

 **TOYOTA** Prius 2006

It's not difficult to see how one can be easily misled by Prius' sleek, aerodynamic profile. The exhilaration of a spirited test drive will only further the impression that this futuristic, 5-door liftback is simply one very powerful statement of well-appointed responsiveness. But be warned, Prius is no ordinary next-generation mid-size. The point of departure is Prius' Hybrid Synergy Drive,<sup>™</sup> a state-of-the-art gas/electric hybrid powerplant that gives Prius more power and the best fuel efficiency in its class – over 800 km on one tank!

# Prius06

SO MUCH MORE THAN MEETS THE EYE. WELCOME TO THE 21<sup>ST</sup> CENTURY.

*Above: The 2006 Prius shown in Classic Silver Metallic.*

GOING BEYOND.

The Prius experience goes well beyond first impressions. Something you'll discover when you settle in behind the wheel and encounter a jaw-dropping array of amenities. Like an amazingly sensible push-button starter. Or steering wheel-mounted controls and available Smart Entry & Start, which lets you magically unlock and start your car without even using the key. You can even take in the wonders of Hybrid Synergy Drive™ on an in-dash display screen. And as if Prius isn't already the most technically advanced car in its class, there's an available DVD-based navigation system<sup>1</sup> with back-up camera, a JBL premium AM/FM and a 6-disc CD autochanger with 9-speakers for a sound you – and your ears – simply will not believe. Prius. Another word for “tomorrow.”

Above and right: Prius dash and detail images shown with optional equipment.

Preceding page: Prius shown in Silver Pine Mica.

#### COMFORT ZONE.

Just before you hit the start button, take a look around you. It's called space. And because there's so much of it, you can actually take it for granted. Same goes for the four other people who can also sit comfortably inside. And on the subject of comfort, you can look forward to a host of amenities on every Prius. Like 4-way adjustable front bucket seats, automatic air conditioning, rear adjustable headrests, power door locks and windows, tilt steering wheel and a multi-information display screen that's just like having your own in-dash entertainment centre. As for storage, you'll have an amazing .456 cubic metres of cargo room, plus the convenience of 60/40 split fold-down rear seats. There's even a hidden storage compartment (which will be yours to discover). Prius. Your own personal comfort zone.

*Top right: Prius' 60/40 split fold-down rear seats.*

*Above: Prius' Grey interior shown with optional equipment.*

#### WHAT THE WORLD NEEDS NOW.

Ultimately, you'll discover that Prius is much more than just an elegant way of getting from A to B. That's because extraordinary fuel economy, outstanding performance and environmental sensitivity are all part of the equation, thanks to Prius' revolutionary Hybrid Synergy Drive™. Many

models in our Toyota lineup will soon be powered the same way, and it's entirely possible that one day, Hybrid Synergy Drive™ might be as commonplace as the V6 engine. Peace of mind is also standard equipment on Prius 2006 – with safety features like the advanced driver and front passenger airbag Supplemental Restraint System (SRS). And for the ultimate in worry-free driving, every Prius has Complimentary Roadside Assistance. So slide behind the wheel, buckle up and push the power button. You're about to drive the future.

*Above: Standard driver and front passenger airbag Supplemental Restraint System (SRS) with available front seat-mounted side airbags (SRS) and front & rear head/side curtain airbags (SRS).*

#### HYBRID SYNERGY DRIVE™ IN A NUTSHELL.

- Without getting too technical, the Prius' powertrain is controlled by a sophisticated energy-splitting device that allows the powerful VVT-i gas engine and the zero-emissions electric motor to work either independently or together.
- At start-up or low speeds when the energy demand is low, Prius is powered by the electric motor.
- As speed increases, the gas engine kicks in, also generating electricity to power the electric motor and charge the battery.
- During acceleration, the gas engine receives additional power from the electric motor, thus improving performance, saving fuel and reducing emissions.
- When slowing down or braking, Prius' regenerative braking system uses kinetic energy to produce electricity and recharge the battery.
- The result: 90% fewer emissions than conventional cars and a lot less quality time spent in gas stations (no wonder it's called fossil fuel).

#### PRIUS' HYBRID SYNERGY DRIVE™ SYSTEM.

A solution with no cords attached. You could call it low emission wizardry, but it's really a gas/electric hybrid powerplant that makes Prius more fuel-efficient and powerful. More planet-sensitive than ever before, Prius is designed to achieve an Advanced Technology Partial Zero Emission Vehicle (AT-PZEV) rating.<sup>2</sup> You can make a difference without making a sacrifice. Prius is now even more powerful, with increased horsepower and torque. All this, and you never have to plug it in for recharging.

<sup>2</sup> Meets Environment Canada and U.S. Environmental Protection Agency (EPA) Tier 2 Emission Standards and California Air Resources Board (CARB) Advanced Technology Partial Zero Emission Vehicle (AT-PZEV) standards.

**DRESS IT UP. DRIVE IT OUT.** Make your statement. Your new Toyota Prius can very easily become a reflection of your personality and lifestyle. All you have to do is select which of the Toyota Accessories you'd like to add to your Prius to make it truly yours. Your Toyota Dealer will gladly assist you in customizing your new vehicle. To find the Toyota Dealer nearest you, go to [toyota.ca](http://toyota.ca) or call 1-888-TOYOTA-8.

Hood deflector

Side window visors

License plate cover

Enhance the look and functionality of your new Prius by choosing from the following list of Accessories:

- All-season mats
- Ashtray
- Block heater
- Cargo mat
- Glass breakage sensor

Prius all dressed up with hood deflector and side window visors.

**NEW VEHICLE WARRANTY SUMMARY**  
*No Deductibles – No Transfer Fees*

**Comprehensive Coverage - 3 years or 60,000 km**  
This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

**Powertrain Components - 5 years or 100,000 km**  
This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

**Major Emission Control Components - 8 years or 130,000 km**  
This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

**Corrosion Perforation - 5 years unlimited distance**  
Any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

**Hybrid-Related Components\* - 8 years or 160,000 km**  
This warranty covers repairs to hybrid-related components that are defective in material or workmanship under normal use and maintenance.  
*\*Includes: HV Battery, Battery Control Module, Hybrid Control Module and Inverter with Converter.*

**VEHICLE COVERAGE**

**ECP™** With Extra Care Protection you receive inflation protected coverage from mechanical failures, road emergencies, and much more. It's the most affordable way to guarantee your peace of mind. Consult your Toyota Dealer for details.

**TOYOTA EXPERIENCE** Toyota Dealers are dedicated to making the experience of owning a Toyota both satisfying and rewarding. Our highly skilled, Toyota-trained technicians are here to make sure you enjoy many years of trouble-free driving. *"That new Toyota feeling - we help you keep it."*

**TOYOTA FINANCIAL SERVICES** If you're looking at leasing or financing, we're here to help. We provide competitive interest rates, flexible terms, and an easy online pre-approval process. The toughest decision should be choosing which Toyota you want. Visit us at [www.toyotafinancialservices.ca](http://www.toyotafinancialservices.ca).

Toyota Canada and its Dealers are proud sponsors of Canadian Special Olympics.

• Tire Pressure Monitoring System	●
<b>PACKAGES:</b>	
<b>PREMIUM PACKAGE:</b>	
• Vehicle Stability Control (VSC), Premium JBL Audio, AM/FM/CD, MP3/WMA, In-Dash 6-Disc CD Autochanger, Audio Auxiliary Input Jacks, 9-Speakers, Front Seat-Mounted Side Airbags (SRS)*, Front & Rear Head/Side Curtain Airbags (SRS)*, Smart Key System, Garage Door Opener, Electrochromic Rear View Mirror, Anti-Theft System, Fog Lamps	○
<b>PREMIUM PACKAGE w/NAVIGATION:</b>	
• Vehicle Stability Control (VSC), Premium JBL Audio, AM/FM/CD, MP3/WMA, In-Dash 6-Disc CD Autochanger, Audio Auxiliary Input Jacks, 9-Speakers, Front Seat-Mounted Side Airbags (SRS)*, Front & Rear Head/Side Curtain Airbags (SRS)*, Smart Key System, Garage Door Opener, DVD Based Navigation System w/Back-Up Camera, Electrochromic Rear View Mirror, Anti-Theft System, Fog Lamps	○

\* Airbag Notice: The 2006 Prius features a driver & front passenger airbag Supplemental Restraint System (SRS) which activates only in a full-frontal collision of sufficient magnitude to inflate the bags. In moderate frontal collisions, the airbags may not inflate; in a rear or side collision the airbags are designed not to inflate, so the primary protection is provided by the lap and shoulder belt system. The 2006 Prius also features an optional Front Seat-Mounted Side Airbag Supplemental Restraint System (SRS) and an optional Front & Rear Head/Side Curtain Airbag Supplemental Restraint System (SRS) which activate only in a side-impact collision of sufficient magnitude to inflate the bags.  
Seatbelts must be worn at all times by all occupants.

PRIUS	5-DR
<b>MECHANICAL</b>	
<b>Engine</b>	• 1.5 Litre, In-Line 4-Cylinder, DOHC, 16-Valve, Variable Valve Timing w/Intelligence (VVT-i), Sequential Multiport Electronic Fuel Injection, AT-PZEV <sup>2</sup>
<b>Compression Ratio</b>	• 13.0:1
<b>Horsepower</b>	• 76 hp (57 kW) @ 5000 rpm

<sup>1</sup> The Toyota voice-activated DVD navigation system is designed to assist in locating an address or point of interest. Discrepancies may be encountered between the system and your actual location. Changes in street names, road closures, traffic flow or other road system changes may affect the accuracy of the mapping software. Rely upon your common sense to decide whether or not to follow a specified route. Detailed coverage not available in every city. Optional periodic geographic updates available at an additional cost. See your Navigation System Owner's Manual and your Toyota Dealer for further details.

<sup>2</sup> Meets Environment Canada and U.S. Environmental Protection Agency (EPA) Tier 2 Emission Standards and California Air Resources Board (CARB) Advanced Technology Partial Zero Emission Vehicle (AT-PZEV) standards.
