For a lifetime, we have protected and celebrated life: of the occupants of our cars and of the world around them. Since our life began in 1927, we've learned a great deal about keeping people safe, through extensive testing and by researching real-life accidents. In fact, while the entire automobile industry makes use of Volvo safety concepts, we continue to develop new ones.

One of the things we've discovered is that although safety is enhanced through the interaction of sophisticated systems, it is most importantly the product of the relationship between car and driver. This bond is where dynamic driving begins. With this in mind, we have designed a Volvo that is not only thrilling to drive, but is also safer than ever before; for people and for the environment in which they live.

Maybe that's why, even after all these years, we still find safety so exciting. Welcome to the carmaker that never takes life for granted.

VOLVO. FOR LIFE

**THE VOLVO XC70.
GET UP AND GO**

Dusk or dawn, north or south, this is a car for people who appreciate the road less taken. It's the Swedish crossover vehicle – combining great versatility and safety with exceptional driving pleasure and comfort. It's a no-holds-barred approach to getting you and your crew nearly anywhere you need to go. Distinctive design and technology make the Volvo XC70 essential equipment for any pioneer.

Try finding an unexplored route from the snug position of this designer seat. There is 8.2 inches of ground clearance beneath you, and an exceptional view over the path ahead. The cabin is spacious yet intimate – with room to stretch your legs. The Volvo XC70 welcomes you onboard with an array of instruments and intuitive controls.

SIT UP

< BUILT-IN NAVIGATOR *

The optional Volvo Navigation System helps guide you to your destination, be it to the summer home of a friend in an unfamiliar area, or to the welcome sight of a gas station along the way. The system's voice guidance and ergonomically designed controls help keep your attention on the road, secure in the knowledge that the road is taking you where you want to go.

*Maps do not cover all areas or all routes within an area. Also, constant expansion and rebuilding of the road network mean that the digital map database is not always the latest road and traffic information. Always follow relevant regulations and road information.

INTUITIVE DRIVING >

Lean back and let the nearly infinite range of adjustments in the driver's seat offer pampering support. Everything you need is perfectly placed. With both hands on the wheel, you're in position to operate most of the car's controls – including the navigation and audio systems.

FOOT DOWN

The rugged yet responsive drivetrain makes temptation hard to resist. Its engine is a model of efficiency – capably turning fuel into fun. The power of the Volvo XC70 interacts with its all-road suspension for a ride that's as spirited as your mood.

< ENGINE

At the heart of the driving experience is the fiery five-cylinder turbo engine. Advanced engineering means crisp acceleration at all rpm while keeping fuel consumption and exhaust emissions low.

TRANSMISSION >

The responsive five speed Geartronic automatic is the perfect match for the Volvo XC70. It offers superbly smooth driving and exceptional all-road capacity – regardless of the weather. Geartronic also enables manual gear shifting when you're in the mood – so you can maintain a lower gear to rev up the engine, or provide added braking capacity when approaching a sharp bend.

THE POWER OF FOUR

Volvo's new AWD with Instant Traction™ is a physics-defying technology – providing instant take-off and superior traction on any road surface. And to fully utilize the physics of all four wheels, there's Volvo's optional active chassis with its unique Four-C technology. This continuously adjusts the suspension according to your driving style, speed and current road conditions.

AWD WITH INSTANT TRACTION™

The Volvo XC70's all-road capability is based on a generous ground clearance of 8.2 inches, a low center of gravity and an advanced chassis. In addition to this, Volvo's new pre-charged, electronically controlled all-wheel drive system – AWD with Instant Traction™ – means greater agility. The difference is noticeable from the second you start off – constant hydraulic pressure ensures that power is promptly distributed to the wheels with the best traction. Wheel spin is minimized to provide immediate acceleration and reassuring stability in slippery conditions.

When cruising on straight and dry roads the front wheels receive up to 95% of the power for optimum stability and fuel economy. When accelerating or driving through a sharp curve, up to 50% of the power is instantly distributed to the rear wheels – depending on what's needed to achieve maximum stability and traction. The precise and immediate response of the AWD system compensates for any tendencies to under or over-steer – giving you a feeling of total control.

COMFORT

For when the road is slippery or bumpy, when driving in town, or when you just want a relaxed ride. The Comfort chassis mode insulates the car's occupants from irregularities in the road surface. The system prioritizes low damping forces for smooth, gentle body movements and exceptional ride comfort.

SPORT

For sporty handling and a lively yet comfortable drive. The system prioritizes rapid reactions. It results in more decisive body movements, for more precise driving with quicker steering response and tenacious traction.

ACTIVE CHASSIS WITH FOUR-C (CONTINUOUSLY CONTROLLED CHASSIS CONCEPT)

The optional, advanced chassis system monitors the car, road and driver 500 times per second and simultaneously adjusts each shock absorber for optimal comfort and handling. At the heart of the system is Volvo's semi-active suspension with continuously controlled Monroe-Öhlins shock absorbers – featuring the two dynamic chassis modes: Comfort and Sport. The shock absorbers, stability system, engine, brakes and steering all interact in an electronic system controlled by you. The shift from Comfort to Sport is done with the simple press of a button.

DRIVING AHEAD

Four-C continuously analyses a series of driving parameters – instantly adjusting each shock absorber to suit current conditions.

DRIVING ON BUMPY ROADS

The shock absorbers adjust immediately to provide the most comfortable ride possible – the system absorbs anything the road has to offer.

BRAKING

The moment you brake, the shock absorbers readjust to level the car throughout the braking process – providing enhanced control and maximum grip.

CORNERING

As the car enters a curve, the Four-C system restricts the shock absorbers so the car steers neatly into the bend, with speed and balance. When turning further, Four-C ensures that the car remains stable yet responsive throughout the curve.

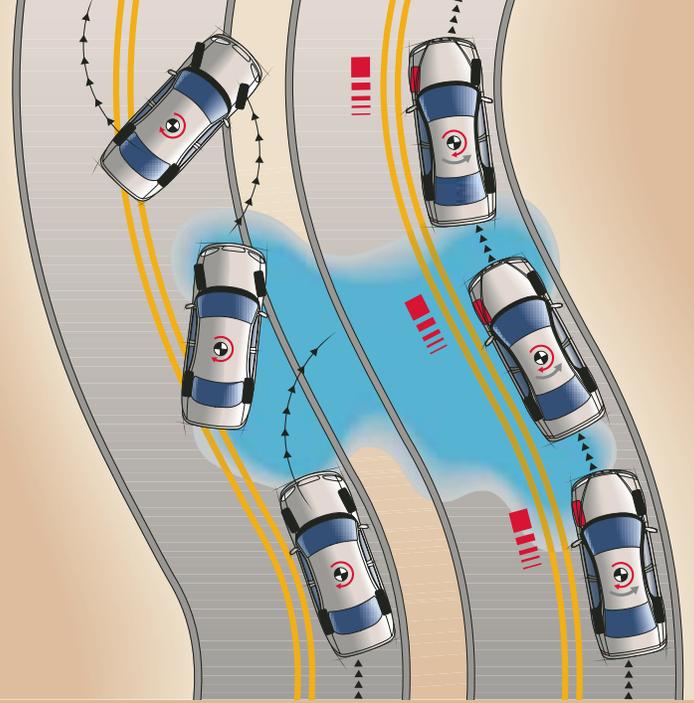

STIMULATING SAFETY

Don't worry – the Volvo XC70's preventive safety only adds to the pleasure of driving it. Take the solid chassis for example. Its rigid structure helps absorb the forces that are the natural result of a spirited drive down a winding road. At times like this, you'll also appreciate the attentive steering, reassuring AWD, and a stability system with the advanced technology to help keep you on track.

ACTIVE STABILITY SYSTEM

DSTC (Dynamic Stability and Traction Control) enhances driving stability on twisting roads and in slippery situations. By braking one or more wheels and temporarily reducing the engine's power output, the system instantly helps avert any tendency to skid – smoothly and efficiently. This allows an exhilarating drive while enhancing road holding.

ANTI-LOCKING BRAKES WITH EBA

Designed to handle even the toughest tests, the power of ABS will not fade away when it's needed most. So you can put your foot down as you steer clear of trouble. And if you don't press the pedal hard enough, EBA (Emergency Brake Assistance) steps in with a power boost to help bring the car to a standstill in the shortest possible distance.

BI-XENON

As darkness descends, you will appreciate the powerful and effective low and high beam headlights. And for an even broader and longer beam of light, you can add Bi-Xenon headlights. Integrated front and rear side-marker lights make it easier for other road-users approaching from the side to see your car.

Like its siblings, the Volvo XC70 was conceived in the Volvo Safety Centre. One of the most advanced facilities of its kind, this is where we crash test every model we make. Above and beyond countless computer simulations, we conduct over 400 full-scale collisions each year. These tests are based on what our researchers discover on the roads – we've investigated over 30,000 actual accidents since 1970. In fact, everything we do to make cars safer begins, and ends with real-life traffic situations. The Volvo XC70 is testimony to this fundamental philosophy.

REAL-LIFE EXPERIENCE

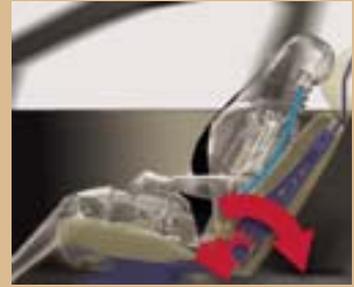

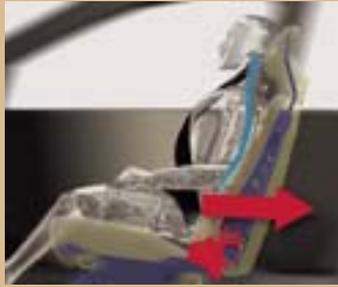

This fixed test tunnel is used for collision tests inside the center, and for rollover tests outdoors.

Within the center, our 850-ton barrier can be positioned and configured to replicate the dangers of countless real-life traffic situations. What's more, this is where collisions take place between a vehicle entering the center through the fixed tunnel and another entering from a pre-defined angle via the movable test track.

The movable test track allows us to test our vehicles on various outdoor surfaces. As the illustration shows, it even provides the opportunity of crashing into solid Swedish bedrock.

WHIPS (WHIPLASH PROTECTION SYSTEM)

Whiplash is one of the most common traffic injuries, often resulting from low-speed rear impacts. WHIPS helps reduce the risk of long-term whiplash injuries. Integrated into the front seat backrests, WHIPS supports the spine and neck in a controlled manner, and is triggered by impacts of sufficient force from behind.

IC AND SIPS

The inflatable curtain (IC), and a laterally mounted airbag – part of the Side Impact Protection System. These are further examples of the car's inherent safety systems developed at the Volvo Safety Centre in Sweden.

ORGANIC SAFETY

BRIGHT EYES

Effective headlights and optional integrated high-pressure washers assure a powerful beam to help improve your night vision. For an even stronger, more focused beam of light, opt for Bi-Xenon headlights. And to help improve visibility in bad weather, options include a rain sensor that automatically starts the windshield wipers, and water-repellent front side windows and door mirrors.

RESILIENT FRAME

The robust safety cage is an extremely rigid construction intended to form an enclosure around the occupants of the car. It is surrounded by the body's various deformation zones – resilient areas designed to help absorb some of the forces generated in a collision.

INTUITIVE REFLEXES

If a collision is unavoidable, a series of safety systems interact. Together with the airbag, the front seat belt pretensioners provide a two-phase response to help restrain the driver and front seat passenger during the course of a collision. The severity of the impact determines the level of airbag inflation.

PERSONAL SECURITY

The XC70 expands the scope of personal protection. Approach and Home Safe lighting with ground lighting in the outer side view mirrors illuminates the area around the car and allow greater safety when approaching or departing the vehicle. An electronic immobilizer and door locks that withstand most break-in attempts help protect against theft. A security system with sensors in the doors, hood and tailgate

At Volvo, providing for your personal safety is a natural extension of our devotion to your driving safety. And so, a number of essential features have been added to the Volvo XC70 to help you avoid threatening situations.

activate an alarm if someone should ever try to break into the vehicle. And in the event of trouble – press the panic button in the remote control and the alarm is sounded. For an even higher level of personal safety, you can add the HomeLink remote garage door opener (included in the Convenience Package).

MUSCULAR BODY

A web of beams and struts interact to help protect the occupants without adding unnecessary weight. This solid safety cage incorporates the Side Impact Protection System (SIPS), which distributes collision forces over a large part of the car's body. The sides are reinforced to offer added protection.

PROTECTIVE INSTINCT

Emergency Brake Assistance (EBA) will detect emergency braking and assist the driver in bringing the car to a stop. And the Whiplash Protection System (WHIPS) cradles the front seat occupants to help reduce the risk of whiplash injuries. The Occupant Weight Sensor (OWS) monitors the weight of the person in the front passenger's seat, and disables the front passenger's side airbag if a child weighing less than approximately 55 lbs is seated in that position.

SENSE OF BALANCE

A broad stance and an advanced chassis promote stability, as do the standard All Wheel Drive and optional Four-C systems. The optional Dynamic Stability and Traction Control system (DSTC) also works to prevent skids by applying the brakes when needed. The steering is communicative yet firm.

TREKKERS' DELIGHT

After an exhausting hike, the cabin of the Volvo XC70 is a welcome sight. The carefully designed interior comprises superior seating comfort and first-class upholstery. ECC maintains a steady climate throughout the vehicle – no matter what it's like outside.

CONVENIENCE, FRONT ...

Fold back the upper section of the central armrest to access cup holders and a front and rear table. Fold back both the upper and lower sections to reveal a handy storage space, while providing rear seat passengers with a convenient table. The storage compartment in front of the armrest is equipped with a double cup holder that's easy to remove when you need the space.

... AND BACK

Pampered by detail, rear-seat passengers will be almost as happy as the driver – even on long trips. A center armrest ensures that refreshments are always easy to reach, and that small items are secure yet accessible.

COMFORTABLE KIDS

The integrated booster cushions help position children weighing 33-80 lbs at the correct height for the seat belt. They also provide a high level of comfort and a great view. And folding down the booster cushions when not in use is kid's stuff.

BREATHING SPACE

What's remarkable about the Volvo XC70's loading capacity is the way it combines comfort and cargo. There is 71.4 cubic feet of space, and almost as many configurations for accommodating people and their gear. And don't forget, there's a comprehensive roof system for keeping bulky items high and dry.

Up to five people travel comfortably in this highly insulated passenger compartment, and a number of clever details increase versatility. The rear seat backrest can be adjusted to one of two positions: one for maximum comfort, one for greater loading space while still accommodating passengers. The rear seat can be folded fully or partially, and it's available in two variants: one with a 60/40-split, and the other with a 40/20/40-split – offering even greater flexibility (optional). An available foldable steel safety-grille protects your passengers from unsecured luggage. And to conceal equipment in the cargo compartment, simply pull out the retractable load cover.

Fold down as much of the optional 40/20/40-split rear seat as you need to combine cargo and passengers comfortably and safely. The head restraints tuck conveniently out of the way, providing a flat-floored cargo compartment. And to keep loose items under control, secure your load using the floor eyelets. You can also add a floor-attached load-securing net and a net-pocket for the side panel.

For unexpected shopping bargains and particularly bulky items, fold down the front passenger seat's backrest. This provides you with a flat-floored loading compartment that's just over 10 feet long. If that's not enough, there's Volvo's roof-mounted load-carrying system. And for the ultimate loading facility – the option of a tow bar (both available as an accessory).

SOUL MATE

At Volvo the health and well-being of people has always been close at heart. The ability of our cars to help protect occupants in accidents is a case in point. And in recent decades, this protective attitude has grown to encompass the air we breathe and the world we share.

A Volvo is a conscientious choice – enjoy yours.

CONTRIBUTING TO OUR TOMORROW

Volvo Cars is an ambitious corporate citizen. We aim to maintain the equilibrium between the needs of our company – its people, customers and partners – and the society that has enabled us to build it. Care for the environment is a vital part of this effort, as are the far-reaching responsibilities towards the people of this world. Our annual Corporate Citizenship Report is available at www.volvocars.com/citizenship

And to recognize and reward people who go above and beyond the call of duty, we created the Volvo for Life Awards program, see www.volvoforlifeawards.com

CLEAN INSIDE

The Volvo XC70 cabin filter prevents dust, exhaust particles and pollen from entering the car through its ventilation system. The optional IAQS (Interior Air Quality System) monitors incoming air for unhealthy gases. If necessary it will close the vents to ensure that cabin air does not become hazardous. This also has the added benefit of shutting out unpleasant odors. To make life more pleasant for people with allergies or asthma, all the interior fabrics meet the requirements of Oeko-Tex Standard 100 – an international standard ensuring that textiles and leather are free from allergy-inducing substances, health-impairing ingredients and harmful emissions. Additionally, numerous interior components are tested with respect to contact allergies.

CLEAN OUTSIDE

More efficient engines mean lower fuel consumption and, in turn, less emission of carbon dioxide – a greenhouse gas. Advanced emission controls eliminate between 95 and 98% of carbon monoxide, hydrocarbons and nitrogen oxides. The three-way catalytic converter is positioned to provide full exhaust conversion sooner after cold starting. The Volvo XC70's engine meets stringent exhaust requirements and features a catalytic coating of the radiator – PremAir®*. This converts up to 75% of the harmful ground-level ozone passing through the radiator into pure oxygen.

CLEAN FOR LIFE

Each Volvo begins its relationship with the environment at the earliest stage of design. It's built in one of the world's cleanest automobile factories, and 85% of it can be recycled. What's more, our environmental product information (EPI), allows you to choose a Volvo model on the basis of its overall lifelong environmental performance. Find out more at www.volvocars.com/epi

CLEAN BROCHURE

At Volvo, concern for the environment is important in every aspect of what we do. This brochure is 100% recyclable. The paper is manufactured in North America utilizing the Sustainable Forestry Initiative. No paper pulp material is harvested from old-growth forests or rain forests, and it is chlorine-free. The inks and coatings utilized for print are vegetable and water-based. Even the shipping cartons contain 50% post-consumer waste and are also 100% recyclable.

FEEL THE FORCE

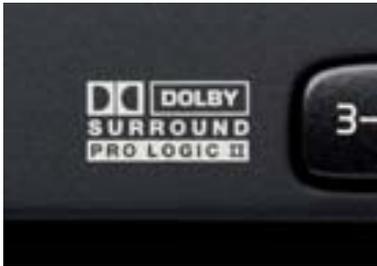

Because music is an essential part of life, our two audio systems, the Performance HU-650 and the optional top-of-the-line Premium Sound HU-850 are specifically configured for the acoustics of the Volvo XC70's interior. Both systems make music worth listening to – whether you've got somewhere to drive or not. Like any high-end equipment, there are several alternatives for expanding and varying sound and function.

MUSIC AT YOUR FINGERTIPS

The advanced RDBS radio with its built-in CD player or 6-CD changer, and extras such as Volvo's digital jukebox, are conveniently controlled from the center console. The steering wheel keypad enables you to operate the audio system without taking your eyes off the road.

DOLBY SURROUND PRO LOGIC II AND ACTIVE SUB-WOOFER**

The latest generation Dolby® Surround system, with center speaker and digital sound processor, recreates authentic sound and ensures that everyone in the car hears the music with the same natural quality. The result is a clear, open sound with a strong sense of presence, only available in a Volvo. And for a bass you can feel through your whole body, add the 12-inch sub-woofer with a built-in 150 W amplifier.

VOLVO DIGITAL JUKEBOX

Using mp3 format, this 20 Gb digital jukebox enables you to take almost 400 albums on tour – that's up to 500 hours of music. Easily installed in the back of your Volvo, it allows you to choose musical category, artist, album or song from the control panel of the car stereo. To keep your eye on the road, a voice will help guide you to your choice. (Retailer installed accessory.)

PREMIUM SOUND

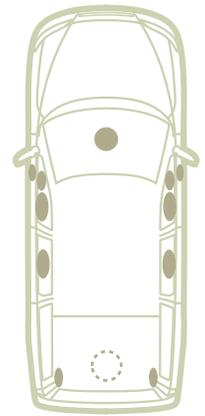

Uncompromising sound of absolute world class for the discerning music lover. Volvo's most sophisticated audio system with eleven Premium Sound speakers, an advanced Premium Sound amplifier and Dolby Surround Pro Logic®* II. The speakers' power durability and excellent transient reproduction in combination with the amplifier's high capacity result in exceptional resolution and perfect dynamics. The Dolby® Surround system offers a uniquely realistic and three-dimensional audio experience whether you are sitting in the front or rear seats.

Premium Sound includes:

- HU-850 RDBS radio with built in 6-CD changer
- 11 Premium Sound speakers
- Dolby Surround Pro Logic® II with center speaker and digital sound processor
- Premium Sound amplifier, 4x75 W plus 25 W for the center speaker
- Premium Sound digital sound processor

Can also be supplemented with a separate 10-CD changer, CD storage in the glove compartment and an active 150 W sub-woofer.

* The Dolby and Pro Logic trademarks are the property of Dolby Laboratories.

● Speaker
○ Sub-woofer (optional)

PERFORMANCE (STANDARD)

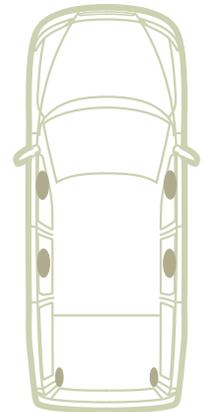

An easy to use and great-sounding standard system with RDBS radio, built-in single-CD player and six speakers.

The following are included in the standard equipment:

- HU-650 RDBS radio with built in 4x25 W amplifier and single-CD player
- 6 speakers

Can also be supplemented with a separate 10-CD changer and CD storage in the glove compartment.

RDBS features text-messaging via Radio Data Broadcast System.

VOLVO ADAPTER FOR APPLE IPOD®

This feature lets you take all of your favorite artists along for the ride. Simply plug your iPod® into a cable in the front center armrest and the choice of music is yours. Tracks can be selected by using the controls on the car's audio system, or by using the steering wheel keypad. Your iPod® is also recharged for as long as it's plugged in. (Retailer installed accessory.)

* iPod is a trademark of Apple Computer, Inc.

VOLVO SATELLITE RADIO

Satellite radio is now available for your Volvo. Volvo has joined forces with Sirius to offer an integrated satellite solution that is sure to provide endless listening enjoyment.

FINISHING TOUCHES

Choose the little extras to suit your taste and temperament. Select a design from the aluminum wheels beside, then add exterior trim details until your Volvo XC70 is as robust, sporty or as elegant as you'd like it.

7x16" XENIA alloy wheels
215/65/16 Pirelli Scorpion All-Season tires (opt.)

7x16" ERINUS alloy wheels
215/65/16 Pirelli Scorpion All-Season tires (std.)

SILVER CROSSBARS AND ROOF PROTECTOR RIBS

Practical design elements that complement the standard aluminum roof rails and make it possible to fully exploit the roof's load-carrying capacity. (Retailer installed Accessory.)

ALUMINUM SIDE SCUFF PLATE
(Retailer installed Accessory.)

COLOR-COORDINATED BUMPERS AND WHEEL HOUSE MOLDINGS

The bumpers and wheel house moldings are in Stone Grey or Umber depending on your choice of body color.

FACTORY-INSTALLED OPTIONS

The sense of quality and care – and knowing that you get the Volvo that suits your lifestyle. Customize your car with the options that best meet your demands and desires, and you'll soon be behind the wheel of your individually tailored XC70.

THREE-SECTION 40/20/40 REAR SEAT

Specially developed for the XC70. Offers maximum flexibility with wide scope for combining both passengers and cargo, without compromising on comfort or safety. The center seat can be lifted out and replaced with comfort-enhancing options such as an integrated cooler box or a storage bag.

Included in the Convenience Package.

POWER GLASS MOONROOF

Makes the interior feel extra light and airy. Touch a button – and you open or close the moonroof. And if the sun is too strong, you can always close the built-in sun shade.

Included in the Premium Package.

BI-XENON HEADLIGHTS

Give you even more effective low and high beams, with a broader, longer and more pleasant beam throw under all lighting conditions. Low beam height is adjusted automatically to provide the best possible light pattern when the car is heavily loaded.

Requires the Climate Package.

VOLVO NAVIGATION SYSTEM*

The Volvo Navigation System can guide you anywhere with precise audio and visual directions. Using the global positioning satellite system, a liquid crystal 6.5-inch display shows your location on a map and plots the best route. Controls are conveniently located on the steering wheel. When not in use, the screen retracts into the dashboard. All map-based information is stored on DVD.

Also available as an Accessory.

PARK ASSIST, REAR

Makes it safer and easier to reverse, for instance when backing into a space between two cars. A pulsating tone inside the cabin rises to a steady signal when the object is approximately 1 foot behind your rear bumper.

Included in the Convenience Package.

GROCERY BAG HOLDER

Folds up from the cargo compartment floor and keeps your shopping bags securely in place. The bags are held in place by hooks or an elastic band. When not in use, it is hidden in the floor.

Included in the Convenience Package.

*Maps do not cover all areas or all routes within an area. Also, constant expansion and rebuilding of the road network mean that the digital map database is not always the latest road and traffic information. Always follow relevant regulations and road information.

ACCESSORIES

Volvo's accessories help you make your XC70 even more suited to your personal needs. They are the only ones that have been tested to meet Volvo's exacting safety, quality and environmental requirements. You can also rest assured they're a perfect match to the technology and design of your Volvo.
