  24/7 live agent assistance to locate your next destination.

To view included trial details, please visit toyota.com/connected-services.

Audio Multimedia

Make every drive more personal. By utilizing your vehicle’s touchscreen display and audio multimedia capabilities, you’ll always have access to what you want. Whether it’s listening to your favorite playlist or finding the most scenic route to your destination, you’ll enjoy the latest in connectivity and technologies that are all about you.

Apple CarPlay®

Bring along a familiar face. With Apple CarPlay® compatibility, you can use your compatible iPhone® with the audio multimedia system to get directions, make calls, send and receive messages, and listen to music — all while staying focused on your commute.

Android Auto™

Stay connected on the road. By pairing your compatible Android™ phone with the audio multimedia system, Android Auto™ lets you access your Google Assistant, get real-time traffic alerts, make and receive phone calls, listen to your favorite soundtrack and more.

SiriusXM® w/3-month Platinum Plan trial subscription

SiriusXM® has premium entertainment that you won’t hear anywhere else. With the Platinum Plan, you get 350+ channels, including 165+ channels in your vehicle, to enjoy ad-free music, plus sports, news, talk, comedy and more.

Amazon Alexa

Almost anywhere the road takes you, Amazon Alexa connectivity follows. With a smartphone connection and the Toyota+Alexa app, all you have to do is ask Alexa to play music, listen to audiobooks, hear the news, check weather, control smart-home devices and more.

JBL®

Feel the difference and hear the truth. Designed specifically for Toyota, JBL® finely tunes each speaker to the interior of the vehicle. Just turn up the volume to hear the crisp, rich, vibrant sound come through.

Feature availability may vary by model grade. See numbered footnotes in Disclosures section.
TOYOTA SAFETY SENSE™ P (TSS-P)

Peace of mind comes standard.

Toyota Safety Sense™ P (TSS-P)31 is a bundle of active safety features included on many new Toyota vehicles at no additional cost. TSS-P’s comprehensive features create in-the-moment safety designed to help protect you and your passengers from harm.

- Pre-Collision System with Pedestrian Detection32
- Dynamic Radar Cruise Control33
- Lane Departure Alert34
- Automatic High Beams35

For more information, visit toyota.com/safety-sense. Feature availability may vary by model grade. See numbered footnotes in Disclosures section.

WARRANTIES

Every Toyota Car, Truck, and SUV is built to exceptional standards. And that’s not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Accessories: For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle’s in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage.

You may be eligible for transportation assistance if it’s necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota’s warranties, please visit www.toyota.com, refer to the applicable Warranty and Maintenance Guide or see your Toyota dealer.

See numbered footnotes in Disclosures section.

See numbered footnotes in Disclosures section.
1. Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area. 2. The Multi-Terrain Monitor view is limited and can be affected by environmental conditions. See Owner’s Manual for additional limitations and details. 3. Hill Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, ground condition, and driving habits can affect whether HAC will be effective in preventing a loss of control. See Owner’s Manual for additional limitations and details. 4. The Toyota model or models shown are designed to meet most off-road driving requirements, but off-road driving is inherently more dangerous than driving in the normal manner and may result in the environment. This view is limited and should not be relied upon, particularly at night or in poor weather conditions. Do not allow passengers to ride in cargo area. 5. Crawl Control is designed for driving on difficult terrain at low speeds and assists the driver by controlling acceleration and braking, allowing the driver to focus on steering. See Owner’s Manual for additional limitations and details. 6. Do not overload your vehicle. See Owner’s Manual for weight limits and restrictions. 7. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner’s Manual. The maximum you can tow depends on base curb weight plus the total weight of any cargo, occupants, and added vehicle equipment. “Added vehicle equipment” includes additional standard/optimal equipment and accessories added by the manufacturer, dealers, and/or vehicle owners. The only way to be certain of your vehicle’s exact curb weight is to weigh your vehicle without passengers or cargo. Calculated with the new SAE J2807 method) Installation of a tow hitch receiver or other accessories located near the rear bumper or side-door kick sensors may require disabling or removing the kick sensor, and the sensor operation setting in your vehicle will be turned off. If you equip your vehicle with a third brake light, you may need to disconnect the backup camera. 8. Nitto is a registered trademark of Nitto Tire U.S.A. Inc. 9. Terra Grappler is a registered trademark of Toyopedia & Rubber Co., Ltd. 10. FOX is a registered trademark of FOX Factory, Inc. 11. Softex® is a registered trademark of Toyota Motor Sales, U.S.A., Inc. 12. JBL® is a registered trademark of Harman International Industries, Inc. 13. Airbag systems are Supplemental Restraint System and are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not overload parked vehicle. See Owner’s Manual for additional limitations and details. 16. The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge, not rely solely on the monitor system. See Owner’s Manual for additional limitations and details. 17. Connected Services depends on factors outside of Toyota’s control, including an operable telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded, including access to response center services. See Toyota Connected Services data collection, use, and sharing practices, please visit https://www.toyota.com/privacys. Stolen vehicle police report required to use Stolen Vehicle Connector. Service by Toyota by vehicle or region. Service subject to change at any time without notice. Use common sense when relying on this information. 22. Requires adequate cellular coverage and GPS signal strength. May not work in all areas. Service may vary by vehicle and region. To learn about Toyota’s Connected Services data collection, use, and sharing practices, please visit https://www.toyota.com/privacys. The Safety Connect® trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Paid subscription required after trial to access the service. 19. Requires adequate cellular coverage and GPS signal strength. May not work in all areas. Service may vary by vehicle and region. To learn about Toyota’s Connected Services data collection, use, and sharing practices, please visit https://www.toyota.com/privacys. The Remote Connect® trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Paid subscription required after trial to access the service. 20. Requires adequate cellular coverage and GPS signal strength. May not work in all areas. Service may vary by vehicle and region. To learn about Toyota’s Connected Services data collection, use, and sharing practices, please visit https://www.toyota.com/privacys. The Destination Assist® trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Paid subscription required after trial to access the service. 21. Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space or vehicle is occupied by a child). Toyota Remote Connect depends on factors outside of Toyota’s control, including an operable telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Service subject to change at any time without notice. Use common sense when relying on this information. 23. 3rd-party connected services require an internet connection and compatible devices. 26. Android is a trademark of Google LLC. 27. Vehicle interface user is a product of Google and its terms and privacy statement apply. 28. The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to learn about Toyota’s Connected Services data collection, use, and sharing practices, please visit https://www.toyota.com/privacys. The Toyota Remote Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Paid subscription required after trial to access the service. 28. The Wi-Fi Connect trial period is 3 months from the original date of purchase or lease. Service Connect is not renewable as a stand-alone service. 29. The Safety Connect® service requires a compatible iPhone® connected with an approved data plan. Apps are subject to change at any time without notice. 30. Toyota and Toyota logos are trademarks of Toyota Motor Corporation. 31. Toyota Safety Sense™ effectiveness is dependent on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See Owner’s Manual for additional limitations and details. 32. The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to determine if impact is imminent and help reduce impact speed and damage in certain frontal collisions involving a vehicle or a pedestrian. PCS with Pedestrian Detection (PD) is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on factors including road, weather and traffic conditions. Vehicles with manual transmission have regular DRCC. See Owner’s Manual for additional limitations and details. 33. Lane Departure Alert is designed to read visible lane markers under certain conditions, and provide visual and audible alerts when lane departure occurs. Effectiveness depends on many factors including weather and vehicle conditions. See Owner’s Manual for additional limitations and details. 34. Lane Departure Alert is designed to read visible lane markers under certain conditions, and provide visual and audible alerts when lane departure occurs. Effectiveness depends on many factors including weather and vehicle conditions. See Owner’s Manual for additional limitations and details. 35. Certain vehicle and environmental factors, including an object’s shape and composition, may affect the ability of the front and rear parking assist sonar to detect it. Always look around outside the vehicle and use mirrors to confirm clearance. See Owner’s Manual for additional limitations and details. 36. Do not allow passengers to ride in cargo area. See Owner’s Manual for additional limitations and details. 37. EPA-estimated 16 city/ 19 hwy/17 combined mpg for 2022 4Runner. Use for comparison purposes only. Your mileage will vary for many reasons, including your vehicle’s condition and how/where you drive. See www.fueleconomy.gov.
Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order.

Color(s) depicted may vary based on multiple factors, including ambient lighting and the format in which it is being viewed (e.g., computer, mobile device or print). The floor mat/floor liner was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat/liner must be secured with its fasteners. Do not install a floor mat/floor liner on top of an existing floor mat/floor liner. Torsem® is a registered trademark of Zexel Torsen, Inc. Extra-cost color. Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. The engine immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a Smart Key fob into the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle’s immobilizer. The transponder chip is embedded in the key/fob and can be costly to replace. If you lose a key or fob, your Toyota dealer can help or go to www.aloa.org to find a qualified locksmith in your area who can perform high-security key service.

Brake Assist is designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See Owner’s Manual for additional limitations and details. Active front headrests can help reduce the extent of whiplash in certain types of rear-end collisions. The engine immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a Smart Key fob into the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle’s immobilizer. The transponder chip is embedded in the key/fob and can be costly to replace. If you lose a key or fob, your Toyota dealer can help or go to www.aloa.org to find a qualified locksmith in your area who can perform high-security key service.

Smart Stop Technology® operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. See Owner’s Manual for additional limitations and details.

Active Blind Spot Monitor can help detect vehicles in your blind spot and alert the driver if you are about to change lanes in the direction of the detected vehicle. The system will illuminate a warning indicator in the appropriate side view mirror and display the information on the multi-information display. The driver can then adjust their lane position as needed. The system is not designed to replace the driver’s responsibility to always check their mirrors and look over their shoulder before changing lanes. There are limitations to the function, detection and range of the monitor. See Owner’s Manual for additional limitations and details.
