Have you experienced the ride of a lifetime?

From the lavish comfort of America’s most spacious luxury sedan, time has a way of standing still.

From bustling urban center to softly rolling landscape, this is travel as it was meant to be, and still is, in the elegant 2009 Lincoln Town Car.

*Traditional Full-size Luxury Car class.*
SUCCESS HAS A SHAPE. THE 2009 LINCOLN TOWN CAR. SCULPTED, CHROME WATERFALL GRILLE. CHROME OR MACHINED-ALUMINUM WHEELS. ANCHORED BY THE RESOLUTE LINCOLN STAR. WITH TWO MODELS TO CHOOSE FROM, SIGNATURE LIMITED AND SIGNATURE L, TOWN CAR REMAINS AN AMERICAN ICON.
The power of presence. Wherever you travel. Available all-season white-sidewall tires add to Town Car's distinguished rear-wheel-drive presence. Another distinctive trait, Town Car has the largest trunk in its class, with a generous capacity of 21.0 cu. ft.
THE POWER OF EIGHT. A supremely smooth 4.6L V-8 engine, with 239 hp and 287 lb.-ft. of torque, is at the heart of every 2009 Lincoln Town Car. With Flex Fuel capability, it even provides the power of choice at the pump: E85 or gasoline. Town Car can operate on E85 (85% ethanol/15% gasoline), gasoline, or any combination of the two. As you drive, an advanced Powertrain Control Module determines the ethanol/gas mixture and automatically adjusts for optimum performance. A 4-speed electronic automatic overdrive transmission delivers precise shifting, while a sophisticated electronic engine management system determines optimum shift points for maximum fuel economy.

AN UNRUFFLED TRAVELER. Town Car’s legendary reputation as a velvety ride stems from the solid foundation of its full-length frame. Up front, hydroformed frame rails optimize the positioning of its independent-suspension components for enhanced handling and responsive steering. Monotube shock absorbers react quickly for precise control, while front and rear stabilizer bars help keep the vehicle level through the corners. And even at low speeds, Town Car lends a hand. While parallel parking, for instance, its power-assisted rack-and-pinion steering makes it easy to turn the wood and leather-trimmed steering wheel. At highway speeds, the steering system’s limited assistance ensures even inputs.
Delight your fingertips. Engage your soul.

Conveniently located buttons on the leather- and wood-trimmed steering wheel let you adjust your audio, climate and cruise control systems with ease. Welcome to cruising at its best. Lincoln Town Car.
sets you, and five of your closest friends, completely at ease. American walnut burl wood, satin-nickel accents and premium leather-trimmed seats create a sophisticated atmosphere. Best-in-class front-row head, shoulder and hip room, as well as rear-seat shoulder and hip room, make its best even better.
Perfectly packaged to achieve your desires.

8-way power, leather-trimmed heated front seats.
Heated rear seats in Signature L. power-adjustable brake and accelerator pedals. Even a full-power trunk lid.
In Lincoln Town Car, you’re fully powered to succeed.

Your personal soundtrack. Thanks to a convenient in-dash CD changer, the Lincoln Soundmark® Sound System holds up to six of your favorite CDs. So load them up and take a relaxing musical journey any time you’d like. Standard on every Town Car, this powerful system pushes 180 watts through nine speakers for a full-bodied audio adventure. Straightforward, easy-to-use controls make quick work of choosing a new track or calling up your favorite station.

Your comfort zone. The driver and front passenger enjoy special privileges when it comes to comfort in Town Car. In addition to standard heated front seats, the driver and front passenger both have the ability to dial in their own specific temperature settings on the Dual-zone Electronic Automatic Temperature Control. They are then free to sit back and relax as it’s automatically maintained. Customized comfort. Lincoln luxury. Everywhere you go.
5 STARS IN ALL FIVE CATEGORIES, SEVEN YEARS IN A ROW. Lincoln Town Car is the first automobile ever to receive the government’s highest 5-Star crash test rating in all five categories—an achievement it has garnered for seven years in a row (2003–2009). In the event of certain frontal impacts, Town Car responds quickly by engaging the Personal Safety System® to control safety belt tension as well as the energy deployment level of the dual-stage front airbags. In certain side-impact collisions, Town Car’s front-seat side airbags for the driver and right-front passenger, and the side-intrusion door beams located in all four doors, enhance occupant safety.

MANEUVERING MASTERY. Every Lincoln Town Car is equipped with 4-wheel disc brakes and an Anti-lock Brake System (ABS). During hard braking, ABS electronically “pumps” the brakes multiple times per second to provide greater steering control precisely when you need it most. All-Speed Traction Control improves traction on loose or slippery surfaces by using a combination of braking and engine control to reduce wheel spin and help you maintain your composure.

“Star ratings are part of the U.S. Department of Transportation’s Safercar.gov program (www.safercar.gov).”
