## DESIGN

Range Rover Evoque. Design that is inspired by the vibrancy and energy that defines the greatest cities on earth. A spirit that belongs to a new generation. Bold and uncompromising. Unique. Original. With an attitude that's got whatever it takes. The future transformed into stunning reality.

Shown above; Range Rover Evoque Prestige in Fuji White with optional 20 inch V-Spoke alloy wheels 'Style 6'.  
Shown right; Range Rover Evoque Coupe Pure in Fuji White.

With its sporty, dynamic profile Range Rover Evoque creates a new class it can call its own. It offers an updated interpretation of classic Range Rover design cues including the signature clamshell hood, the floating roof and the prepared-for-anything stance, including short body overhangs both front and rear. There's a dramatic rising beltline – a muscular shoulder runs the length of the vehicle – and a unique, distinctly athletic taper to the roofline which is emphasized by the black pillars. It is unmistakably a Range Rover with the bold horizontal graphic that is created by the perforated two-bar grille and distinctive headlamps.

Superbly designed. Carefully created by Land Rover designers to give more opportunity for individual expression and to make every journey more personal. It is the true Range Rover experience on a compact scale.

The striking exterior design conveys an immediate sense of luxury with its precision build quality and the use of eye-catching metallic finishers. There are sophisticated details such as the vents on the hood\* and at the side of the vehicle, as well as the jewel-like characteristics of the front and rear lamps with their LED signature lighting\* and the tapering blade indicator clusters.

The advanced lighting technology of Range Rover Evoque achieves outstanding performance as well as providing some of the vehicle's most striking signature design elements. The innovative LED lighting systems\* are used to create the unique graphics of the front daytime running lights and complex 3D 'petal' design in the rear lamps.

\*Certain models only.

Shown left; Range Rover Evoque Dynamic in Mauritius Blue.

Available in two distinct body styles. Range Rover Evoque and Range Rover Evoque Coupe.

## RANGE ROVER EVOQUE

The five-door version, with its breathtaking contemporary kinetic design and superb accessibility to suit specific lifestyle needs.

## RANGE ROVER EVOQUE COUPE

The compact premium crossover, with its sleek individualistic design. A new interpretation of classic Range Rover design cues with a dynamic profile and powerful stance.

Shown above; Range Rover Evoque Prestige in Fuji White.  
Shown below; Range Rover Evoque Coupe Pure in Fuji White.

# ALL WEATHER

Like every Land Rover vehicle, Range Rover Evoque optimizes performance and capability in all on and off-road conditions. It does this by employing a suite of innovative technologies including Terrain Response®, which adapts the Range Rover Evoque engine, transmission and electronic systems to maximize drivability, comfort and traction. It is smaller, lighter – the most efficient Range Rover... ever. A true Range Rover in compact form.

There are four Terrain Response® settings: General Driving, Grass/Gravel/Snow, Mud & Ruts and Sand. A fifth Dynamic setting is added when Adaptive Dynamics\* is specified.

GENERAL DRIVING

GRASS/GRAVEL/SNOW

MUD & RUTS

SAND

\*Adaptive Dynamics only available on Dynamic models.

Shown right; Range Rover Evoque Prestige in Firenze Red with Roof Rails Black Finish, Side Protection Tubes in Stainless Steel, Front and Rear Mudflaps.

Cutting-edge technologies include: Land Rover patented Hill Descent Control (HDC®) which assists with controlled descents of difficult slopes by maintaining a desired speed and applying braking separately to each wheel; Gradient Release Control (GRC) which is designed to prevent the vehicle 'running away' on a steep incline when the driver releases the brake; and Hill Start Assist which is designed to prevent roll back after a hill start.

There is also Dynamic Stability Control (DSC). Designed to correct over and under-steer, DSC interacts with the engine and brakes to help maintain stability. Electronic Traction Control (ETC) senses when wheel slip is occurring and uses the braking system to minimize wheel spin. Roll Stability Control (RSC) detects critical levels of roll and applies braking to increase the turn radius to help reduce the likelihood of a rollover.

Night-time driving is further enhanced with the optional availability of adaptive xenon headlamps. These headlamps have a feature to provide added illumination in tight bends and can be upgraded with Automatic High Beam Assist which detects light from oncoming traffic and switches automatically between high and dipped beams as appropriate.

The features described herein are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult owner's manual or your local authorized Land Rover Retailer for more details.

Shown from left; Range Rover Evoque Prestige in Fuji White, Range Rover Evoque Prestige in Fuji White, Range Rover Evoque Coupe Dynamic in Firenze Red.

## PERFORMANCE

With its lightweight and more compact footprint, Range Rover Evoque offers the enthusiast driver quicker responses and greater agility. Available on Dynamic models, Adaptive Dynamics with advanced MagneRide™ monitors vehicle movements at least 1,000 times per second. It reacts to driver or road inputs to give greater control and minimize body roll, adding to the feeling of engagement and the sense of a taut, sporting ride. The system will even sense off-road conditions, and optimize damping accordingly.

Range Rover Evoque features the latest in power assisted steering technology. Electric Power Assisted Steering (EPAS) is designed to deliver accurate, consistent steering and agile cornering. Power assistance is speed-sensitive for lightness and responsiveness at low speeds and increased firmness at higher speeds. EPAS is also more efficient when compared with a conventional power steering system.

1,000  
TIMES  
PER SECOND

## 2.0 LITER ENGINE

The engine is a 2.0 liter all-aluminum unit with direct-injection technology, advanced turbocharging and twin independent variable valve timing to help lower fuel consumption and CO<sub>2</sub> emissions to 4.36oz/mile, when compared with traditional larger capacity engines delivering equivalent performances. The engine is fitted with a six-speed automatic transmission that has been engineered to improve fuel economy and that features Drive Select, an advanced rotary gearshift with steering wheel mounted paddle controls to enhance the sporty driving experience. It also delivers a rich, powerful engine sound during acceleration.

To reduce fuel consumption the engine also features Smart Regenerative Charging, which charges the battery when it is most economical to do so by capturing wasted kinetic energy as the vehicle decelerates.

## INTERIOR

### SPORTS COMMAND DRIVING POSITION

Range Rover Evoque introduces the Sports Command Driving Position which offers a new take on the feeling of control and command that is an integral feature of every Land Rover vehicle. The driver sits lower, 'in' the vehicle, cocooned by the interior with all important information clearly visible and all controls easy to reach. The result is a drive that is sportier than ever while retaining the legendary view of the road ahead and the surrounding environment.

## LUXURY FINISHES

The same ethos of luxury, quality and attention to detail that goes into every other, larger Range Rover. The same ethos is behind the materials: the fine leathers, the authentic metal and real wood finishers, and innovative recycled materials. Whichever Range Rover Evoque you choose, it's a true Range Rover.

Depending on your choice of Range Rover Evoque model, there are two grades of high quality leather available, including premium Oxford leather\* with its beautifully soft, high-grade hides which have been specially selected for their tactility and appearance.

The finest twin-needle stitching also features on Range Rover Evoque. From its length and direction, to its color and the excellence of the thread and even the size and shape of the needle: it all guarantees the highest quality finish. The luxury in Range Rover Evoque also extends to the rear accommodation which provides excellent passenger ergonomics and a spacious environment designed for relaxation and long-distance comfort. Range Rover Evoque Coupe also provides a choice between a rear bench seat and more sports oriented twin seats.

Carefully selected materials help to ensure that all occupants enjoy a low-allergy environment.

## LIGHTING

Even as the driver activates the remote key fob to unlock Range Rover Evoque, the vehicle stirs, illuminating puddle lamps that project the unique 'Range Rover' signature graphic onto the ground.

Range Rover Evoque can be enhanced with ambient interior LED mood lighting. This can be configured to suit personal tastes with a choice of five colors and a variety of brightness settings. To add a real sense of occasion automatic color changes are activated when the driver chooses the Dynamic setting on Terrain Response®, changing the ambient lighting to red\*.

\*Only available with Adaptive Dynamics.

Shown above; Range Rover Evoque Prestige, Ambiance interior.

## INTERIOR TECHNOLOGIES

The Range Rover Evoque interior features a suite of our latest technologies to provide driver and passengers with the most comfortable, most enjoyable experience possible.

All driver displays present clear, useful information. The centerpiece of the vehicle and the hub for controls and Infotainment is the eight inch color Touch-screen in the center of the fascia. This provides the latest in technology with exceptionally clear graphics.

Also available is HD Radio® and Sirius® Satellite Radio\*, plus a highly intuitive, powerful voice control system that includes the latest 'Say What You See' technology, which provides the user with convenient visual prompts on the Touch-screen.

The steering wheel houses controls for convenience features that are standard on Range Rover Evoque. These include cruise control and primary audio controls to maximize ease-of-use of the Infotainment systems and Driver Information Display.

The Driver Information Display's five inch full color screen supplements the eight inch Touch-screen. It is conveniently located, directly under the driver's forward line of sight between the two instrument dials, and presents primary vehicle information such as temperature and fuel levels, Terrain Response® settings as well as turn-by-turn navigation information.

The optional Hard Disk Drive (HDD) premium navigation system allows features to be accessed more quickly – for instance, route finder and route recalculation times are significantly reduced – helping minimize delays in determining directions for the driver.

The Infotainment system can also play MP4 Video Files† stored on a USB device plugged into a USB port located in the vehicle.

The Range Rover Evoque rear seat entertainment system has the ability to play high quality DVD Video and route it through the eight inch screens located in the back of the front headrests. Every rear seat entertainment system comes with a Touch-screen remote control, which allows intuitive and user friendly operation. Two wireless digital headphones featuring WhiteFire® technology provide high quality sound and clarity to occupants using the rear seat entertainment system.

\*Subscriptions governed by Sirius Terms and Conditions available at [sirius.com](http://sirius.com). Service available in the 48 contiguous United States and D.C. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc. and its subsidiaries. HD Radio® is a trademark of iBiquity Digital Corporation.

†Please contact your Land Rover Retailer for detailed file compatibility information.

Please note: The Voice System has been designed to recognize a number of languages. However, Land Rover cannot guarantee that the system will be compatible with every accent group within those languages. Please speak to your Land Rover Retailer about testing the Voice System for compatibility with a particular accent group.

WhiteFire® is a registered trademark of Unwired Technology LLC and any use of such marks by Land Rover is under license.

The features described herein are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult owner's manual or your local authorized Land Rover Retailer for more details.

## AUDIO

Range Rover Evoque is packed with clever, relevant technology including state-of-the-art connectivity. This includes Bluetooth® for both hands free connection; with a compatible mobile phone and audio streaming for the enjoyment of personal music from a portable Bluetooth device via the audio system. Essential connectivity for iPod®, MP3 and USB devices is also provided via direct inputs.

All audio options on Range Rover Evoque achieve the highest possible sound quality with a choice of in-car entertainment systems available. They offer unsurpassed performance and enjoyment for driver and passengers alike.

By working with Meridian™, a world leader in audio technologies and digital sound processing, Land Rover has also developed a choice of advanced audio systems to delight the most discerning music fans.

There is a choice of the 380W Meridian Sound System that features 12 channels and 11 loudspeakers including a dual-channel subwoofer. Alternatively, the Meridian Surround Sound System produces an incredible 825W through 15 channels and 17 loudspeakers including a subwoofer. Meridian systems offer unique technologies that provide superior audio performance within the confined space of a vehicle. Digital Signal Processing (DSP), for instance, allows a speaker to perform with the characteristics of a speaker of eight times the physical volume.

The result is the very best in world-class audio reproduction with sound that is real and totally convincing...it's just as the artist intended. Also pioneered by Meridian is Trifield™ technology which ensures a perfect stereo image for each occupant, producing an holistic sound within the cabin to further improve the concert-like experience. A special feature, Dynamic Volume, detects variations in the cabin and balances out the sound quality so that it's consistent throughout the car.

## TECHNOLOGY

**Park Assist\***. This useful latest generation, advanced automated technology appears for the first time on a Range Rover. Helping the driver to parallel park in tight parking spots (as little as 1.2 times the length of the vehicle), Range Rover Evoque uses ultrasonic sensors to steer while the driver operates the foot pedals. Real time information is also displayed on the Driver Information Display to aid the driver through each stage of the maneuver.

The surround camera system\* utilizes five discreetly placed digital cameras to relay an almost 360 degree view around the vehicle to the eight inch Touch-screen display on the fascia. The system provides a number of driver-assist features and can be invaluable when maneuvering on and off-road. The five digital cameras are housed around the exterior of the car – two at the front, one on either side of the vehicle and one at the rear.

**Tow Assist\***, part of the surround camera system, is a next generation reversing aid that predicts the rearward trajectory of both vehicle and trailer. This helps the driver perform more accurate maneuvers and is selected from the Touch-screen menu. Wide-view cameras on the vehicle give a clear field of vision; guidelines are superimposed over the resulting image to highlight the predicted reversing path for the vehicle and trailer.

Blind spot monitoring is also available. This system uses side-mounted radars to warn of vehicles in the driver's blind spot. A bright amber warning icon is illuminated in the appropriate door mirror when a hazard is identified.

Rear park aid. This convenient feature is standard on Range Rover Evoque. Other advanced driver technologies and convenient features include front park aid, a rear camera system, as well as powered electric tailgate and keyless entry.

\*Optional feature.

**Please note:** It remains the driver's responsibility to detect obstacles and estimate the vehicle's distance from them when reversing. Always be vigilant when reversing. The features described herein are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult owner's manual or your local authorized Land Rover Retailer for more details.

## SAFETY AND SUSTAINABILITY

Starting at just 3,902lbs and using a range of advanced materials, Range Rover Evoque is the lightest and most efficient Range Rover ever. Key components throughout the vehicle, including an aluminum hood and roof and a magnesium cross car beam, enhance the vehicle's sustainability credentials and help improve fuel economy as well as providing strength.

Range Rover Evoque was awarded a maximum five-star rating in the prestigious Euro NCAP safety tests. The front fenders and tailgate assembly are constructed from composite materials – materials made from two, or more, distinct substances whose differing properties (lightness and strength, for example) complement one another. Even the thickness of the acoustically laminated windscreen is reduced to save weight and improve fuel efficiency, performance and handling without compromising strength and safety.

# CHOICES

You're already making a statement with your Range Rover Evoque. Now you can express your individuality even more by choosing from the stunning ranges of luxury options, colors, wheels, trim and finishers.

Vehicles shown from left:

**Please note:** When choosing vehicles fitted with specific wheel and tire combinations or optional wheels and tires, your intended use of the vehicle should be considered. Wheels with larger diameters and lower profile tires may offer certain styling or driving benefits, but may be more vulnerable to damage. Please discuss your requirements with your Land Rover Retailer.

## INTERIOR FINISHERS AND TRIM OPTIONS

The solidity and substantiality of real metal. Authentic aluminum finishers are used on every Range Rover Evoque. Each piece goes through more than twenty distinct processes resulting in exquisitely crafted detailing of superior quality with that telltale cold touch. High quality real wood finishers are also available to complement the aluminum finishers.

And while the use of traditional materials is reinvented with new imagination and creativity to complement the choices from the range of premium trim options, Range Rover Evoque also innovates with the latest recycled materials such as Dinamica®. This 100 percent recycled fabric features on Pure models and provides supreme softness and comfort. Indeed the use of materials that are recycled, as well as exuding luxury and quality, is an integral part of the Range Rover Evoque 'philosophy'.

In fact, 34lbs of premium recycled materials make a significant contribution to Range Rover Evoque. That's the equivalent of reusing one thousand 16.9oz plastic bottles. A further 46lbs of natural materials are used in the vehicle, including leather for the seat covers, instrument panel and door casings.

### ALLOY WHEELS

**STANDARD**

19 INCH FIVE-SPOKE SPARKLE FINISH 'STYLE 3'

**OPTIONS**

20 INCH V-SPOKE SPARKLE FINISH 'STYLE 6'<sup>Δ</sup>

20 INCH V-SPOKE SHADOW CHROME FINISH 'STYLE 7'<sup>Δ</sup>

<sup>Δ</sup>Cost option.

Please note: When choosing vehicles fitted with specific wheel and tire combinations or optional wheels and tires, your intended use of the vehicle should be considered. Wheels with larger diameters and lower profile tires may offer certain styling or driving benefits, but may be more vulnerable to damage. Please discuss your requirements with your Land Rover Retailer for further details.

## DYNAMIC INTERIOR DESIGN THEMES

VORTEX – EBONY/EBONY

1. Ebony perforated grained leather seats with Cirrus contrast stitch
2. Ebony soft-touch material instrument panel topper with twin-needle stitching
3. Ebony soft-touch material mid section with twin-needle contrast stitching

■ Standard □ Optional – Not Available  
 \*EPA estimates. Actual mileage may vary.  
 \*\*Including fluids, 90% fuel and 165lbs/75kg driver.

Fuel consumption figures: The results given here do not express or imply any guarantee of the fuel consumption of any particular vehicle with which this information may be supplied. Vehicles are not individually tested and there are inevitable differences between individual vehicles of the same model. The vehicle may also incorporate particular modifications. Furthermore, the driver's style and road traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption.

# VEHICLE KIT

It's your Range Rover Evoque. Unmistakably so with a range of accessories that reflects your lifestyle and your personality. Importantly, Range Rover Evoque exclusive accessories can be added at any stage during the vehicle's life...not just when it's new. A selection of accessories is illustrated here. Range Rover exclusive accessories are designed and manufactured to the same exacting standards as the original equipment fitted to your vehicle.

Visit [www.LandRoverUSA.com](http://www.LandRoverUSA.com) for more information.

Range Rover Evoque Coupe shown in Firenze Red includes 20 inch alloy wheels Fuji White Finish – VPLVW0074, White Bodyside Decal – LH – VPLVB0091NER RH – VPLVB0092NER and Primed Mirror Cap – LH – LR025171 RH – LR025170 painted in Fuji White Finish at an additional cost.

Range Rover Evoque shown in Mauritius Blue includes 20 inch alloy wheels Technical Grey Finish – VPLVW0075, Silver Bodyside Decal – LH – VPLVB0093MEN RH – VPLVB0094MEN, Roof Rails Silver Finish – VPLVR0085, Roof Trim Finisher Kit – VPLVR0089 and Crossbars – VPLVR0073.

Range Rover Evoque shown in Fuji White includes 20 inch alloy wheels Gloss Black Finish – VPLVW0071, Black Bodyside Decal – LH – VPLVB0093PAB RH – VPLVB0094PAB, Roof Rails Black Finish – VPLVR0086, Roof Trim Finisher Kit – VPLVR0090 and Stainless Steel Side Tubes – VPLVP0071.

### EXTERIOR CARRYING

**Roof Rails\***

**Silver Finish** (shown above)  
VPLVR0085  
Maximum permissible load capacity 165lbs (75kg)†.  
Vehicle height when fitted:  
Range Rover Evoque 64.5 inches (1,640mm).  
Range Rover Evoque Coupe 63.3 inches (1,609mm).

**Roof Trim Finisher Kit**

Silver Finish – VPLVR0089\*\*.

**Roof Rails\***

**Black Finish** (shown above)  
VPLVR0086  
Maximum permissible load capacity 165lbs (75kg)†.  
Vehicle height when fitted:  
Range Rover Evoque 64.5 inches (1,640mm).  
Range Rover Evoque Coupe 63.3 inches (1,609mm).  
Crossbars not included.

**Roof Trim Finisher Kit**

Black Finish – VPLVR0090\*\*.

**Crossbars\***

**Silver Finish**  
VPLVR0073  
Vehicle height when fitted:  
Range Rover Evoque 67.7 inches (1,720mm).  
Range Rover Evoque Coupe 66.8 inches (1,697mm).  
Adjustable position crossbars. Aerodynamic profile designed to minimize drag and noise.  
Lockable for security. Roof Rails not included.  
Maximum payload 158.3lbs (71.8kg)†.

**Luggage Carrier\***

LR006848  
Maximum payload 138lbs (62.6kg)†.

**Ski and Snowboard Carrier\***  
LR006849

Carries four pairs of skis or two snowboards. Lockable for security. Incorporates slider rails for easy loading. Maximum payload 79lbs [36kg]†.

**Luggage Box\***  
VPLVR0062

Gloss Black finish. Opens from both sides. Lockable for security. External dimensions: 62.9 inches (1,600mm) long, 37.7 inches (960mm) wide, 16.1 inches (410mm) high. Volume 116.2 gallons (440 liters). Maximum payload 150lbs [68kg]†.

**Aqua Sports Carrier\***  
LR006846

Carries one surfboard, kiteboard, sailboard and mast, or one canoe or kayak. Maximum payload 99lbs [45kg]†.

\*Roof Rails and Crossbars or Sports Bars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio system, if fitted.

\*\*Required for Roof Rails fitted to panoramic roof vehicles.

†Maximum payload equals the load capacity of the roof mounted accessory.

## EXTERIOR AND INTERIOR STYLING

### Vehicle Decals

Adhesive vehicle side decals with distinctive hood wraparound feature.

Available in six distinctive decal colors to customize your vehicle.

### Sunshade

VPLVS0163

Helps to keep the vehicle interior cool in hot weather.

### Rear Sport Spoiler

Range Rover Coupe – VPLVB0100  
Range Rover Evoque – VPLVB0101  
Dynamic models only.

### Exterior Car Cover

VPLVP0112

Soft full length cover provides additional protection for your Range Rover Evoque.

### Side Protection Tubes – Stainless Steel

VPLVP0071  
Suitable for Pure and Prestige models only.

**Rubber Mat Set**  
VPLS0204

**Illuminated Tread Plates**

Illuminates 'Range Rover' when the driver or passenger door is opened.

**Range Rover Evoque:**

- Ebony (shown above) – VPLVS0079PVJ
- Espresso – VPLVS0079AAM
- Cherry – VPLVS0079CJB
- Lunar – VPLVS0079LAA

**Range Rover Evoque Coupe:**

- Ebony – VPLVS0078PVJ
- Espresso – VPLVS0078AAM
- Cherry – VPLVS0078CJB
- Lunar – VPLVS0078LAA

**Drive Select Rotary Shifter**

- Red Finish – VPLVS0180
- Silver Finish – VPLSS0142
- Leather Top Cover – VPLS50143 PVJ
- Required with Drive Select Rotary Shifter.

**Sports Pedal Covers**  
(shown below) – VPLHS0044

**Sports Footrest** – VPLV50178

**Waterproof Seat Covers**

**Range Rover Evoque:**

- Front Seat Entertainment Headrest
  - Ebony – VPLVS0075PVJ
  - Almond – VPLVS0075SVA
- Rear Seat with Armrest
  - Ebony – VPLVS0073PVJ
  - Almond – VPLVS0073SVA
- Rear Seat without Armrest
  - Ebony – VPLVS0077PVJ
  - Almond – VPLVS0077SVA

**Range Rover Coupe:**

- Front Seat Entertainment Headrest
  - Ebony – VPLVS0074PVJ
  - Almond – VPLVS0074SVA
- Rear Seat without Armrest
  - Ebony – VPLVS0072PVJ
  - Almond – VPLVS0072SVA

## INTERIOR STYLING

### Load Retention System\*

VPLVS0125

To secure luggage within the loadspace. Includes both flexible and rigid luggage retainers.

### Loadspace Rubber Mat

VPLVS0091

Waterproof with retaining lip and non-slip surface. Compatible with the Cargo Barrier.

### Luggage Net (shown below)

LR003852

Load Retention Net  
VUB503130

### Rear Loadspace Tread Plate Finisher

LR027486 – Pure models only.

### Rigid Loadspace Protector (shown above)

VPLVS0089

Easy access to tie-down points where fitted. Not compatible with Cargo Barrier Full Height.

### Flexible Loadspace Protector

VPLVS0090

Heavy duty fabric protects loadspace up to window height. Includes protective gloves.

### Cargo Barrier Full Height (shown above)

VPLVS0081 – Range Rover Evoque Coupe models only  
VPLVS0082 – Range Rover Evoque models only

### Cargo Barrier Half Height

VPLVS0144 – Range Rover Evoque Coupe models only  
VPLVS0145 – Range Rover Evoque models only

Help prevent cargo and animals from entering the passenger compartment. A small hatch is provided to allow longer items to be carried (Full Height only). Compatible with Rigid Loadspace Protector (Half Height only) and Loadspace Rubber Mat.

**Social Seating\***

VPLVS0101

Fold out seating for outdoor use. Stows neatly away in the loadspace. Maximum deployed weight capacity 441lbs (200kg).

**Ski Bag**

VPLGS0166

**Coat Hanger**

VPLVS0167

Rear seat facing, attaches to the head restraint posts. Maximum load capacity 6.61lbs (3kgs).

**Tailgate Protection Cover**

VPLVS0179

**Rechargeable Torch**

VPLVS0174

**iPad® Holder**

VPLVS0164 – iPad 1

VPLVS0165 – iPad 2/New iPad

Provides secure mounting for your iPad. Rear seat facing, attaches to the head restraint posts.

\*Requires Loadspace Luggage Rails – VPLVS0102 when not fitted as standard. iPad is a registered trademark of Apple Inc., registered in the US and other countries.

## EXTERIOR STYLING AND TOWING

### Snow Traction System

LR005169  
Suitable for 17 inch wheels only.

### Draw Bar

VPLVY0061

### Tow Hitch

VPLVT0067

### Roof Mounted Bike Carrier\*\*

VPLFR0091  
Lockable bike carrier designed for holding a single bike.

### Emergency Snow Traction Aid

VPLVW0073  
For use on snow covered roads.  
Recommended for front wheels only.

### Towing Electrics

VPLHT0062

### Front Mudflaps

Mudflaps to reduce spray and help protect paintwork.  
VPLVP0065 – Pure and Prestige models (shown above)  
VPLVP0066 – Dynamic models

### Rear Mudflaps

VPLVP0069 – Pure and Prestige models (shown above)  
VPLVP0070 – Dynamic models

Bulb Kit – VPLHV0060  
Tow Strap – STC8919AA  
Detachable Towing Mirror – VPLVT0080  
Electric Cool Bag [Powered by the 12 Volt auxiliary socket] – VUP100140L

\*Please note: these accessories are not suitable for Caravans, Trailers or Lighting Boards fitted with rear mounted LED Lamp Kits.  
\*\*Roof Rails and Crossbars or Sports Bars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio system, if fitted.
