

The Jetta Wagon

It stands out without really standing out at all.

Drivers wanted.® 

DESIGN

Either we drove the Jetta Wagon to the fountain of youth,
or it drove itself.

Chrome Grille. New chrome accents on the front grille allow birds to see how cool they look as they pass overhead. They also provide rain drops with something attractive to aim for. We also like to think they draw the eye and let it linger for a moment, before sweeping over the hood, like air.

15" Alloy Wheels. The more alloy on the wheel, the more substance and strength it evokes. A few extra spokes also add to a car's sporty look and elegance. Not a bad thing at all, if you ask us.

EXTERIOR

Headlamps. Distinctly understated, they lend a hand to the Jetta Wagon's youthful demeanor. They don't wrap around the fender either, which keeps the car's profile nice and clean. (A real treat for other drivers as you zip by in the fast lane.)

Pick a color, any color.

GLS shown. Some features may not be available on some trim levels.

Drivers wanted. 

DESIGN

The less fussy it is inside, the better.

And the better it is, well, the better.

Telematics by OnStar.^{®1} It looks simple. Three little buttons. But to tell you about all the services that those three buttons connect you with (everything from driving directions and emergency assistance to remembering your anniversary) would take an entire website: www.onstar.com.

Multifunction Steering Wheel!

"Look, Ma, no hands!" is something no one likes to hear from the driver of a car. So to help keep both hands where they belong, we put the controls for the radio and cruise control on the steering wheel – where they belong.

The Monsoon[®] Sound System! 200 watts and an eight-channel amplifier will make your earlobes shimmy and shake. To make it as cool-looking as possible, we made it match the blue and red instrumentation panel, too. Now isn't that just like us?

INTERIOR

Some fabrics to choose from.

- Black Leather⁴

GLS interior shown with optional Leather Package. ¹Feature is optional. Please refer to features chart for complete information. ²Cloth is standard on the GL. ³Velour is standard on the GLS. ⁴Leather is optional on the GLS.

PERFORMANCE

For us, it's unlikely the thrill of making great engines will ever wear off.

115 hp

2.0L

This engine benefits from a simple and true design. (Some would say it's a classic.) It's compact, pretty lightweight, and requires less space under the hood – all of which goes to providing smooth engine performance. To top it all off, it offers lowered emissions, too.

100 hp

TDI®

We couldn't leave well enough alone. Again. Thanks to a new pump injector system called Pumpe Düse (pronounced pump-ah du-sah), the TDI now boasts more horsepower and torque. Cleaner emissions and quieter operation. And all without compromising the diesel-sipping goodness that makes it our most fuel-efficient engine!

180 hp

1.8T

Light in weight, compact in design, this engine has 5 valves per cylinder. That means you get better breathing for enhanced performance. Coupled with a Turbo, you get high torque starting at low rpm so you're quicker off the line. And high horsepower at high rpm provides you with exceptional passing power. Your fuel economy¹ is improved, and there are lowered emissions, too.

ALL-AROUND
SAFETY

Safety.

Our most important standard feature.

Front Crush Zone. Helps to divert impact energy away from occupants in case of a collision.

Anti-Theft Alarm System. Scares away uninvited guests. (Otherwise known as burglars.)

4-Wheel ABS. An onboard control unit designed to detect wheel lock-up, for enhanced control in poor driving conditions.

Immobilizer. Prevents the Jetta Wagon from being started up if an unauthorized key is used.

Daytime Running Lights. The better other drivers see you, the safer you'll be.

Electronic Stabilization Program.¹ For better handling and control. (Why skid if you don't have to?)

Rear Crush Zone. Helps to divert impact energy away from passengers in case there's a collision.

Interior Trunk Escape Handle. You never know – someone might accidentally lock themselves in and want to get out.

LATCH System. Lower Anchors and Tethers for Children. A standardized child seat attachment system for vehicles.

Child Safety Rear Door Locks. A feature that prevents a child inside from opening the rear doors.

Full-Size Spare Tire. You never know when it might come in handy.

Track-Correcting Torsion Beam Rear Axle. Angled mounts increase vehicle control as turns are completed.

Side Curtain Protection™ Airbags² These extend down the roofline, helping to minimize head and upper torso injury.

Dual Front and Front Side Impact Airbags, Supplemental Restraint System² Deploying within a tenth of a second if needed.

Anti-Intrusion Side Door Beams. Buying precious time for the side impact airbags to deploy.

Remote Central Locking System. Don't fumble for keys when you're in a rush to get in.

Safety Cell Construction. A rigid cell of reinforced steel is built into every Jetta Wagon.

Steering Column and Wheel. Telescoping, height-adjustable, and collapsible on impact. (Not bad for a steering wheel.)

WARRANTY

Basic Warranty: Every Jetta Wagon comes with a bumper-to-bumper New Vehicle Limited Warranty³ for 4 years or 50,000 miles, whichever comes first.

Powertrain Warranty: The Volkswagen Powertrain Limited Warranty provides 5 years or 60,000 miles of protection, whichever comes first.

Anti-Corrosion Warranty: A fully galvanized steel body means we can offer you a 12-year unlimited mileage Limited Warranty Against Corrosion Perforation.

Roadside Assistance: The Jetta has a 24-hour-a-day Roadside Assistance package⁴ for 4 years, unlimited mileage. Wherever you go, there we are.

¹ Feature available on certain trim levels.

² Airbags are supplemental restraints only and will not deploy under all accident scenarios. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age.

³ Wear and tear items and adjustments are excluded after the first 12 months or 12,000 miles, whichever comes first.

⁴ Roadside Assistance, for 4 years, provided by Road America. See dealer for details.
