Can a steering wheel be as unique as the human hand?

Can a door handle provide more than a function, but a feeling?

Can performance be measured in heartbeats per minute?
Experience a profound shift in hybrid performance. Hit the pedal and feel the roar as the breakthrough Lexus Multistage Hybrid Drive pairs a potent gas engine with powerful electric motors to put on a truly invigorating performance—and put the entire category on notice.

LC 500 Convertible
Lower the top and raise your heart rate with the first-ever Lexus LC Convertible. Featuring the same naturally aspirated 5.0-liter V8 engine, sleek silhouette and near-perfect balance as its coupe counterpart, it adds a lightweight soft top, an advanced Climate Concierge with Upper Body Heating, a redesigned suspension, added rigidity for more responsive handling, and more.

LC 500
Experience a world-class luxury coupe crafted for an era of uncompromising performance and design. A platform built specifically for the LC, a highly rigid chassis, an exhilarating 4.4-second zero-to-60 time, and a thundering engine note all come together to connect you to the road like never before.

LC 500h
Experience a profound shift in hybrid performance. Hit the pedal and feel the roar as the breakthrough Lexus Multistage Hybrid Drive pairs a potent gas engine with powerful electric motors to put on a truly invigorating performance—and put the entire category on notice.

To craft the most amazing machines, you don’t start with machines at all. You start with people.

The 2021 Lexus LC
A dynamic, low body with menacing, wide shoulders. An aggressive, broad stance. An impossibly low center of gravity. Every design note is engineered to provide direct, responsive performance. With four air intakes and rear aero ducts to help reduce lift and drag, even the air itself contributes to the high-speed handling. By bringing all these elements together, the LC stands apart.
LC shown with Toasted Caramel leather interior trim
When every aspect of performance—from the sound of the engine to the shape of the steering wheel—is crafted around the driver, the result is more than a car. It’s a feeling.

To engineer a car that’s as adept at conquering corners as it is at captivating drivers, we took every detail even further. The LC line features performance upgrades such as an enhanced Sport S+ mode for greater agility and sharper steering. While the LC 500 Convertible boasts special engine tuning, additional bracing and reduced unsprung weight for exceptional responsiveness—whether the top is up or down.
VISCERAL SYMPHONY

The LC boasts one of the most powerful naturally aspirated 5.0-liter V8 engines for a truly exhilarating experience.

All that power means nothing if it doesn’t make you feel something. With an impressive 5.0-liter V8 engine, 471 horsepower and blistering zero-to-60 times, the LC 500 models are engineered to give the driver a full-throttle experience. By tuning the engine components down to a fraction of a millimeter—as one would a fine wind instrument—the powerful engine sound is channeled directly through the cabin from front to rear as you accelerate. This process creates unique frequencies calibrated to elicit specific emotional responses. Take it up to its 7,300-rpm redline, and the result is unlike anything you’ve ever heard. Or felt.

A 10-speed Direct-Shift automatic transmission with magnesium paddle shifters was specifically designed for the LC. This exclusive transmission has one of the fastest shift times among conventional automatic transmissions, changing gears in 0.12 seconds. Or, half the time it takes the average human to blink. The system also learns your habits every time you drive, selecting the optimum gear based on vehicle speed, acceleration and your driving style—even choosing the ideal gear while cornering.

LC Convertible shown in Ultra White (left), LC shown in Obsidian (right)
WIELD THE POWER OF GRAVITY

Take your seat at the center of it all, and experience an intuitive connection between driver and vehicle.

Experience the front-engine, rear-wheel drive platform developed specifically for the LC line. Uniting dynamic proportions with ground-hugging luxury coupe elegance, the front-midship design with a multilink suspension system delivers the ideal balance in every way—from the near-perfect weight distribution to the combination of exceptional handling, stability and ride comfort.

Such equilibrium was achieved by placing the engine’s central mass behind the front axle, positioning the wheels close to the vehicle’s outer edges, and lowering the hood height and driving position. By placing the driver’s hip point as close to the vehicle’s center of gravity as possible, the LC feels as if it rotates around you through every turn. When combined with additional features on the coupe like available Active Rear Steering and a rear wing that extends at speeds above 50 mph to enhance downforce, the result is one of the most direct, precise driving experiences we’ve ever created—and that you will ever encounter.
EXHILARATION IS IN THE AIR

Retract the top and reawaken your sense of wonder with the first-ever LC 500 Convertible.

How do you take the experience of driving a world-class coupe to a higher level? You lower the top. Every LC features an enhanced drive mode for increased responsiveness and sharper steering, and offers a new "Yamaha" performance damper for greater stability and ride comfort, but the convertible takes peak exhilaration even further. With its reduced unsprung weight combined with added rigidity and a redesigned lightweight suspension for more agile handling, the LC Convertible will take your breath away, even while surrounded by air.
DUAL POWER SOURCES. A SINGULAR DRIVING EXPERIENCE.

Feel the adrenaline as lightning-fast electric motors and a powerful gas engine propel you to 60 miles per hour in a mere 4.7 seconds. It’s a difference you’ll feel instantaneously. The LC 500h is built on an advanced Lexus Multistage Hybrid powertrain—a 3.5-liter, 24-valve V6, powerful yet compact electric motors, and a self-charging, lightweight lithium-ion battery. Beyond an impressive EPA-estimated 34 highway MPG, the LC 500h delivers a thrilling response off the line and 354 total system horsepower. You’ll feel the rush of instant torque the moment you press the pedal—and seamless acceleration as the engine power and vehicle speed climb. Combined with the instinctive feel of a 10-speed transmission through magnesium paddle shifters, the impact of our most responsive, fastest and highest-performance hybrid will be felt through the entire category.
For those who dare to seek the extraordinary, the LC is crafted to capture your attention while stirring all your senses. A masterful, sleek silhouette shared by the coupe and the convertible. An available high-back sport seat that required more than 50 prototypes to achieve the ideal driving posture. And a total of 700 individual engineering checkpoints verified by two of our most skilled craftsmen to ensure no aspect of the driving experience was left to chance. Any sacrifice of design or performance was unacceptable. The feeling behind the wheel had to be as inspiring as the final form.

UNCOVER THE UNEXPECTED

From the striking lines of the coupe to the thoughtful details you'll discover in the first-ever LC Convertible, every element is designed to elicit a response from the driver.
ABSOLUTE PRECISION

An unwavering attention to detail, impeccable materials and countless hours crafting the LC—not just for how it feels, but for how it makes you feel.

No detail was spared when creating the LC. The precision-crafted steering wheel was developed by studying the contours of the human hand, measuring the distribution of palm pressure during circuit driving, then manipulating the cross section in order to achieve the ideal grip no matter where your hands are placed. Alcantara®-trimmed door panels with deep, flowing lines form a distinctive look and feel. And ambient illumination accentuates the bold contours and details throughout the cabin. The interior beauty of the LC is mirrored by the striking exterior. It boasts sleek triple-projector ultra-compact LED headlamps, stunning dimensional taillamps inspired by the dramatic glow of a jet’s afterburners, and flush exterior door handles—born from the Japanese spirit of hospitality known as omotenashi—that extend and illuminate as you approach.

Because craftsmanship means more than creating an exceptional finished product. It means creating a feeling that stays with you long after you finish the drive.
15-SECOND TOP RETRACTION

Opening or closing in approximately 15 seconds at driving speeds of up to 30 mph, the soft top can be stored without impacting luggage capacity. But its unique design doesn’t end there. To choreograph a retraction motion that’s as beautiful as it is functional, craftsmen tested more than 1,000 sequences before discovering the ideal motion.

ADVANCED CLIMATE CONCIERGE

The convertible’s advanced Climate Concierge with Upper Body Heating goes beyond simply integrating the heating and air conditioning systems with the heated steering wheel and seats. It also utilizes vents designed to direct air from behind the steering wheel toward the hands, and incorporates additional upper-body heating vents in the front seats to keep you comfortable in cooler weather.

AIRFLOW MANAGEMENT

Both the uniquely designed wind deflector and wind screen help aerodynamically tame the air around you. These noise reduction elements work together to create a tranquil interior, making conversation effortless, even at higher speeds.

ENHANCED ACTIVE NOISE CONTROL

In addition to the convertible’s lightweight, four-layer top construction that minimizes creaking and road noise, Active Noise Control can sense ambient noise within the cabin and counter it. Furthermore, Mark Levinson™ and Lexus engineers worked hand in hand to produce a custom soundscape for the convertible’s unique acoustics. They painstakingly optimized the interior listening environment, crafting a surround sound audio system that adjusts for the additional wind and road noise when the top is retracted.
CONNECT TO YOUR WORLD

With access to Android Auto, Amazon Alexa compatibility and much more, the LC helps keep you more connected than ever before.

Taking connectivity to the next level, thousands of the same functions you enjoy at home can now be seamlessly utilized from inside your vehicle. While Android Auto™ gives you access to a variety of messaging apps like WhatsApp, it also features the unique capability to anticipate and provide personalized information. In-vehicle Waze helps you confidently navigate by providing a preview of driving directions as well as arrival time. And the Lexus app empowers you to start your vehicle remotely with your compatible smartwatch. This is more than technology that connects you—it’s an extension of you.

LCh shown with Black leather interior trim
YOUR FAVORITE TECHNOLOGY, FRONT AND CENTER.

APPLE CARPLAY
With Apple CarPlay® integration, you can access the same familiar interface from your iPhone® through a 10.3-inch multimedia display. Simply connect your iPhone to get directions, make calls, send and receive messages via Siri®, and get access to your favorite apps like Waze, Spotify® and Apple Audiobooks.™

AMAZON ALEXA
Bring all the convenience of Amazon Alexa® on the road with the Lexus+Alexa® app. Using only your voice, you can easily access thousands of the same functions you get with Alexa at home. Listen to audiobooks, stream Amazon Music®, make bets, check the weather, get news briefings and much more. You can also use it to control compatible smart home devices® such as lighting, thermostat and security systems. Offering added-in-vehicle convenience, Alexa even syncs to your Navigation System® to provide on-the-go directions via the Waze® app on compatible devices.

ANDROID AUTO
With Android Auto™, you can now seamlessly cast your device’s interface onto the vehicle’s multimedia display. Play your music via your favorite apps such as Spotify®, and Pandora®, send messages through a range of commonly used apps like WhatsApp®, navigate with Google Maps® or Waze, and request information—all with just the sound of your voice—through Google Assistant®. For added convenience, Android Auto can also deliver tailored information based on your calendar, usage activity and habits.

MARK LEVINSON® AUDIO SYSTEM
While most audio systems are adapted to and installed in a vehicle after it’s produced, Mark Levinson® technicians work alongside Lexus engineers from the outset of the development process. That’s why the LC features a rich, dynamic, 13-speaker, 915-watt sound stage uniquely fitted to the cabin—and as pure as the performance of the vehicle itself.

DELIVERY AND TECHNOLOGY SPECIALISTS
To help you get the most out of these and other features in your new Lexus, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like FaceTime®. Learn more about these complimentary services at lexus.com/specialists.
PEACE OF MIND, STANDARD

Presenting Lexus Safety System+, an integrated suite of the most advanced active safety equipment ever offered on the LC.¹

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION
This system² is engineered to help detect a vehicle or a pedestrian in the path of your Lexus under certain conditions. Should it detect a potential frontal collision, it’s designed to automatically prepare Brake Assist³ for increased brake force and, in some cases, can even automatically brake the vehicle to a stop.

LANE DEPARTURE ALERT WITH LANE KEEP ASSIST
This system⁴ utilizes a camera to monitor visible lane markings. If an inadvertent or potential lane departure is detected, it’s designed to warn you and can take slight corrective measures. And, if Dynamic Radar Cruise Control⁵ is engaged, the system can even help you remain in the center of the visibly marked lane, helping to prevent drifting before it occurs.

ALL-SPEED DYNAMIC RADAR CRUISE CONTROL
This system uses radar and camera technology to help you maintain a preset speed and following distance from the vehicle ahead. Whether at highway speeds or in stop-and-go traffic, the system is designed to detect if you get closer than the preset distance and automatically slow your vehicle—even to a complete stop. If driving at highway speeds and the road ahead clears, your Lexus returns to its preset speed.

INTELLIGENT HIGH BEAMS
To help provide greater visibility for you as well as other drivers, Intelligent High Beams⁶ offer added illumination to help keep you focused on the road. When the road ahead is clear, the system defaults to high-beam mode, then temporarily switches to low beams when it detects the headlamps or taillamps of vehicles ahead.

LEXUS SAFETY SYSTEM +

1. LC shown in Ultra White.
LC STYLES

LC 500

Standard features:
- 471-horsepower V8 with 10-speed transmission
- Adaptive Variable Suspension
- Vehicle Dynamics Integrated Management
- Drive Mode Select with Sport S/S+ modes
- Active Sport Exhaust (LC 500, LC Convertible)
- Aluminum pedals
- Magnesium paddle shifters

Performance-inspired instrumentation, including G-meter
- Navigation System with 10.3-inch color LCD multimedia display
- Lexus Enform Safety Connect
- Included for the first three years of ownership.
- Lexus Enform Service Connect
- Included for the first 10 years of ownership.
- Lexus Enform Remote with Amazon Alexa and Google Assistant compatibility
- Included for the first three years of ownership.
- Lexus Enform Destination Assist
- Included for up to the first three years of ownership.
- Lexus Enform Wi-Fi
- Included for the first 10 years of ownership.
- Lexus app (Lexus Enform Remote, Lexus Drivers and more)
- Android Auto integration
- Amazon Alexa compatibility
- Dynamic Voice Command
- Included for the first 10 years of ownership.
- Lexus 12-speaker Premium Audio System
- Bluetooth and USB smartphone connectivity
- SiriusXM Satellite Radio
- Dual-zone climate control with Climate Concierge
- Power soft top
- Comprehensive underbody bracing including rear-suspension tower and V-brace
- Active roll bars
- Six airbags
- Intuitive Parking Assist
- Wind deflector
- Wind screen
- Enhanced Active Noise Control
- Rear-seat-mounted speakers
- Mark Levinson Surround Sound Audio System
- with polished finish and Gloss Black accents
- 21-inch staggered-width split-five-spoke forged alloy wheels

LC 500h

Includes LC 500 features, and adds or replaces:
- 354-total-system-horsepower Lexus Multistage Hybrid Drive
- 21-inch staggered-width 10-spoke forged alloy wheels with Dark Graphite finish
- Blind Spot Monitor with Rear Cross-Traffic Alert
- Intuitive Parking Assist
- Climate Concierge with Upper Body Heating (LC Convertible)
- Embossed headrests (LC Convertible)

LC 500 Convertible

Includes LC 500 features, and adds or replaces:
- Power soft top
- Comprehensive underbody bracing including rear-suspension tower and V-brace
- Active roll bars
- Six airbags
- Intuitive Parking Assist
- Wind deflector
- Wind screen
- Enhanced Active Noise Control
- Rear-seat-mounted speakers
- Mark Levinson Surround Sound Audio System
- with polished finish and Gloss Black accents
- 21-inch staggered-width split-five-spoke forged alloy wheels

LC 500 Convertible Inspiration Series

Includes LC 500 Convertible features, and adds or replaces:
- Structural Blue exterior paint
- Bespoke Amalfi White semi-aniline-leather-trimmed front seats with embossed headrests
- 21-inch staggered-width split-five-spoke forged alloy wheels with polished finish and Gloss Black accents
- Mark Levinson 13-speaker, 915-watt Reference Surround Sound Audio System
- Torсен® limited-slip rear differential and Yamaha performance dampers
- Heated leather-trimmed steering wheel
- Climate Concierge with Upper Body Heating
- NuLuxe headliner
- Carbon fiber scuff plate with Inspiration Series inscription
- SmartAccess keyless entry system
- Windshield wiper de-icer

PACKAGES

ALL-WEATHER PACKAGE

Heated leather-trimmed steering wheel
Windshield wiper de-icer
Fast-response electronic interior heater (LC 500h)

TOURING PACKAGE

Includes All-Weather Package features, plus:
- Semi-aniline leather-trimmed front seats
- Alcantara® headliner (LC 500, LC 500h)
- Mark Levinson® 13-speaker, 915-watt Reference Surround Sound Audio System
- Intuitive Parking Assist (LC 500)
- Climate Concierge with Upper Body Heating (LC Convertible)
- Embossed headrests (LC Convertible)

SPORT PACKAGE (LC 500, LC 500h)

- A Carbon fiber (shown) or glass roof
- B Sport seats with Alcantara inserts
- Torсен® limited-slip rear differential and Yamaha performance damper (LC 500)
- 21-inch staggered-width 10-spoke forged alloy wheels with Dark Graphite finish or 21-inch staggered-width split-five-spoke forged alloy wheels with polished finish and Gloss Black accents
- Performance brake pads
- Intuitive Parking Assist

DYNAMIC HANDLING PACKAGE (LC 500, LC 500h)

Includes Sport Package (with carbon fiber roof), and adds or replaces:
- Torсен® limited-slip rear differential (LC 500h)
- Active Rear Steering
- Variable Gear-Ratio Steering with Vehicle Dynamics Integrated Management (VDIM)
- Speed-activated rear wing
- Alcantara® headliner
- Carbon fiber door scuff plates
- 21-inch staggered-width split-five-spoke forged alloy wheels with polished finish and Gloss Black accents

OPTIONS

- Torсен® limited-slip rear differential and Yamaha performance damper (LC 500, LC 500 Convertible)
- Head-Up Display
- Mark Levinson® 13-speaker, 915-watt Reference Surround Sound Audio System
- Intuitive Parking Assist
- Carbon fiber door scuff plates
- 20-inch staggered-width 10-spoke forged alloy wheels with Dark Graphite finish
- 21-inch staggered-width split-five-spoke forged alloy wheels with polished finish and Gloss Black accents

DISCLOSURES

All warrants are voided without the written consent of your Lexus dealer for defects.

1. Engine block is also covered for 7 years/100,000 miles or 10 years/150,000 miles, whichever comes first. Only if equipped with the engine block.

2. Structural components: example includes the frame, body and related chassis parts, which are warranted against any perforation or rust-through as a result of manufacturing defects or holes, or any rust-through due to defects in materials or workmanship, for 5 years/100,000 miles, whichever comes first. All coverage is voided without the written consent of your Lexus dealer for defects.

3. Warranty is voided without the written consent of your Lexus dealer for defects.

4. Warranty is voided without the written consent of your Lexus dealer for defects.

5. Warranty is voided without the written consent of your Lexus dealer for defects.

6. Warranty is voided without the written consent of your Lexus dealer for defects.
